Yerkes' Plan for Electrifying London Involves a Cost of \$10,000,000-Disturbed Conditions on Frontier of India Prevail.

FIERCE GALES IN BRITAIN. London, Dec. 12.-A fierce gale is sweeping the English and Irish Channels. Many vessels are seeking shelter, and the lifeboats are busy rescuing small crafts. Dover is experiencing the full force of the storm, and numbers of ships of there are showing

signals of distress. A Belgian fishing boat has foundered in the North Sea. Snow in the Midlands has stopped

hunting. THE NEW ROUTE TO IRELAND. Another important step has been taken in developing the new route to Ireland authorized by parliament, which may at no distant date provide the quickest way for mails and passengers. between London and New York. The contract for the erection of a pier a thousand feet long at Rosslare, near Wexford, has been closed. This pier is a portion of the scheme in which the Great Southern of Ireland are concerned. A fast line of steamers is to run between Fishguard, on the Welsh coast, and Rosslare, and the idea is seriously entertained in certain quarters that this is to be the

American mail route of the future. \$10,000,000 TO ELECTRIFY LONDON. It is announced that the total cost of the Yerkes system of electrification of London for both systems is estimated at \$10,000,000, and two years will elapse before work on the district section, which is the shorter of the two, is completed. Mr. Yerkes proposes to build the biggest generating station in the world. It will be of 7,000 horsepower, and will work all the Yerkes London tubes in the district of Brompton and Piccadilly, the Great North-ern and Strand and the Charing Cross

# COMMANDING Display of

Lord Kitchener Has Taken the Field.

The Boers Are Shooting Blacks in Cold Blood.

Government Has Decided to Break Up the Unhealthy Concentration Camps -Dewet's Whereabouts.

London, Dec. 12 .- "Now that Gen. Ian Hamilton is here," the Pretoria correspondent of the Daily Telegraph cables, "Lord Kitchener has personally taken the field, and is directing the movements of the troops."

BOERS MURDERING THE BLACKS In speaking at Glasgow, Mr. Brodrick, the secretary of state for war, referred to Lord Kitchener's report upon the shooting of blacks by the Boers. Mr. Brodrick said that this report made it perfectly clear that these murders were not committed in moments of passion, but were part of an organized system to cover the tracks of the enemy and to prevent possible information of their whereabouts.

NO HALF-MEASURES. Dealing with present aspects of the war, Mr. Brodrick said Boers had accepted parole and broken it. and that there would be no repetition of such actions. Within recent weeks Boer commanders had shown less regard for the laws of war, and these bandits would reach a crisis when they could no longer be treated as belligerents.

He said that the government was for no half-measures in securing a settlement and that any fresh negotiations must emanate from the Boers. Lord Kitchener's statement specifying thirty-seven separate instances in which natives have been shot by the Boers, which involve the loss of eightyfour lives, was issued by the war office tonight. In some of the cases mentioned the blacks were shot after an informal court-martial or upon being accused of spying, but in numerous instances Lord Kitchener indicates the

natives were SHOT IN COLD BLOOD in order to hide traces of the movements of Boer commandoes. The period covered by Lord Kitchener's statement

is over a year.

Mr. Brodrick confirmed the government's decision, which had already in Colorado is causing considerable debeen announced, viz., to break up the unhealthy concentration camps and remove the overflow of concentrados to the coasts, where attemps would be made to provide them with more permanent shelters. DISPOSAL OF BOER WOMEN

## EARLY REPORT ON TRADE AUTONOMY

Federation of Labor Executive to Give Its Views.

Scranton Citizens Want the Boycott

on Steel Cars Stopped. Scranton, Dec. 12 .- At yesterday's session of the American Federation of Labor, it took more than an hour to read the report of the executive committee, after which it was referred to committee. The following committee

was appointed to consider all questions of trade autonomy: President Samuel Gompers; James Duncan, of Boston; John Mitchell, Indianapolis; John F. Mulholland, Toledo, Ohio, and C. N. Hughes, San Antonio, Texas. A resolution calling for the appointment of more colored men as organizers in the south evoked some debate. A motion was adopted to refer the matter to the executive council for final action. A resolution recommending that the organizers of the federation make an effort during the coming year to organ-ize the school teachers of this country was unanimously adopted. A recommendation from the committee on labels, instructing the executive council to secure the passage of a national

law protecting and legalizing union labels was also adopted. Reports of committees were again taken up at the afternoon session. The roposition to organize the female coremakers employed in foundries, which has caused some friction, was defeated. The trouble existing among the union butchers in New York, where there are several organizations of meat cutters, was freely aired. The whole matter was referred to the incoming

executive council for decision. The Brotherhood of Painters, Decor ators and Paper Hangers of America presented several resolutions through Delegate Wm. H. Bell, of Omaha, which were adopted at the brotherhood's national convention, at Detroit, on Monday. One of the resolutions calls for the American Federation of Labor to compel unions in New York city, affiliated with the federation, to recognize the brotherhood's cards. It is the old question of dual organizations. The brotherhood's resolution goes on to say that if the federation does not comply with the request, the brotherhood members will take a referendum vote as to whether the brotherhood should or should not secede from the federation. Reports from committees was the order of business at this morning's ses-

sion of the American Federation of David Black, of Cincinnati, presented the report of the committee, to which the president's report had been referred immediately after roll-call. the recommendations contained in President Gompers' annual report were indorsed by the committee, and the indersement was ratified by the con-

The wheel that run over the explosive was broken, the windows smashed, and the machinery beneath the car damaged. The few persons aboard were severely shaken up, but no one was injured. This makes the third time that the crew aboard this car Las encountered

al President Mahon, of the Amalgamated Association of Street Railway Employes. Tomorrow night they will conduct a mass meeting, at which speeches will be made by some of the leaders of the American Federation of Labor convention. The Anti-Boycott League, composed of 3,000 citizens, will issue a statement tomorrow, declaring against the boy-

THE REASON WHY.

Finnick-If you notice, the poets invariably refer to the earth as "she." Why should the earth be considered feminine, I'd like to know? Sinnick-Why not? Nobody knows just how old the earth is.
