## TWO MILLIONS STARVING IN CHINA

### An Alarming Report as to Famine Conditions Among the Chinese: Half a Million Dollars Needed at Once.

Washington, Feb. 10.—Unless relieved, 2,000,000 people in China will die of starvation predicts American Consul-General Wilder at Shanghai, in a cablegram today to the American National Red Cross Society. He appeals for quick assistance for the suffering people, and says that a half million dollars is needed immediately. There will be no crops until the last of May, and Chinese relief is inadequate. The scenes in the famine district are

horrifying. Children are being given away by the afflicted people. Dead lie by the roadsides and the misery of the sufferers is being increased by severe cold and snow. The famine area stretches over a territory of 300 to 150 miles, close to the plague district. The Shanghai relief committee, which has been formed to alleviate the conditions of the starving inhabitants, is trustworthy, the Consul-General adds.

## AGED BY ASSAULTED NEWCASTLE STREET

### In Broad Moonlight, and Early in the Evening—Rescued Just in Time to Prevent Most Serious Consequences.

Between nine o'clock and half past nine on Saturday evening, in the bright moonlight which was almost as light as day, Mrs. Harvey Phinney, here from the West on a visit to her sister, Mrs. T. W. Crocker, was, while taking a short walk around the block, assaulted on the Opera House lane by a young man apparently very much under the influence of liquor. The villain had followed her down King street, and into the lane, and as she stood aside to let him pass he pushed her off the sidewalk, knocking her down into the snow, and brutally assaulting her while Mrs. Phinney was bravely defending herself in spite of his efforts to smother her cries. Miss Jean Allen, who was passing near, discovered what was going on and called a neighbor, Miss Gifford,

who immediately ran to Mrs. Phinney's assistance, the brute retreating quickly. Mrs. Phinney was escorted home by Miss Gifford and was nearly exhausted. She has since been confined to her bed with nervous prostration due to the attempted outrage. Had rescue been delayed the result would probably have been fatal. Mrs. Phinney, although much younger in appearance, is about seventy years of age, and came east to recuperate her health. Although badly shaken up she is in a fair way to recover her usual strength.

From the lady's description of her assailant, suspicion fell upon Patrick Carroll, aged twenty years, and he was arrested yesterday and lodged in jail.

## JAS. H. WILBUR

### Prominent Western Hotel Keeper Dead in the West.

Mr. James H. Wilbur, a native of Newcastle and son of the one-time proprietor of the hotel in Newcastle, afterwards known as the Waverly and also of the Wilbur House in Bathurst and a hotel of the same name in Woodstock, but lately proprietor of the Ellis House in Manitowish, died a few days ago. Mr. Wilbur was about 45 years of age and was one of the most popular young men of Woodstock. He came to Woodstock with his father from Bathurst in 1886, and his father bought out and continued the Wilbur House until his death. His son formed a partnership with H. L. Stevenson in 1900 in the management of the Albert Hotel, but a few years after went west where he has been a successful hotel keeper.

While the parents were away the house was burned and the children forced out, suffering terribly from the frost. They escaped the fire and toddled to the house of the nearest neighbor, but the people were not home and the little ones were found half frozen when the folks arrived.

## VACCINATION AGAINST TYPHOID

Ottawa, Ont., Feb. 7.—The first inoculation for the prevention of typhoid in Ottawa was successfully made on Saturday when J. A. Macleod, submitted himself to the treatment at the hands of Dr. Laidlaw. This form of vaccination as a guard against fever is comparatively little known, but was employed with great success at several encampments of the United States army. The patient, after the anti-toxin is administered exhibits for a couple of days all the symptoms of typhoid, but these pass away leaving him in his usual state of health. Mr. Macleod is today quite recovered from its effects.
