Rotary's Successful Methods

Rotary since its inception in it rendered last night in affordgathering of Newfoundlanders to assemble round its festive board in company with our distinguished guests from the Mother Country.

ure to hear the visitors express their views on the Empire and we ourselves hold.

Such gatherings lead to a fulintimate relationship, and do a Department. more to enable both sides to work together in close co-operation than any number of conferences or by the exchange of formal communications.

Education

When we have among us men who hold such views upon Eduspondent at Elliston, and the ability also to give expression to that others may read, mark, with learn, and inwardly digest them, there is hope for this country.

importance which the people eight hundred million education.

ent's valuable treatise and trust pounds in value, whilst our imports were of a total value of one and a it will be followed by others of a quarter like nature.

Loss of the Shenandoah

The destruction of the Shenairships, together with the at- bought from you:tendant loss of life will be learned everywhere with deep regret. These brave men have given their services in the attempted conquest of the air, in the interest of science, and in the further extension of civilization, and the disaster to another lighter than air machine is disappointing and discouraging.

Nevertheless it is certain that it will but source the services in the air disappoint.

Paper & cardboard, roughly 1,150,000 Iron Ore at roughly 70,000 With regard to Iron Ore and Pit Props there seems to me considerable room for improvement, but I should be pleased to hear what you have to say. We imported £ 180,000 worth of Iron Ore from various countries. You have the best, I believe. To make the best goods we want the best raw material. We imported 6 million pounds value in pit props and pit wood. Here also is a field for trade development. will but spur others to further You took from us in 1923: effort, such is the indomitable Spirits valued at £ 50,000 spirit of the Anglo-Saxon race.

To Speak of

Grath, of the China Mission Seminary, Scarboro, Ont., will speak on the question of the Chinese Missions. Prior to his departure three years ago to take up missionary work, Father McGrath was attached to the Cathedral staff.

The New Season's Coats and Dresses are begining to arrive in town.

AYRE & SONS, LTD., are opening their first shipment to-day. The models are really smart, something entirely different. All grades and Prices are featured.

Now, sir, take the figures for 1924. We again are your largest buyers. Out of a total of 21 million dollars in value. Spain, Portugal, about 3 millions each. When we turn about 2 millions each. When we turn to your imports, we find out of 28 million dollars in value Great Britain only supplies 6 million dollars

Problems of Overseas Trade

A large and enthusiastic gathering of members attended the Board of Trade meeting this forenoon, at which

I did not know I was expected to side of the Atlantic. Each of us on vested in was at the D. O. T. in the Labour-

by various Departments of State. offered by foreign countries. The D. Q. T. is a Department for trade upon which we are, and have Mother Country. been so dependent for several generations. The Government of Brit-

It was a privilege and a pleas- policy of the Department is to render every assistance, without interference, Empire matters, and to find them business men unanimously contested kind to you in natural resources, graceful, and those that have sufferinspired by the same ideals as that idea successfully. Its success is which need developing and distributproven by the fact that its objects and methods have been copied by our chief competitors, who now grant ler understanding, and a more double the amount we allow for such

Government in the B. E .E., which we hope will provide a great stimulus to Inter-Imperial Trade. The Palace of Engineering there last year was the need something in our arrangements technique and workmanship of British workmen ever shown, and we are proud enough to believe that there is nothing yet arisen in any country to good will come from our visit to this typical of their party, then the Empire equal it. In the quality of our coal, of our iron and steel, shipbuilding and in our manufacturers generally cation as those of our corre- we have been, and are to-day, unrivalled in any country, and though we may not be in the future what we have been in the past, viz., "The Workshop those views in such a manner of the World," we are confident that we will hold a pre-eminent position with any other country. To-day though markets are scarce, it is difficult to get trade going as it was before the war. Every country is feeling Our advance in that direction, the aftermath of the war, and may do

dependent as it is upon the funds ain our national debt is about eight available for that purpose, rests thousand million pounds. Our Chancellor of the E. this year had to budget for an annual expenditure of budget for an annual expenditure of ficult to get business men to talk. He themselves attach to it, and with an additional graduated tax on Income Tax is to-day 4 - in the £ their attitude on the question large incomes. Indirect taxation is will to a great extent be deter-one and a quarter millions of our mined by those who may speak work people unemployed. With all with knowledge and without paying our debts, nobody seems inthese difficulties, and though we are prejudice of the importance of clined to pay us. We are, as I said, dependent on our Export Trade, but We welcome our correspond- less than one thousand million million pounds. These fig-

ares should be reversed. With regard to Dominion Trade, we import far more than we export to them. Take Newfoundland, and I invite you to take note of what I am now going to say. Our total imports from you in 1923 were to the value of £2,117,425. Our exports to Newfoundland were valued at £676,365 out of our total exports of £886,000, andoah, one of America's giant 000. You took from us less than one third of what we took from you, We

goods valued at 100,000 Iron and Steel valued at 100,000

Our total exports of fron and steel Chinese Missions were valued at 76 million pounds to all parts of the world. You bought At the R. C. Cathedral, on Sunday evening, Sept. 6th, Rev. W. C. McGrath, of the China Micron Seminary, Scarboro, Ont., will speak on
