OFFICIAL.
LONDON, Oct. 30. The Governor, Nfld. On the Verdun front the French attacked on a five mile front and captured enemy positions to a maximum of two miles. They retook the village of Fort Donnament and Hautmont Quarries. Prisoners exceed 5,000. On the Somme had weather has hindered operations, but we advanced between Guedecourt and Les Bouefs, capturing 1,000 prisoners, sustaining only 1,200 casualties. The French advanced at Sully Sailles. In Dobrudja the retreat of the Russo-Rumanian forces continues. In the Carpathians the Rumanians have counter-attacked, capturing numerous prisoners. Further Allied successes are reported in Macedonia. An enemy raid on our cross-Channel transport service failed. Two enemy destroyers were sunk. One of ours is missing and another grounded. The empty transport Queen was also sunk.
BONAR, LAW.

ENEMY POSITION RAIDED.
SALONIKA, Oct. 30. On the Dolran front, on the night of October 28-29, after artillery preparation, the enemy position of Crete-de-Teugs, northeast of Maelukova, was raided by our troops, who inflicted considerable loss to the German and Bulgarian trenches. North of Lake Dolran hostile aeroplanes were brought down. On the Struma front to the west of Demir Hissar an enemy transport park was bombarded by our aeroplanes with excellent results. North of Ormanly our patrols drove back hostile patrols.

GREEK STEAMER TORPEDOED.
ATHENS, Oct. 30. The torpedoing of the Greek steamer Angheliki on Saturday near Piraeus, with many Greeks aboard, was carried out without warning, it is stated here. This action is believed to indicate that since the capture of Constantinople, German submarines have obtained a new supply of benzine, enabling them to resume operations in the Mediterranean. The Greek naval officers are particularly bitter over the attack, which seems to have been made within Greek territorial waters, and only a few miles from Salamis, where a formidable Allied fleet has been stationed since Sept. 1st. The loss of life is now said to reach 200, though the number on board the Angheliki is not known. The submarine, it is further stated, warned ships endeavouring to rescue the Greeks, to keep off.

Two Cases of Eczema and How They Were Cured.

Further Proof That Dr. Chase's Ointment is a Positive Cure for Chronic Eczema.
If you read these letters you will find that Dr. Chase's Ointment is not to be classed among ordinary salves and ointments.
By actually curing itching, stinging eczema in many thousands of cases it has stood the most severe test to which any ointment can be put.
Mr. J. Brice, Temperance road, Parry Sound, Ont., writes: "Just a line to praise Dr. Chase's Ointment for what it has done for my wife. She has been suffering with eczema in her head for two years, and has spent no end of money with doctors and ointments, which did her no good. She had about given up hope of ever being cured, when someone told her to try Dr. Chase's Ointment. By the use of this Ointment the trouble has left her entirely, so we have unbounded faith in it. I have told several people about the Ointment."
Mrs. W. G. Dowden, Greenspond, Bonaville Bay, Nfld., writes: "I suf-

ferred with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. Though I had lots of salves from doctors, I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It went on long before my hands began to heal, and four 50c. boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it, for I know that it will cure."
In the home Dr. Chase's Ointment is of almost daily usefulness, for by relieving chafing and irritation of the skin it prevents eczema and similar itching skin diseases. Applied to all cuts and wounds, it prevents blood poisoning and heals the skin. Dr. Chase's Ointment, 50 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

CURTIN'S PROPHECY.
LONDON, Oct. 30. A long distance submarine blockade of England in waters far from Europe, such as the U-53 carried out for a short time, is sure to be undertaken on a large scale, writes D. Thomas Curtin, of Boston, in The Times today. The Deutschland's visit to Baltimore was to take soundings for this blockade. The trip of the Deutschland was not to get from the United States a few tons of nickel and rubber, he writes, but to test thoroughly the new submarine engines evolved by the Germans, to report on the effects of submerison in cold waters, such as those off Newfoundland, and to ascertain how many days of surface and submerged travelling were likely to be experienced. One fact stands out that the radius of action of a submarine is increasing monthly. A long distance blockade will certainly be attempted. You (Great Britain) will do well to look to your food reserves, even if only as a precaution against so much frightfulness. Almost the whole political crisis in Germany today surrounds this school of thought; those who think Germany is certain to win are for ruthlessness. The mob is carefully deprived of news of the loss of submarines and cannot understand why you are not starved already. The leaders who know believe in the long distance plan. Those who think Germany will be beaten and punished for her crimes call, hold, let us make an honorable peace and get what we can, and not go down in history as barbarians. The Germans think that

ENEMY TRENCHES RAIDED.
LONDON, Oct. 30. British troops made two raids on the German trenches to the west of Wytchaste, Belgium, and east of Boesinghe, last night, says the official statement this afternoon.

MARINA'S CREW PICKED UP.
LONDON, Oct. 30. Lloyd's report that a steamer anchored off Crookhaven, Ireland, signals she has picked up the shipwrecked crew of the steamship Marina of Glasgow. The Marina was engaged in the trans-Atlantic service, and was 5,204 tons. She was last reported as having arrived at Glasgow Oct. 10, after having sailed from Newport News, Sept. 21. Mr. Frost, American Consul at Queenstown, is now procuring affidavits from survivors. A report on the sinking of the British steamer Rowanmore was made to the American Embassy today by Frost, who states that the vessel was torpedoed. Seven Americans, including five Philippians, were on board the Rowanmore. Several of them have given Mr. Frost affidavits stating that a submarine shelled the lifeboats while they were being lowered and after they were in the water.

