bine in Germany.

Prospects That Uncle Sam Will Have

ANOTHER RELEASE. London, Aug. 18 .- Thomas Devaney, the Irish political prisoner, was released from Portland prison yesterday.

LORD DUFFERIN'S SUCCESSOR. London, Aug. 18 .- Sir Edmund Monson, British ambassador to Austria. has been appointed to succeed Lord Dufferin as ambassador to France. Sir Horace Rumbold, at present Brit-ish Minister to Holland, will succeed Sir Edward Monson.

A GERMAN OIL COMBINE. Berlin, Aug. 18.-As the result of a combine of the various oil companies with the Standard Oil Company, it is announced that it is possible that the Government will take steps to facilitate the importation of Galician oil. It is also rumored that an attempt will be made to impose an almost prohibitive duty on American oil.

THE SOUDAN EXPEDITION. London, Aug. 18.-The Chronicle says the British Government has decided not to stop at Khartoum, but to advance eventually with the Egyptian forces of Lado or Wadelai, the object being to effect a junction with troops from Uganda, thus being in a position to dominate the valley of the Nile.

A GERMAN CRISIS.

London, Aug. 18 .- The dismissal of Gen. Bronsart von Schellendorf, German Minister of War, it is believed. indicates a crisis in the internal policy of the empire. Other removals, it is hinted, will follow, and the prospect of quiet political development is anything but reassuring. The removals are attributed to the influence Aide-de-Camp Gen. Hanke over the

HARVESTING. London, Aug. 18.—Rapid progress has been made with the harvest during the past week, the bulk of the product having been already secured. The quality is reported as excellent. The market for wheat ruled dull and inactive, but was occasionally easier. There was not much change in prices, buyers being very reserved and bids being scarce. The quantity of wheat offered was only moderate.

DUE TO THE DOGS.

London, Aug. 18.-Dr. Nansen left Vardoe, Norway, yesterday morning on his way to Christiana. It now develops that the meeting between Dr. Nansen and Jackson, the English explorer, was the result of the barking of the dogs. The Norwegian and his companion were exploring one day, when they heard barking, and, following the sounds, to their amazement they reached Jackson's camp. Vardo has been en fete and decorated in

honor of the return of Dr. Nansen. THOSE SPANISH CLAIMS. London, Aug. 18 .- The evening news papers comment at length on Spain's bill for damages against the United States, as a result of the fitting out in American ports of filibustering expeditions, destined for Cuba, and to the decision arrived at in the case of

the Alabama. The Globe says: "The United States' acceptance of the Geneva award makes it absolutely impossible for them to repudiate their liability under the present circumstances with any show of reason or justice.' GRAND TRUNK'S POSITION IM-

PROVING. London, Aug. 18.-The friends of the Grand Trunk Railwaydo not share the pessimistic talk which the half-yearly traffic statement has produced. On behalf of the Grand Trunk, it is noted, Apply T. H. Luscombe, Barrister, ficiency of the combined system on its position is improving, and the demeeting fixed charges for the half year was £88,000, being £13,000 better than the first half of 1895. The danger of a renewed rate war is regarded as a bad feature.

THE CRETAN SITUATION. London, Aug. 18.-Advices from Canea say that the Russian and French commanders there have received identical instructions to protect all Cretan Christians. News received at Constantinople from Crete says that more serious fighting has taken place in the Apo-

corona district, at Tenedeh and elsewhere. An Athens dispatch says: The Christian insurgents in Crete have defeated the Turkish troops in the Maleviso district, killing 30 of them. The insurgents captured 50 mules,

TROUBLE IN BELFAST.

Belfast, Aug. 18.—Serious rioting occurred here yesterday morning in connection with the Nationalistic manifestations in favor of granting amnesty to the Inish political prisoners There were several processions of Nationalists through the streets as a beginning, and they finally were merged into a large procession, headed by bandsmen, armed with spears.

The procession soon attracted immense crowds of people, and stone-throwing commenced. This served to enrage the Nationalists, and then bandsmen attacked the crowds with their spears, wounding many people. The police charged the rioters, and used their batons freely, with the result that several persons were hurt before order was restored.

The rioting caused the greatest excitement throughout the city and further disturbances were feared in the evening if the demonstrators should carry out their threat of returning in very much greater strength and marching in procession throughout the main streets of Belfast. The police however, took steps to make a display of force calculated to prevent any further serious rioting, but rain fell heavily, and this had the effect of causing the mob to disperse.

PEACEFUL OUTLOOK.

The British Press Sees It in Lord Salis bury's Speech.

London, Aug. 18.-The statement concerning arbitration made by the Marquis of Salisbury when he was installed as lord warden of the Cinque ports, is attracting widespread attention here.

The Times, Daily News and Daily Chronicle, in editorial articles, this morning, comment upon the importance of the Premier's statements of Saturday, and the Pall Mall Gazette concludes a column leading article on the same subject this afternoon with the following remark: "Mr. Balfour's and the Marquis of Salisbury's arbitration statements have caused unfeigned satisfaction to thousands of members of our common, Anglo-Saxon stock on both sides of the Atlantic."

