## NOTHING YET DONE TO DIVIDE DEPARTMENTS

No Appraisal Report Received  
From Engineer Moore by  
Special Committee.

While it is little more than a month before the electrical and Waterworks departments will be separated, nothing has yet been done to provide for the divorce of these two departments. The special committee appointed to plan the separation has not yet received the official appraisal report on the waterworks prepared by Engineer John M. Moore. Until this is ready no action will be taken by the committee.

## EXPECTS NEW YORK TO GET HARRY THAW

Jerome Has Him Cornered, Declares  
Immigration Inspector Reynolds.

Immigration Inspector Reynolds, who spent some time in Coaticook in connection with the Thaw case, was in the city for a short time this morning. It is his first trip into this part of the country since he was sent to Coaticook. He does not think that the immigration department will give Thaw permission to come into Canada as a tourist, as requested in a letter sent to the department by Thaw. "I think Thaw will be turned over to the New York officials within a short time," said Mr. Reynolds. "Jerome's latest move, I think, has Thaw cornered. According to my view, the New Hampshire authorities cannot get out of turning Thaw over now, and I expect that before long the famous prisoner will be back in Mattawan."

## GENERAL BOOTH IS COMING TO AMERICA

Head of Salvation Army Wants Vol-  
unteers to Go to China.

[Canadian Press.]  
London, Oct. 24.—General William Bramwell Booth, head of the Salvation Army, sails for New York tomorrow on board the Lusitania. It will be his first visit to America, where he expects to secure some Salvationists and volunteers for China, where the work of the Salvation Army is to be vastly increased in the near future.

While in New York, General Booth may meet his brother, Ballington Booth, but it is felt in Salvation Army circles here that all hopes of a reconciliation will be futile, unless the volunteers of American make the first advances.

## WOMAN FOILED POLICE IN SMUGGLING CASE

Escaped When Raid Was Made  
—and Warned All Her  
Pals.

[Canadian Press.]  
Cleveland, Oct. 24.—It became known here today that the federal raid yesterday on jewelers suspected of taking part in a \$50,000 smuggling plot was to have extended to Buffalo, Akron, O., Detroit, Mich., and several other points, but that arrests were foiled in these cities by a woman who used the long-distance telephone. As a result, half a dozen suspects escaped the government net.

The Cleveland raid led to the home of William Levi, pawn broker and jeweler. Levi was arrested, but the secret service operatives, under command of John E. Washer, say that a woman who escaped succeeded in getting warning to the suspects in other cities.

## ARRESTED FOLLOWING SEVERAL ROBBERIES

Detectives Take Thomas King Into  
Custody Under Suspicion.

The detectives placed under arrest this afternoon a man who gives the name of Thomas King on suspicion of being connected with several robberies that have occurred in the city in the past few days. Thursday afternoon a man walked into Fox's pawnshop on Clarence street and stole a suitcase, a safety razor, a suit of clothes and other articles. Somebody also broke into and robbed the haberdashery of T. Eaton, Richmond street north, Wednesday night, while several days ago an overcoat was stolen from the Brunswick Hotel. When arrested King was trying to sell some of the articles. It is said he will come up for trial on Saturday morning.

When a good-sized touring car came rushing up the street at about thirty miles an hour and slowed down just enough to take the corner on two wheels, his astonishment was extreme. The old fellow watched the disappearing car with bulging eyes and open mouth. Then, turning to a bystander, he remarked solemnly: "The horses must shilly have been travelling some when they got loose from that gentleman's carriage!"

## MR. BENSON ON ART AND LIFE

Noted Shakespearean Actor and  
Student Addresses Canadian  
Club.

### "CANADA LAND OF HOPE"

A seer of visions and dreamer of dreams is Dr. F. R. Benson, of the Stratford-upon-Avon Players, who addressed the Canadian Club today afternoon, but he is a seer and a dreamer who is actualizing his dream in his art. Possessing a strikingly artistic personality, a pleasing manner, which at once gains him the confidence of his audience, whether he is speaking or acting, the consensus of opinion expressed by the members of the Canadian Club, who crowded to the limit of their capacity the grillrooms of the Peacock House, was that Dr. Benson's lecture was one of the really best addresses ever delivered before the club.

