This celebrated medicine for all family ills has an immense sale from all parts of the Dominion and Newfoundland and its merits are such that every family should have a bottle handy in case of sudden sickness.

The London Advertiser, in an example for Ontario to follow, "It seems", says The Montreal Herald, "as though Quebec is leading the other Provinces in all good works."

"A law that gave us 8,000 fewer drunks in Toronto last year than we had in 1914, although we have 40,000 more population, is worth keeping," says The Toronto Star, "But the number will decrease by at least 2,000 if the electors will vote to stop the inflow of liquor from Quebec."

NERVOUS PEOPLE
NEED A TONIC

Dr. Williams' Pink Pills Enrich the Blood, Thus Increasing Your Nervous Energy.

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession, often have great trouble in finding relief. Irritation, headache, sleeplessness, nervous indigestion. All these discomforts make life miserable but are endured rather than run a doctor's bill.

Such sufferers should know the danger of such a condition, which, if allowed to persist, may result in a nervous breakdown. In this condition what is needed is rich, red blood.

As a tonic for the blood and nerves Dr. Williams' Pink Pills have been used with much success. They have a direct action on the blood, and through it carry to the nerves the elements needed and set on this normal function, the same time improving the general health.

The benefits that follow the use of Dr. Williams' Pink Pills is shown by the case of Mrs. Norman Seifried West Montrose, Ont. who says: "It would be hard for me to overstate the benefit I have derived from the use of Dr. Williams' Pink Pills."

Before I began taking the pills I was very nervous, weak and run down. I could hardly do my work, and as there is a great deal of work to do about a home on a farm, I felt very much discouraged. One day while reading a news paper I saw an advertisement of Dr. Williams' Pink Pills and decided to give them a trial. I could not notice beneficial effects after taking a box of the pills, and by the time I had taken a few boxes, I could again do my work with ease, was no longer weak or nervous, slept well at night, and awoke in the morning feeling well and strong. I am happy to say that the pills so greatly benefitted me."

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail on receipt of 50 cents a box or \$2.50 for six boxes by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Although the styles of men's clothing will be more conservative for spring, there will be little change in trousers pockets, as usual.

THE NEW LIQUOR COMBINE

(From Yarmouth Light)

The Nova Scotian Government has appointed a Commission to sell liquor in the Province of Nova Scotia. This is known as the Vendors Commission, and the sum to be spent in salaries alone is \$12,000. In addition the commission has power to rent buildings and employ a staff to carry on a wholesale liquor business. We understand that already a buyer has been secured at a salary of \$2,500. Judging from the salaries given to the members of the commission the government expects big profits from the scheme.

The idea of the Referendum was to curtail the liquor traffic in the province, but evidently there is to be no curtailment but a generously paid control. Obviously the temperance forces of the province will not be satisfied with this. That the government anticipates little curtailment in the business is a self-evident fact. The teachers of the province are miserably underpaid and the government states that the revenue of the province is too small to increase teachers grants. Yet it can pay \$6,000 salary to a chairman of a commission to control a business which was supposed to have been put out of business last Fall. If it takes over \$15,000 to control a business that is not supposed to exist in a province, what must it take to build a road from Halifax to St. Margaret's Bay, which has been practically washed away during the winter? These problems are to great for us but the wise men at Halifax are adept at getting blood out of a turnip.

Some mercy on your poor old car, the statute framers showed; it's better stored in your garage, than bogged out on the road.

SATEFY FIRST

(From Pulp and Paper Magazine.)

An Oklahoma editor tells of an old Indian that came into this office to subscribe for the paper. The editor took the money, then the Indian wanted a receipt. The editor tried to talk him out of it. Mr. Indian insisted on getting the receipt.

After making it the editor wanted to know why he was so persistent about wanting a receipt. The Indian said, "Me die some time. Go to big gate and Saint Peter ask if I been good Indian. I say yes. He say did you pay debts? I say yes. He say did you pay editor for paper? I say yes. He say, where is receipt? I no have it. I have to run all over hell to find you and get receipt."