The remarks of Mr. Balfour, alluded to by the Pall Mall Gazette, were was still considering the latest proposals of Secretary Olney, which, he added, are regarded as opening the way for an equitable and early settlement of the dispute. The statement was received with tremendous cheers. The St. James Gazette says that the country will receive the arbitration news with the greatest satisfaction, but further on, the same paper remarks that it refuses to believe that the Marquis of Salisbury will "be so feeble as to yield to Secretary Olney's be seen how the Conservatives act in demand for the inclusion of the set-tled districts of Venezuela in the ar-

bitration scheme. The Globe, while completely indorsing the arbitration movement, remarks: 'The new arrangement, whatever its details, should certainly define in the most exact terms the cases which lie within and without the Mon-

roe doctrine." The Bradford Observer states that it has been arranged that the settled districts question is to be solved in the following manner: If they are held to belong to Venezuela, the British settlers are to be entitled to withdraw, and will be compensated for whatever losses they may sustain by

such withdrawal.'

The Sarnia Flyer Admits Having Lost His Temper.

Claimes He Was Fouled and Took Re-

venge on the First Man He Met.

Angus McLeod, the Sarnia bicyclist, lost his temper as well as his race during the meet yesterday afternoon, and last night his loss-was supplemented by a fine of \$5 and costs. Duncan Metcalf, of this city, formerly of Toronto, laid an information with Squire Lacey after the races, charging McLeod with assault. A warrant was issued for him, and Detectives Ward and Northgreaves arrested him at the Grigg House about 8 o'clock. He was taken before Magistrate Lacey. Angus said he was sorry he had lost his control of temper, and apologized for his conduct. He accused C. Elliott of trying to foul him in every track where the two had met for the past month. Angus said he lost his self-control in the finish of the race, and when he had dismounted, Metcalf, Elliott's friend, was the first man he saw, and he struck him. He pleaded guilty, and the magistrate imposed a fine of \$5

The magistrate made the remark that he hoped Mr. McLeod would not miss the fine out of his day's win-

OPENING OF PARLIAMENT. Ottawa, Aug. 18.-The formal opening of Parliament by the Governor-General will be on Thursday. The House of Commons meets tomorrow. afternoon to elect a Speaker.

Among the last members who arrived here last night were Messrs. Erb, South Perth, and Ratz, North Middlesex.

The debate on the address will begin on Friday at 3 o'clock.
The election of Mr. Edgar as Speaker of the House of Commons will probably be unanimous. Senator Pelletier is already Speaker of the Senate, his appointment coming from the

In the House of Commons the admade on Friday last at the closing of dress in the reply to the speech from Parliament. He said the Government the throne will be moved by Mr. Benjamin Russell, Q.C., member for Halifax, and seconded by Mr. R. Lemieux, member for Gaspe. Both are excel-lent speakers, and the occasion promises to be more than usually interesting. After them the leader of the Opposition, if one is found by that time, will indulge in a criticism and the Premier will reply. A common custom is then to allow the address to be passed without further debate or division, but in this case it has yet to

Opposition. The corporation will present an address of welcome to the Premier or the occasion of his taking up his permanent abode in Ottawa.

CHARLIE MACKINTOSH'S EX-TRAVAGANCE. Mr. J. H. Ross, member of the Executive of the Northwest Assembly (and a former Londoner), had an interview with Messrs. Laurier, Scott and Fielding, in regard to Northwest affairs. The outstanding debt of the Northwest Exhibition is one of the matters which must be disposed of. An item was put in the estimates by the late Government to partly cover this indebtedness, but it was not passed. The financial part of the exhibition was under the control of Lieutenant-Governor Mackintosh. It will take about \$14,000 to pay the debts, for which , there were no funds. Although the Dominion Government is not obliged to meet these debts, having only agreed to give a grant to the exhibition, which has already been paid, it is likely that the Laurier Government also will place a sum in the estimates to cover the amount required, as most of the accounts are

due to workingmen.

THE BYE-ELECTIONS. The Conservatives are making a big effort to defeat not only Mr. Paterson, but Mr. Blair, as well. Mr. Geo. E. Foster is making the fight of his life against the Minister of Railways and Canals. He is the manager, of the campaign, and trustee of the large funds that have been provided to defeat Mr. Blair. The latter may be trusted to give a good account of himhelf in Queen's and Sunbury. other evening he gave Mr. Foster a great dressing-down in Fredericton. Mr. Hugh John Macdonald is to be out to work in Ontario for the first time in North Grey. He will arrive in Ottawa this evening, and be sworn in as a member of the House tomor-

row, and leaves immediately after-

wards for Owen Sound. THE CONSERVATIVE CAUCUS. Mr. Manter, M.P.P., arrived this evening to attend the convention of Foresters, and also, it is surmised, to lend his counsel in the election of a leader for the Conservative party. Sir Charles Tupper outlined his course as leader of the Opposition a month ago, but he afterwards was made to realize that his leadership was seriously questioned, and that if he got it he would have to fight for it in caucus. The caucus will, therefore, be held here, in the railway committee room of the House of Commons tomorrow morning, Mr. has the "machine" behind him, and will probably win. The other names to be submitted to caucus are Mr. Wallace, Mr. Foster, Sir Adolphe Caron, Dr. Montague, and Mr. Hugh John Macdonald. Hon. John Costigan, who is an anti-Tupper man, will have no-thing to do with any of them, and, instead of leaving for Ireland, as he purposed, on Monday next, left yesterday. He will attend the Irish political convention as a Canadian delegate.

In an editorial on the leadership of the party, the Citizen (Conservative) says this morning: "As for Mr. Wal-lace being the leader of the Conservative party in Parliament, that is a matter for the Conservative members to decide in caucus on Wednesday next. The question is not likely to give much trouble. Mr. Wallace has intelligence, and a good deal of force of character; but few, we should think, would seriously consider him to have any qualifications for a party leader. In fact, Mr. Wallace can scarcely imagine himself intended for such