Mr. J. I. Flower, alderman and ex-mayor of Stratford-upon-Avon, gave a brief address on "The Stratford-upon-Avon Movement." The people of that city had established, as a fitting memorial to Shakespeare, a theatre in which all his plays could be acted, and the financial success of the enterprise was a dramatic instance of the truth of life in no better way than through the medium of the drama, he brought home to humanity.

Dr. Benson spoke of "the larger hope that makes glad the faces of the people of this continent." It is a country, he had observed, that is founded on the principle of "bread and salt, brother," for the stranger folk who crowd to its shores. Here hate dies and racial prejudices are buried to rise no more.

The Stratford-upon-Avon festivals, he said, ought to be to the English race what the Olympic festivals were to the Greeks. The history plays there produced show how the Anglo-Celtic race has become what it is and how it can remain what it is. No country could be conquered by war, but the English language and the English thought were destined, through the imperialism of the race, to lead to the brotherhood of all mankind.

Where the man of art is regarded as useless and superfluous, the people find their only escape from the commonplace of life in getting drunk or similarly celebrating bank-holidays by bringing art into closer touch with the life of the people, the world would be saved.

## PRISON HOSPITAL IS POORLY CONDUCTED

Untrained Convicts Have to Act  
as Nurses and Dress  
Wounds.

[Canadian Press.]  
Kingston, Oct. 24.—Interesting evidence of two convicts, without any qualification for the work of dressing wounds of patients at operation in the penitentiary hospital, was given by prisoner F 292 today. His description of the crude performance was impressive.

Dr. Edwards made a point of the fact that this was tolerated by Dr. Phelan. Witness also told of the crowding of the meals on holidays and Sundays. The three meals were served within five hours. Breakfast at 8, dinner at 11, supper at 1:30. Nothing more was served till 8 o'clock the next morning.

These conditions did not extend in the pen generally. Convicts not in the hospital for dinner had rations served sometimes after 2 o'clock, and could eat it when they liked. In the hospital the convicts were supposed to eat their dinner at once, as the orderlies were supposed to remove all the dishes from the cells. The testimony of E. 551, a convict who was a professional nurse, was very strong against conditions in the hospital. The stench from some of the patients was terrible. If the wounds and bed sores had been properly dressed and the patients bathed such conditions could not have developed. He cited two or three cases of men now in the hospital who had been there from three to eight weeks without getting a bath.

## S. S. TEACHERS ARE COMING TO LONDON

Big Annual Meeting To Be Held Here  
Next Year.

[Canadian Press.]  
Ottawa, Oct. 24.—Next year's dual conventions of the Ontario Sunday School Teachers' Association will take place at Kingston and London. The official convention will be held at London, where the reports of the officers will be read and business for the year transacted. This was decided at a special meeting of the executive of the association today. Dates are not yet named.

"Over 70 per cent of the electorate of the Dominion of Canada expect bribes for their votes, and I firmly believe that the bulk of the community is every bit as bad as the bribing of the individual," said Rev. T. Albert Moore, D.D., of Toronto, general secretary of the department of temperance and moral reform of the Canadian Methodist Church in an address today. Speaking of political purity, he said it should be taught in the homes of the country boys.

## SERT. SPROULE'S FUNERAL

The funeral of Quartermaster-Sergeant Sproule, of the First Division, was held at the Wesleyan Barracks this afternoon at 2:30 to Mount Pleasant Cemetery. The funeral was a military one. The gun carriage, bearing the body, was accompanied by a corporal and eighteen men. The remainder of "K" Company, R. C. R., fell in behind. At the grave a firing party were stationed and after "Taps" were sounded a volley was fired. Rev. D. N. McCamus, of Colborne Street Methodist Church, conducted the services.

The funeral was held under the auspices of the Orange Lodge, of which Sergeant Sproule was a prominent member. Members of Union Masonic Lodge also attended the funeral.

