WEEKLY REVIEW.

Grain-Receipts were quite as large this week as the corresponding week last year. Prices show no change since last week, with the exception of oats. They were a little higher all week, but closed at \$1 to \$102; these figures were the basis of nearly all transactions during the week, but were exceeded in some cases by private buyers. One small lot of corn sold at 85c.

-Receipts were mostly new; \$7 to \$7.50 was the range.
Young pigs sold at \$7 to \$8 a pair, ac-Young pigs sold at \$7 to \$8 a pair, according to size.

Live Hogs—Sales were light; \$7 was the usual price paid; demand steady.

Dressed Hogs—Brought \$9.25; they were very scarce late in the week; some dealers were willing to contract at \$9.50 for nearby delivery.

Wool—Steady, on the basis of 14c for fine No. 1; very little offered.

COMBINATIONS ARE ON TRIAL

Momentous Battle Between Trusts and Labor.

Strike Is Daily Costing Big Companies a Fortune-Benefit Fund for the Strikers.

New York, July 17.-The steel strike in America is attracting much attention in England generally, and while long articles are being printed in the newspapers on the subject, no comment is made in the editorial columns, according to the London correspondent of the Tribune. John Burns accompanied by several of his officers has been less reticent, for he forecasts arrived here at noon yesterday on a an American Armageddon, with the visit to the Ontario grand lodge, and revival of the old anti-slavery feeling were received by many leading breth-and the transformation of trusts into ren and the Hamilton reception comstate organizations by the political mittee. McGregor, G.T.; J. G. Flood, S. tirades. Combinations are felt to be on trial in America, and if they survive the great conflict with organized labor concentration of capital will be promoted in England. COST OF THE STRIKE.

Pittsburg, July 17.-According to figures compiled by the Pittsburg Dispatch, the steel strike is daily costing the three companies involved \$210,000, and the workmen \$156,000. It is estimated that in the daily loss of nearly 23,000 boxes of tin plate a day, the American Tin Plate Company is daily losing over \$90,000, while the loss to the canning companies, unable to secure their material, is enormous in addition. Practically no stocks have been carried, and the consumption has kept pace with the production for some time past. About 700 tons of the 1,000 tons daily production of the American Sheet Steel Company is being lost, an 1 this represents a loss each day to the big combine of at least \$50,000. The loss to the gas stove manufacturers is also great, as the mills are closed which make a specialty of stove iron. This is the heavy season for making stoves. About 2,000 to 2,-500 tons of steel hoops, bands and cot- 25 cents at druggists, or sent by mail, ton ties are lost daily by the American Steel Hoops Company by reason of the strike, and this represents a daily loss in money of \$70,000. In addition to all these losses the many and varied industries crippled now and in prospect represent losses to the men of large sums that cannot be computed now. The amalgamated men are said to have a sum of over \$200,000 with which to keep the strike going, and

TWENTY-SEVENTH SEASON.

OF LEAGUERS The Point Farm

This old established summer resort, which has been yearly patronized by so many prominent London families, is now open. The house has been thoroughly renovated from top to bottom, and is in excellent order in every way. The cool and spacious diningroom (100x40 feet), seating comfortably 300 people, and embracing a most delightful prospect of both sea and land, forms one c the special features of the place.

Quite a piece of the old and primitive bush has been saved nea the house, forming a most refreshing shade. A magnificent beasa and exceptional bathing are a particular attraction.

For children The Point Farm has no equal on this continent A large and experienced staff has been secured at great expense for the present season. For illustrated booklet and rates address-
