

"I HAVE PROVED"

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Bonin of West Arichat, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it."

"In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

Zam-Buk is equally good for all skin injuries. All dealers 50c. box.

The REVERE—No. 1962

It is made of Simmons Seamless Square and Rectangular Tubing throughout. Easy running casters. Your choice of Double Width and Twin Pairs—and especially pleasing in Twin Pair.

Has the Simmons Patented Pressed Steel Noiseless Corner Locks.

Enameled in Ivory, the Decorative Colors, and Mahogany, Oak and Circassian Walnut effects.

In Color Harmony with Your Dresser and Chiffonier

Beautiful Hardwood Effects Enameled on Steel Beds—see the New Designs by Simmons Limited in the Leading Stores.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say About Separate Beds and Sound Sleep. Free of charge."

THIS will be a new thought to you—Hardwood Effects enameled on a steel bed.

The whole idea is new. Impossible heretofore, until Simmons Limited invented its new Seamless Steel Tubing, and opened the way to really good design in metal beds and a perfect finish that admits of exquisite enameling in Decorative Colors and Hardwood Effects.

Now you can go to any of the leading merchants here in the city—select from perhaps a dozen charming designs, enameled in Mahogany, Oak or Circassian Walnut—or if you prefer, in Ivory or Colors.

The range of patterns is so great that you will find beds to harmonize with antiques and "Period" pieces.

SIMMONS Limited has been working on the problem of good design in metal beds for years.

But old-style tubing has a seam running the full length of the tube. It cannot be worked into the shapes. It is apt to be rough—does not take the enamel smoothly.

All these new designs are made with the Simmons Seamless Steel Tubing—a new invention of the greatest practical importance.

Square and trim—free from joints, seam and roughness. Beautifully smooth, so that

the enamel lies tight and evenly all over—does not scratch, check or chip.

YOU will find these fine new Simmons designs in Beds Built for Sleep in the leading stores. Quiet beds, with the Simmons Patented Steel Corner Locks—free from squeak or rattle.

Your choice of many different patterns—and of Twin Pairs and Double Width in each pattern.

Simmons Springs, too—
"Waldorf" Box Spring—Composed of finest oil-tempered double-cone spirals, mounted on a frame of seasoned hardwood and upholstered with heavy layers of white cotton felt. Covered with attractive ticking. Finished with roll edge. A spring that really does give freely to all the contours of the body, yet supports the spine in any sleeping position.

And some very charming Brass Beds and Children's Cribbs, together with Simmons Mattresses and Pillows—all built for sale by Simmons Limited.

SIMMONS Beds, Springs, Mattresses and Pillows cost little if any more than the ordinary merchandise of the average store.

A post card to us will bring you the names of Simmons merchants near your home.
