them. The Indians won out in the final inning, 6 to 5. At Providence—The Grays and Royais split even in their doubleheader, the first going to the home team, 3 to 0, and the second to the visitors, 2 to 1. Both games were close. The Grays won the first by better stick work, and to the same cause the victory of the visitors in the second can be attributed. At Baltimore—Baltimore and Buffale each won a game. The Bisons had a picnic with Dessau?s curves in the first game, and slammed the ball to all cor-ners of the lot, winning easily. Vowinkle kept the local hits well scattered. Score, 10 to 3. The Birds won the second by opportune hitting. Kissinger lasted only three innings. Adkins pitched a Score, 6 to 1.

## **TORONTO CLUBS** MAKE CLEAN-UP.

## Wen Majority of Events in Canee Championships.

Toronto, Aug. 9 .- For the first time in the history of the Canadian Canoe As-

in the history of the Canadian Cance As-sociation, the championship regatta was held this year on Toronto Bay og Satur-day afternoon, and to celebrate the co-casion, the local clubs grabbed nearly all the honors in sight. In eight out of the cleven events, the city clubs crossed the line first, and only one other of the sixteen outside clubs represented will go home with medals. New Edinborough was the fortunate visitor and won out in the senior and junior singles, also managing to defeat the crack Parkdale crew in one of the war cance races. Wea-ther conditions were almost ideal, in spite of the heat, for there was not en-ough breeze to interfere with even the lightest craft. It was thought that Charlie Riddy, who has been going strong this year.

ough breeze to interfere with even the lightest craft. It was thought that Charlie Riddy, who has been going strong this year, would wreat the senior championship from Merrill, of New Edinborough. Last year's champion proved too strong for the local speeder, however, and had pretty much his own way. He was never present and came in with a good representative of the Eastern club, had a harder proposition in Clark, of Park-dale, in the junior event. Clark chased him all the way, but could not catch him, and Bangs finished with a good margin.

Baturday was one of the quietest days in masteur basechall this year. Only two games were played, and the strendance was not as large as usual. The only game of a victory for the Broadviews they thought it unnecessary to attend. They were not deceived, however, as the Broadviews easily won from the Bay-sides by a score of 0–3. The result will make another tie with the Alerts, and the deciding game will be played next Saturday. There is much speculation as to the result, and the fans seem to be divided in their opinion. They downed the Shamrocks at the Island on Satur-day by 12 to 5, in a game in which they clearly demonstrated their superiority. The Indians' two bad beatings by the Torontos seem to have dome them a world of good. No team ever worked more faithfully to be fit and ready than did the Tecumsehs for the game with Shamrocks Saturday. All last week, in the hot sun, they worked out on their field at the Point, taking full advantage of the absence of the ball team to play overtime in practice. They ate the Irish alive, and showed form which, if it can be retained, will about innd them the championship again. After the first quarter they got along in their old-time stride, and the Shamrocks were uttrily powerless to stop them. Both on at-tack and defence they outpiged the Irishmen. They have no more games un-til the 21st inst, when they go against the Torontos at Hanlant Point. The in-tervening two weeks will be put in get-ting ready to trim the blue and white warriors from Scarboro' Beach. Bine Labels defeated the Quicksteps by a score of 7-5. For youngsters they certainly put up a remarkably fast game, and if their elders do so good there will be no kick coming. Some of the catches they made were creditable to any team, and the classy way in which they handled themselves when making a hard catch was much ad to any team, and the classy way in which they handled themselves when making a hard catch was much ad-mired. The Blue Labels got three in the first three innings, but it was in the fifth that the game was won. The Blue Labels scored three runs, all on safe hits. The best the Quicksteps could do was to get two runs in the fourth, and outside of that never looked like winners. Christie Broome, for the winners, was the twirler, and the way he solked the ball over the plate made the opposing batters shiver with fright. "Christmas" had benders of every as-sortment, and he knew how to use them. "Injin" Jamieson caught in regular war-like style, and was handy at the bat. Cohen on short was the best fielder. He stopped some hard liners. Mulholland in right also was good. He caught one or two difficult flies on the bounce. For the losers "Zilp" Stewart, the pitcher, was off color, and had it not been for the good support he received the score would have been work here. The