STEAMER STENSHEST TORPEDOED.
COPENHAGEN, Oct. 30. The Politiken says that the Norwegian steamer Jyllands arrived at Friedrichshafen with 16 members of the crew of the Norwegian steamer Stenshest, which was torpedoed, sinking in five minutes.

BRITISH STEAMER FOUNDERS.
ST. NAZAIRE, France, Oct. 30. The British steamer Roma has foundered 25 miles west of Ushant during a heavy gale. The crew were

if the Allies cannot be fought to a peace by the army and navy they will be frightened into it by long distance submarine. Submarining close to England has long ceased, but the National Liberals, the Tirpitzites, believe you are unable to tackle long distance submarines in the Atlantic.

BRITISH TRANSPORT TORPEDOED - EIGHTY-THREE MISSING.

WASHINGTON, Oct. 30. The destruction of the British horse transport Marina by a German submarine without warning, with the possible loss of American lives, and the endangering of the lives of seven American citizens by the submarine attack on the British freighter Rowanmore as reported to-day from Queenstown by American Consul Frost, contains possibilities of reviving the submarine issue between the United States and Germany. Investigation, officials realize, may disclose there has been no violation of German pledges. Nevertheless the first reports, though incomplete, and transmitted by the American Consul as "provisional," caused some uneasiness. The report of the destruction of the Marina refers to the ship as "British horse transport." If it turns out that she was in fact in the transport service of the British government, it may be found that the mixed crew were British and American horse-tenders, and could not claim the same immunity against attack without warning that attaches to a merchant ship. Orders were despatched at once to gather all information and determine the status of the Marina and her crew.

Following is a summary of Consul Frost's despatch: The British horse transport Marina with a mixed crew of British and Americans, was reported sunk without warning by a German submarine by gun fire at 3 p.m. Oct. 28th, one hundred miles west of Cape Clear. Thirty-four of the crew of 104 have landed, while seventy others, presumably those in boats, and 13 others are missing. Consul Frost says information so far is purely "provisional."

London.—In reply to an enquiry from the American Embassy, the Admiralty said to-day there were forty-nine Americans among the crew of the Marina. The Admiralty informed the Embassy that the Marina was torpedoed, but that it had not been ascertained whether warning was given. No official information is available whether any Americans were drowned, although only thirty-four survivors landed at Crookhaven. The Marina was outward bound and was torpedoed twice before she broke in two. It is reported that some of the men were drowned while attempting to lower a boat. Consul Frost has been ordered to obtain all available information in regard to Americans on the vessel. The Admiralty says that the Marina was not under Government charter.

The United States Embassy to-day received a report from Wesley Frost, American Consul at Queenstown, stating that the British steamer Marina had been torpedoed without warning. It is believed a number of Americans were on board.

Newport News.—There were fifty Americans on board the British steamer Marina when she sailed from Newport News. The Americans signalled here as horsemen.

Several of them have given Mr. Frost affidavits stating that a submarine shelled the lifeboats while they were being lowered and after they were in the water.

The British steamer Roma has foundered 25 miles west of Ushant during a heavy gale. The crew were

With OXO CUBES a delicious cupful of hot OXO can be ready in a few minutes. Just stir a cube in a cupful of hot water.
Tins 15c. and 35c.

THE POLITICAL CAMPAIGN.

NEW YORK, Oct. 30. The first real sensation of the political campaign was sprung Saturday night by United States Senator Henry Cabot Lodge, when in a speech at Somerville, Mass., he asserted that President Wilson at the time the second Lusitania note was sent to Germany, wrote a postscript informing the German Government that the contents of his former "strict accountability" note were not to be too seriously interpreted. Lodge insisted that William Jennings Bryan had knowledge of and approved of the President's postscript, and that when Secretary of War Garrison and other members of the President's cabinet learned of it they threatened to resign unless it were withdrawn. Lodge quoted Dr. Charles H. Bailey, Professor of Tufts Medical School, as his authority for the truth of the charge, and Dr. Bailey named former assistant Secretary of the Navy, Breckenridge as his informant. Denials and counter denials were issued from various quarters to-day, but Dr. Bailey reaffirmed the truth of his story, and promises to produce indisputable proof of its accuracy.

DR. SPRAGUE DEAD.
ST. JOHN, N.B., Oct. 30. Rev. Dr. H. S. Sprague, Dean of Mt. Allison University, is dead.

CHINA'S VICE-PRESIDENT.
PEKING, Oct. 30. General Feng Kwo Chang, a prominent supporter of President Leynang, was to-day elected Vice-President of the Chinese Republic by Parliament.

Try "Cascarets" for Liver and Bowels If Sick or Bilious

Tonight! Clean your bowels and stop headache, colds, sour stomach.
Get a 10-cent box now.
Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out to-night and keep them out with Cascarets.
Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.
Don't put in another day of distress. Let Cascarets cleanse your stomach, remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.
A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

THE MOVING FINGER.
The moving finger writes; and we may read the fateful lesson of its changeless screed, of which no man may cancel half a line, by all his prayers, by all his flow of brine. All useless things must perish from the earth, which has but room for things of proven worth. In every age some foolishness is stopped; in every age some worthless things are dropped. The worthless things may grow and flourish long, and long the "world" endure; some grievous wrong, but when the bumps no power can save them from the divers dumps. And so Old Boozie is slipping day by day; nothing can stop him on his downward way; the world has had enough of gin and rye, nations and states and villages go dry. Friends of Old Boozie are fighting for him, hand weapons in hand they stand upon their guard, but ah in vain their brave defence of rum—Old Boozie must go because his time has come.

Red cabbage will be greatly improved in color if a few shavings of beetroot are introduced into the pickling vinegar.
Newspapers cut into strips and twisted into tight rings will light a fire as well as shavings; if a match is touched to them.