# Saturday Will Be a Great \$15 Day

The best and largest makers naturally come here first with their showings, for "real" orders, and not newspaper bombast, count with them. And from the showing of a dozen of the leaders we've chosen this great range of popular-priced garments. Better than we've ever done in the past, and better than any similarly-priced garments shown in Western Ontario—that we know and can prove. If you belong to ever-increasing "show me" class of buyers, we'll welcome you on Saturday.

## The Overcoats at \$15.00

Every popular fabric, including chinchillas, brushed cloths, kerseys, chevots, beavers and fancy-backed tweed-coatings, in new and snappy shades of nut brown, true blue, tan and gray, besides staple blacks and Oxfords; plain colors and swagger new patterns in checks, plaids and stripes.

The styles include the snappy "Varsity," a shawl-collar coat in 46 and 50 inch lengths, with belted back, some with the new pleat in centre seams. The "Standard," a splendid Chesterfield model. The King George, a convertible collar model, in both single and double breasted; and many varieties of these styles.

The tailoring is worthy in every way, the fitting qualities are up to the "Young" standard, which means perfection.

## The Suits at \$15.00

Smartness is the keynote of this range, for even in the more staple models we've got a cleverness that's altogether lacking in most of the garments you'll find at this price. You'll find that smartness not alone in the cut and hang of the garments, but in the fabrics, designs and shades, which include the new pencil stripes, pin checks and neat diagonal effects, snappy Scotch tweed effects, and handsome blue serges complete this most comprehensive showing.

We show new Soft Roll English Coats and Semi-English Coats, as well as the newest and best of the more conservative styles. Trousers are peg top, standard or English, and can be had with cuffs in all lines. High or medium cut Vests as you desire. Clever tailoring distinguishes the range throughout.

## Society Brand, the "Triple Alliance" Clothes American Styles, Canadian Make, British Fabrics

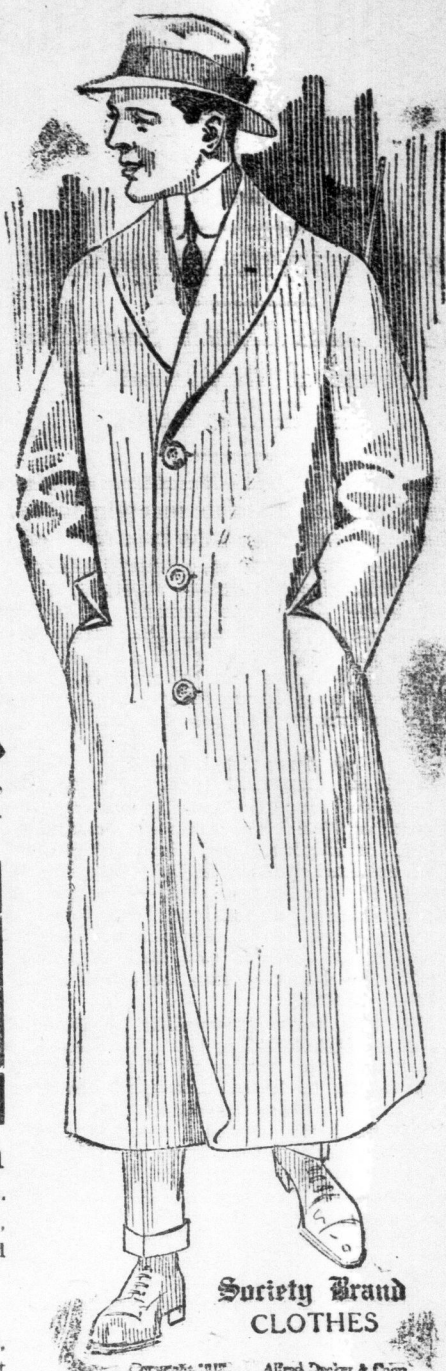

There's a cleverness to these clothes that men say they simply can't get elsewhere. There's a goodness that we know can't be had at equal prices, and there's an absolute exclusiveness about the designs that will be sure to please you.

Suits and Overcoats in just the models that are selling best in the big American cities, and in the far-famed British fabrics. All are strictly hand-tailored.
