

Anniversary of June Snow Storm of 1816

Speaking of the weather—and who is not interested in that subject?—today is the anniversary of the great June snow storm of 1816—the year that had no summer. Canada, the Maritime Provinces, Maine, Vermont, Massachusetts and parts of New York, Pennsylvania and Connecticut were covered by a mantle of snow several inches deep. In parts of Canada and Vermont the snow fell to a depth of nearly a foot.

Nor was that June fourth blizzard the last of that memorable year. On the seventeenth another snow storm came, and it is reported that several people were frozen to death.

Only brought little relief from the cold. On the fourth of July ice a quarter of an inch thick formed in New England, Canada, and some sections of New York and Pennsylvania. August was even worse. In many places that month ice reached a thickness of half an inch. The first two weeks of September brought something resembling summer weather, but it did not last long. The last two weeks of September and all of October were wintry and cold, but the year was brought to a close by remarkably mild December weather.

That the earth or the sun were cooling off were the favorite explanations to account for that summerless year. This theory was all the more firmly held because the phenomenon seemed to be general and extended to Europe as well as America. Snow fell near London in August and in France all the crops except potatoes, were destroyed by the cold. In America the crops were also very scant, and a famine was escaped by only a narrow margin.

The Supreme Test of a Healing Agent

Poriasis or Chronic Eczema Defied All Treatment Until Dr. Chase's Ointment Was Used.

After suffering with the terrible itching of Poriasis for five years, and being told by physicians that she could not be cured, Mrs. Massey turned to Dr. Chase's Ointment and was entirely cured.

You will find this letter interesting, and will not wonder that the writer is enthusiastic in praising this ointment.

Mrs. Nettie Massey, Connell, writes: "For five years I suf-

fered with what three doctors called poriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 I would keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough.

Can you imagine a more severe test for Dr. Chase's Ointment? This should convince you that as a cure for eczema and all forms of itching skin disease Dr. Chase's Ointment stands supreme. Put it to the test, at a box, all dealers, or Edmansons, Bates & Co., Limited, Toronto.

ANY DYSPEPTIC CAN GET WELL

By Taking "Fruit-a-lives" Says Capt. Swan

Life is very miserable to those who suffer with Indigestion, Dyspepsia, Sour Stomach and Bilio-ness. This letter from Captain Swan (one of the best known skippers on the Great Lakes) tells how to get quick relief from Stomach Trouble.

PORT BURWELL, Ont., May 8th, 1915.

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by Constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken "Fruit-a-lives" and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that "Fruit-a-lives" have helped me greatly. By following the diet rules and taking "Fruit-a-lives" according to directions, any person with Dyspepsia will get benefit."

Amherst Man's Exciting Experience

Mrs. Chubbuck, Amherst, N. S., has a letter from her son, Robert, written from "a place in France," under date of April 28th. He had been through the thick of the big fight before Ypres. "The Canadians were a mile in advance of the French troops during the fight. When the shells started coming over our heads, towards the automobiles, we decided that the convoy would be ordered to move. Sure enough, on returning all the trucks were gone except the one in charge of myself and a friend, and we had to make two trips with the Belgian wounded and one with various things which had been left. It sure was dandy and exciting running up and down the road that was being shelled. Got off without a scratch."

Good Wishes for The Victoria Observer

The advance issue of the Victoria Observer, which is a new weekly paper to be published at Perth, N. B., has made its appearance. The regular publication will begin in something like three weeks. For a time the paper will be printed in Hartland but later will be established in a printing office of its own in Perth. The originator and owner of the paper will be Fred H. Stevens of Hartland, who has so ably conducted The Observer in that town for some years past. Mr. Stevens is a born newspaper man, and can be trusted to make matters in the journalistic line hum in Perth and vicinity when he gets to going there.—Fort Fairfield Review.

Buried at Oak Point

Interment took place at Oak Point on Tuesday of Rev. Joshua N. Barnes, a well known Baptist Minister, who died during the

winter and whose remains were then placed in the receiving tomb at Fernhill. The body was accompanied to Oak Point by deceased's son, Daniel Barnes, his wife, and Rev. Gideon Swim, who conducted the burial service, assisted by Rev. Mr. Harvey, Baptist minister at Oak Point.

NEW PRICES ON BUTTER PAPER

The vegetable parchment used in making butter wrappers is a German product and none has been imported since the outbreak of the war. The old stock is now gone, what little that remains being held at a high premium. One Montreal importer has written us as follows: "In regard to vegetable parchment we are sorry that the best we can offer you is American stock at—per ream. This is very much in excess of what you last paid, in fact it is 100% increase, but as we are unable to get a supply from Germany there is no standard in value of parchment today. It is just how much one can get, not how much one can pay."

All the available stock is that made in the United States. It is a good article but costs more than the European make and on it we have to pay a duty of 32%.

In view of this all published prices are hereby cancelled and we quote the following new prices:

Wraps for pound prints, printed "Dairy Butter," and with name and address of the maker—	
1000 for	\$2.65
500 for	1.65
250 for	1.05
100 for	.55

The price includes postage, which will be deducted on orders delivered directly from The Observer office.

The law compels the use of printed butter wraps and recommends that the name and address also should appear on the wrap. Written wrappers do not comply with the law at all.

We can send printed butter wraps having only the words "Choice Dairy Butter" at the rate of 25 cents per 100.

Send all orders to—

How to Paint for Less Money

We'll tell you how in three words—use less gallons. That's the thing to go by in Paint—not the price per gallon, but the number of gallons required plus the length of time it will wear and look well.

"100% Pure" Paint costs about half as much, counting the surface it covers, and wears two or three times as long as ordinary paint.

You pay by the gallon—both for the paint and for putting it on. The Paint that is cheapest for you is the paint that spreads easiest and covers the most surface.

MARTIN-SENOUR
"100% PURE" PAINT

"MADE-IN-CANADA"

has a covering capacity of 900 square feet of surface per gallon one coat, as against 500 square feet covered by hand-mixed Lead and Oil—or 600 square feet covered by low priced prepared paint.

And as further proof—if you will send us the dimensions of your home, we will tell you the number of gallons of "100% Pure" Paint required to cover it thoroughly. No charge for this service.

Black, little white in forehead and both hind fetlocks white. Foaled May 24, 1908, bred by Alexander Morton, Darvel, Ayrshire, Scotland. Imported in dam August, 1907, by T. H. Hassard, Markham, Ont., and foaled the property of R. M. Holby, Manchester, Ont. His sire was Westfield Polonium, 0968, which was reckoned one of the finest in the old country. His dam, Equita, 066 (1730), was by Ruby, the champion harness hackney of Great Britain, and his road record of 2:36 has never been beaten.

R. M. Holby gives the following:

"This is to certify that the Hackney horse owned by E. T. Shaw of Hartland, Polonium, imp. 698, and when foaled was my property and he has never changed hands until sold to Mr. Shaw. He is of beautiful action, kind and gentle, and weighs about 1200, and has proved himself a sure producer of good colts."

Polonium will stand at the owner's stable at Hartland for the present.

Terms of service: Twelve dollars to ensure colt. All mares at owners' risk. All mares disposed of considered with foal unless proven otherwise.

Parties desiring to breed to this horse may either call or ring Farmers' Line 20-25 and make arrangements.
