## EMPIRE DAY DULY CELEBRATED

Greater Interest Should Be Shown by the Parents and Citizens in General

Empire Day—May 23—was fittingly celebrated by the school but there was only comparatively few in attendance to enjoy the very excellent program that was prepared by the teachers and pupils. It was truly regrettable that among those in attendance there were none to pass a vote of thanks or speak a word of commendation for the excellent work accomplished by the pupils and the pains taking endeavor by which the teachers have done their duty. Following is the program:

Chorus: We'll Never Let the Old Flag Fall, School.

Welcoming Speech, Fred Dickinson, Grade I.

Lesson on the Flag, boys of Grade III and IV.

Recitation: This Canada of Ours, Irene Barber, Grade V.

Musketry Drill, Cadets.

Solo and Chorus: I Love You, Canada, Elizabeth Hayward and School.

Flag Exercise, 6 boys from Grade I.

Recitation: In a Child's Small Hand, Mildred Lipeett, Grade III.

Flag Drill: Girls of Grades III and IV.

Recitation: My Country, Harold Day, Grade I.

Chorus: Soldiers of the King, School.

Recessional: Grades VII and VIII.

Exercise: See My Flag, Girls of Grade II.

Fancy Flag Drill: Older Girls.

Presentation of Observer Medal by Mr. Richardson.

Speech: British Empire by Mr. Hayward.

Flag Salute, by the School.

God Save the King.

In addition to the foregoing staff report Mrs. E. S. Miller, who was an interested visitor at the proceedings contributes the following report and critique:

"The day was worthy of our memory. The children were well-trained and presented a beautiful spectacle to the eye in their flag-drills and with their patriotic speeches. Great credit is due to our excellent staff of teachers. The only blot on the landscape was the sinister speech of M. L. Hayward, insinuating, prophesying, that 50 years hence Canada might possibly be divided and the western provinces annexed to the United States. He said the Yankees always took the flag with them, and as in Cuba and the Philippines, so it might be in Canada. He said the British Empire was not the Empire of 1914, for England had lost her best sons, and England is heavily in debt to the United States. 'True—she lost her best, but not all. She still has men who have red blood in their veins. If it is published in some newspaper that annexation with the United States is one of our problems, it is probably written by some milk-and-water politician for something newsworthy that would bring a dollar or two for the article—and not written by a patriot.

"The real reason advanced for for-

saking our English King and Country was 'debt and the loss of our best'.

"What worthy child will disown his father and mother when they are old and have lost other children by death because it costs money to keep them?"

"I want to say that every loyal British subject is proud to help pay the debt that Britain incurred in trying to save the world from the menace of might without right, and of culture without God, and to stand by until the morning dawn and the day-star appears in the east. Sometimes we do feel that our government grafters get more than their share.

"Remember that the west gave a greater proportion of their sons to the war than did the east. That does not indicate 'annexation'. Remember talk is cheap; and that when a man is willing to do for his country even to death—that is the quality of real manhood we expect in Canadians.

"True, Mr. Hayward did say that England remembered Nelson and his great patriotism by keeping a wreath of English roses fresh on his grave every day."

## FIRE DESTROYS FINE BARN

Property of Frank Hayden on Waterville Road Lost on Friday

About 12.30 on Friday afternoon the fine large barn owned by Frank Hayden on his beautiful farm on the Waterville road was discovered to be enveloped in flames. Although the building was situated some distance from the house the wind carried the cinders directly to it and all efforts had to be concentrated towards saving the latter building. The house was saved only by the sudden change of the wind and the coming of a shower.

Many autos loaded with men went from Hartland and came from the surrounding country and the men rendered good service.

A second barn, adjoining, was also destroyed. The two were among the finest barns in Carleton county, and when the larger one was built 30 years ago by the late C. A. Simonson it was said to have everything in the county beaten. At the time of the fire a large part of a good equipment of farm machinery was also burned, as were two tons of fertilizer, fifty bushels of wheat, fifteen bushels of buckwheat, and about five tons of straw. The loss of the seed grain and fertilizer was particularly hard just at this time. There was a small insurance compared with the heavy loss.

His Lordship Here Tonight

His Lordship Bishop Richardson will hold confirmation service at Holy Trinity at 7.30 this evening. There will be six or seven in the class. The public is generally cordially invited to hear the gifted and eloquent divine in his address to the candidates. A special feature of the service will be an anthem by the choir.

Yesterday Rev. and Mrs. W. P. Haigh, Mrs. J. W. Montgomery, Mrs. A. B. Curtis and Mrs. H. W. Annett motored to Woodstock.

## NEW CEMETERY ASSOCIATION

Will Be Formed to Take Over, Extend, Beautify and Care for Greenwood

Following the meeting of the committee appointed by the Town Council to investigate matters pertaining to Greenwood Cemetery, another meeting was held on Monday evening at the office of H. H. Hatfield. Those present were: Ald. R. B. Hagerman, R. J. Potts, William Curtis, J. J. Keswick, G. B. Nixon (representing the Reformed Baptist Church), J. E. McCollom (representing the Methodist), Fred H. Stevens (representing the Anglican). A. F. Campbell selected to represent the United Baptists was unavoidably absent.

The minutes of the last meeting were adopted, and G. B. Nixon reported that the Reformed Baptist church voted to turn over all the lots in the cemetery which they held to any new organization that would be properly formed to care for the cemetery. This generous offer was accepted by the committee for consideration by the new association.

R. L. Potts reported that he had failed as yet to see Geo. F. Burt with regard to land adjacent, which it is hoped may be secured; that Charles Bradley committed himself to the promise to sell a certain piece of land if needed to square the cemetery for the sum of \$40 and a reserved lot.

For the McMullin property on the south side Mr. Potts reported that the price asked was \$2400.

On motion the report of Robert J. Potts was received and he was given an extension of time to complete further arrangements. On motion R. L. Potts, G. B. Nixon, J. E. McCollom, A. F. Campbell, and Fred H. Stevens were constituted the provisional directors to proceed with the work of organizing under the Joint Stock Company to take over and care for Greenwood Cemetery. To this committee H. H. Hatfield was added on motion of Fred H. Stevens, while J. E. McCollom moved that the town council be asked to name one of their number to be on the committee, making a total of seven. Of this committee, R. J. Potts is chairman and Fred H. Stevens secretary-treasurer.

The secretary was instructed to get into immediate touch with similar organizations in other New Brunswick towns and elsewhere, to secure information as to how they carried on this work. It was decided that the committee as a whole should meet last evening at 7 o'clock at the cemetery to look over the present site, and as nearly as possible secure data up on which to work.

BASE BALL MATTERS

The local base ball team is being re-organized and are ready to accept challenges from surrounding towns. Some good games are looked for within a few weeks.

R. C. Gulliver, C. P. R. operator, is in town today. He is being transferred from Edmundston to Benton.

## The McLaughlin-Buick Disc Clutch is the Great War Tank Clutch

These monstrous, powerful Buick war tanks plowing their way through swamp and forest—over brush, embankment and shell holes—mastering their way through every obstacle—inspired above all things a clutch absolutely positive, dependable, and easy to operate.

This is the clutch that is used in McLaughlin-Buick cars. It provides the same certainty and safety either for ordinary service or unforeseen emergency.

This disc clutch is a development of twenty years of consistent effort. Bomb was not built in a day—neither is a perfected clutch.
