PERCIE JOHNSON

Newfoundland
Poultry Association.

The Annual Meeting was held on Thursday night in the Rooms at Beck's Cove, and a large quantity of important business disposed of.

The reports from the Secretary and Treasurer were received and adopted, and the election of Officers and Directors for 1913 resulted as follows: Hon. President—Hon. Mr. Justice Emerson; Hon. Vice-Presidents—Hon. W. C. Job, M.L.C., Hon. Geo. Knowling, M.L.C., Percie Johnson, Esq.

President—Mr. Geo. Gushue; 1st Vice-President—Mr. W. Barker; 2nd Vice-President—Mr. Otto Rusch; Secretary—Mr. J. F. Calvert; Treasurer—Mr. W. R. Butler.
Directors—Mr. M. McLeod, Mr. H. Parsons, Mr. W. A. Brown, Mr. F. Blackall, Mr. A. Macken.
Auditors—Mr. Wm. Campbell, Mr. W. Reid.

To the Members of the Newfoundland
Poultry Association.

Gentlemen,—In presenting the second annual report, your directors are pleased to be able to draw your attention to the fact that during the past year substantial progress has been made.

During 1912 24 new members have been added to the roll, making a total of 73 members, owning 231 shares.

As will be seen by the Treasurer's report the Association is in a sound condition financially, besides owning furniture, Exhibition coops, etc., to the value of \$300.00.

Early in the year, Mr. W. J. Roberts, of Hamilton Poultry Yards, Ontario, offered a setting of his best Orpington Eggs for a competition. It was decided to offer them as a prize, for the member bringing in the greater number of accepted candidates for membership from Feb. 6th to March 31st, and was won by Mr. Percie Johnson, who brought in 10 new members. The donor, Mr. Roberts, kindly sent an additional setting which was awarded as a second prize to Mr. Walter Reid, who brought in four new members.

In April at the suggestion of Mr. Otto Rusch, a sum of \$50.00 was voted for the purpose of offering cash prizes to the person (other than a member of the Association), raising the greatest number of Pure Bred Chickens, the scheme was warmly supported by the Minister of Agriculture and the Agricultural Board who had a large quantity of the Circulars printed and distributed at their own expense—but in practice it unfortunately proved a failure. The only competitor who had fulfilled the condition properly was Mr. C. H. Hayward, of Grand Falls, who had raised 77 Barred Rock Chickens.

The competition was declared cancelled and a special prize of \$10.00 was awarded Mr. Hayward.

The Association has to thank the Agricultural Board for a number of copies of a work on Farm Poultry, prepared by the Macdonald College for the Newfoundland Government; also for the annual grant of \$400.00 which has proved of substantial assistance to the Association. In July the Secretary introduced the matter of a Poultry Show, this was taken up by the members, committees were formed and after a number of obstacles and disappointments had been overcome the result was a successful Poultry Show produced in a manner, reflecting the greatest credit on the work of the committee in charge.

The Association is grateful to those kind friends who donated Cash, Silver Cups and goods for prizes, and owe a debt of gratitude to those members of the committee, who by their unstinted labors and earnest work were largely responsible for the success achieved.

The birds were judged by Prof. Landry, of Truro, in a manner satisfactory to all; his illustrated lecture was enjoyable and instructive, and all the many visitors expressed themselves agreeably surprised and delighted with the beautiful display of thorough-bred Poultry.

The Committee were pleased to welcome Mr. McLeod, Editor of "The Maritime Farmer," who had come to report the Show for his paper, and made many friends during his visit.

At the suggestion of Mr. Otto Rusch a question box has been introduced to the rooms, but up to date the members have not taken advantage of its use.

If you let your bowels become sluggish, your liver inactive and your stomach upset, you are simply inviting sickness your way. Work against this condition by taking

ABBEY'S EFFERVESCENT SALT
a glass each morning.

IN EVERY HOME

ROYAL YEAST CAKES

ARE USED, AND ALWAYS GIVE PERFECT SATISFACTION

A number of discussions on subjects interesting to the members have taken place during the year, from which it is hoped and believed much profit and instruction has been obtained.

In concluding this report and retiring from office, your Directors wish the Association abundant success during 1913.

Respectfully submitted,
GEO. W. GUSHUE, President (Act.)
W. BARKER, Secretary.

Minord's Liniment Co., Limited.
Sirs—I have used your MINARD'S LINIMENT for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any equal to yours.
If rubbed between the hands and inhaled frequently, it will never fail to cure cold in the head in twenty-four hours.
It is also Best for bruises, sprains, etc.

Yours truly,

J. G. LESLIE,

Dartmouth.

The Necessary Thing.

It's well to be writing a book, or painting a tree and a brook; but Elizabeth Ann, if you'd please sordid man, you'd better be learning to cook! I know you're a peach and a beauty at playing the harp and the flute; but the man that you wed will expect to be fed on beefsteak, potatoes and fruit. So many, Elizabeth Ann, can paint on a vase or a fan; so many can sing like the birds in the spring; so few can do things with a pan! So many sweet maidens can take a box and some ribbons and make a nice rustic clock that would please Mr. Bick—and so few can get busy and bake! So many can stand and recite the rhyme about curfew to-night! But where is the maid who can make marmalade, or mix up a salad just right? I can't eat a chromo, my dear, and a book tastes exceedingly queer; when I'm empty I long not for sonnet or song, but for well roasted chunk of a steer. The housekeeping girl is a gem—the girl who can bake, stew and hem! The girls who can play on pianos all day—there's never a shortage of them!

