Man Fainted.

As Mr. John Tapp, of Harbor Grace, who came by the noon train to-day, was chatting with some friends in front of the railway station, he suddenly lost consciousness. Dr. Pritchard, who was speaking to Mr. Tapp at the time, very quickly observed the change in his countenance and hurried him into the waiting room, where he administered to him. The doctor prought him around in a few minites. After resting a little while Mr.

GOOD ADVICE.

It is necessary to always have a bottle of good Brandy at hand. What Brandy will you buy? The Medicinal Brandy "Sanator" is not a properly so-called medicine, but it has been selected from amongst the best known growths for their effective principles, and it is distilled so as to develop its tonic and digestive qualities. It is really the FAMILY BRANDY, which name the public has, for a long time, bestowed on it.

The celebrated French physician, DR. PHARZELLE, Inspector-in-chief of the Great Medical Services, says: "The midicinal Brandy "Sanator" is eminently an easy digestive drink, remarkable for its tonifying and reinvigorating properties." Ask for Medicinal Brandy Sanator from your liquor dealer; he has it.
