PROWN'S BLOCK.

Teuton race. Not so in South Amarica, where there was a commingling of Spanish and native blood; a very poor stock had been formed, and there was little hope of improvement. The geographical conditions and racial characteristics were, therefore, of the greatest importance in considering the outlook in South American; he saw little prospect of anything great. As far as regarded the morelity of the priesthood in all South America, Father Fidelis denied in the most emphatic manner that such a state

"May I look at the other place before we ascend to eternal happiness?"

"Rasily," said the angel.

So they went below and skirmished around, taking in the sights. The angel lost sight of the editor and went around the place to hunt for him. He found him sitting by the furnace faning himself and gazing with rapture at a lot of people in the fire. There was a sign over the furnace which said, "Delinquent Subscribers!"

"You go on," said the editor, "I'm not going. This is heaven enough for me."

"You go on," said the editor, "I'm not going. This is heaven enough for me."

cluded by reciting some eloquent lines of poetry, which he had written when contemplating the beauty of the Pecific Ocean from his convent. the Pacific Ocean from his convent home at Valparaiso—the Vailey of As an answer to the challengs pat question of the belief of the English Church with regard to Transub-stantiation the test of the validity out without the aid of the wealthy

Rome correspondent of the Philadelphia Catholic Standard and audacious statement that this defini Times. It is a brief summary of the second lecture delivered before Times. It is a brief summary of the second lecture delivered before the Catholic Truth Society, by the Rev. Father Fidelis, of "the Catholic Outlook in South America:"

The lecture commenced by saying his hearers would probably wish to Parel Aging of Christian unity but the his hearers would probably wish to Parel Aging of Santanasa and withdraw his bill before the main discussion took place on the gegond only publicly affirmed in the thirtogram of the thirtogram of the thirtogram of the source of Europe where the ancient custom of the washing of paupers' feet by the sovereign insult that nothing stands in the way of Christian unity but the Parel Revision of Austria and withdraw his bill before the main discussion took place on the gegond only publicly affirmed in the thirtogram of the thirtog his hearers would probably wish to know what connection the subject of his discourse, viz, "The Catholic Outlook in South America," had to do with Catholic truth. He would be with catholic truth and truth the with such adversaries. It they with such adversaries to parley to the revenue for the new papers, and while it is in progress a dignitary reads from the catholic truth. He would be with the way of connection to the adversaries to lear that the utmost solemnity, and while it is in progress a dignitary reads from the catholic truth the way another blow at the agricultural class. The connection the subject to know what the utmost solemnity, and while it is in progress a dignitary reads from the catholic truth the way another blow at the agricultural class. The connection the subject to the way another blow at the agricultural class. The connection the way another blow at the agricultural class. The connection the way another blow at the agricultural class. do with Catholic truth. He would be themselves do not tacitly claim Lord performing the same service for explain this by refuting the calexplain this by relating the call supermacy and intallibility for His Apostles.