One Who Was There.

Editor Evening Telegram.
Dear Sir,—Please allow me space in your most highly esteemed paper among the fishermen. I see by the Evening Herald that Coaker and Lloyd did not get a very good reception at Brigus, Clarke's Beach and Port de Grave. If McGrath and the other graballs are as much astray as that in other matters, I must hesitate to believe what they print. Brigus gave Coaker and Lloyd a good reception. Clarke's Beach turned out in good shape and gave them a real good reception and Barened and Port de Grave went to meet them and gave them a grand reception. Bunting was waving majestically in the breeze and arches erected for the occasion. It was a wonderful time. I would like some of the present Government party to have been there. They would have seen what the fishermen intend to do in 1913. They might laugh and fool us now but I tell you, sir, they won't then. We in Port de Grave district have chosen a Union candidate and we intend to put him in the House of Assembly. We are right solid for the Union and if we have to lose the blood that runs through our veins we are prepared to fight at any time for our Union and the President of the F.P.U. We trust that the all-wise Providence will help us unto victory. Thanking you for space in your paper, I remain,
Yours truly,

A TRUTHFUL MAN.

Special Evening Telegram.

CONSTANTINOPLE, Jan. 24.

The Turkish Cabinet, of which Kiamil Pasha was the Grand Vizier, has resigned, being forced to do so by the Young Turks. Mahmoud Shekret Pasha has been appointed to the Grand Vizierate. Talat Bey visited Kiamil Pasha in the morning and urged him to resign. Kiamil refused to reply. The Cabinet Council continued to discuss the draft reply to the Joint Note of the Powers. At 3 o'clock Djial Bey, leader of the Young Turks, accompanied by five mounted officers, arrived at the Sublime Porte. At the same moment, several hundred people suddenly gathered and unfurled the flag. Evidently by a pre-concerted arrangement, Enver Bey, mounted on a white horse, appeared, accompanied by Kiazim Bey, who was formerly Ambassador at Washington, Halli Bey and other staff officers. Dismounting at the doors of the Porte he asked to see the Grand Vizier, whereupon the gates of the Porte closed. Memduh Pasha, Commandant of Constantinople, stood at the door, and refused admission to any one except Enver Bey and Talat Bey. They entered the Council Chamber and declared the Ministry must resign. Kiamil Pasha thereupon wrote his resignation, and handed it to Enver, who proceeded to the Palace. The Sultan refused to believe it until he had sent messengers to the Porte to confirm the news.

LONDON, Jan. 24.

The Westminster Gazette, which is generally looked upon as the mouth-piece of the Government, says that Secretary Knox's reply on the Panama Canal matter, does not bolt the door, but it can scarcely be said to be a satisfactory suggestion that, at any time it is thought injustice has been shown to British shipping, the States is prepared to submit the facts to a Court of Inquiry. This leaves the door open to a long series of bickerings, which would do much to undermine the good relations of the two countries. The Pall Mall Gazette says that, coming from any other country, the tone of the reply would be deeply resented in Britain, and adds that unless International law overrides Municipal law when Treaty rights clash with it, International law has no existence, and peaceful intercourse between states becomes impossible.

NEW YORK, Jan. 24.

Thomas Edison remained at work in his laboratory at Englewood, New Jersey, last night, instead of coming to the city to receive from the American Museum of Safety a medal in honor of an old invention. Mrs. Edison, who came to accept the honor for him, explained that he had been in the seclusion of his workshop for two months, sleeping there, and having his meals sent to him. He expects to remain in retirement until he completes the invention on which he is engaged. The medal was for the invention of a Storage Battery Service, which permitted light, without heat, in places where explosives may be handled and gases generated with a minimum of danger to life and limb.

CHRISTIANIA, Jan. 24.

A Norwegian expedition to relieve German scientists reported stranded at a remote spot in Spitzbergen, left Advent Bay, Spitzbergen, on Monday but was forced to return to-day. Water was found to be open and overland communication impossible. The first news of the privations endured by the Germans, reached Advent Bay last week, through one of the explorers, Capt. Ritzschel, who came to seek aid for his companions, whom he had been compelled to leave behind exhausted with cold and hunger at Wilde Bay. Several others of the party have not been heard from since August, when they had gone on a sledge expedition. The provisions were almost entirely consumed when Ritzschel left his comrades.

NEW YORK, Jan. 24.

The German tank steamer Eurgie, which arrived here to-day, reports passing on Jan. 17th lat. 27.10, long. 91.26, in the Gulf of Mexico, through an oil-filled ocean. The captain thinks this was caused by the sinking of an oil barge or tank steamer in the vicinity.

**WANTED
More Workers**

AT ONCE, families, sons and daughters to color pictures in the home, for the trade, by a NEW COLORING PROCESS. We furnish everything, you do the work. We send plain, outline pictures which you color and return to us. No experience required. Work is easy and fascinating. Good wages. Work all year round, for whole or spare time. No canvassing. Our travellers sell the goods. Write to-day for instructions and contract (free) and start work at once.
