10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Pretty Women Prefer Plain Walls

Why? Because walls of solid shades provide better backgrounds for beautiful faces, figures and frocks than those which are "cluttered up" with intricate wall-paper patterns.

One important reason for the rapidly-growing popularity of

FRESCO-TONE

The easily applied, artistic wall finish

is that artistically-inclined women have discovered how well it sets off their beauty and that of their dresses, pictures, curtains, and furniture. Its soft, velvety, colors, may be selected to harmonize with any style of furnishings, and, being non-fading and washable, Fresco-Toned walls preserve their original beauty for many years.

And the most gratifying fact of all—to many women—is that Fresco-Tone, in spite of its superiority, costs less than ordinary qualities of wall-paper.

For beauty, cleanliness, durability and economy, use Fresco-Tone.

C. R. DeWITT, - - - Hartland

our local agents, will give you suggestions for color schemes and supply you with genuine Fresco-Tone.
