ATTENDING CONVENTION

Ensign Hamilton, 514 St. George Street, is attending the florists' convention at Peterborough. Mr. Hamilton is a past-president of the association.

HEAVY LIVE STOCK TRAINS.—G. T. R. officials report extra heavy exports of live stock from Western Ontario to buyers in England, hardly a week passing without several long trains passing through.

TO ASSIST ADJT. MARTIN.—Ensign Alfred Crow, will arrive in the city today from Toronto to assist Adjutant Martin in his duties with the various corps of the Salvation Army, in this district.

BUILDING PERMITS.—A. Fox has taken out a building permit for the erection of a one-story garage dwelling on Linwood street at an estimated cost of \$3,500, and S. Liberson will erect a frame store on Maitland street to cost \$300.

TAKES HEMORRHAGE.—Wm. Griffin took a hemorrhage of Pine Lawn at 12:40 o'clock noon today, and was taken to his home, 212 Emery street, in the police ambulance, which was in charge of Police Constable John Macdonald.

QUALITY MERCHANTS GET ORDERS FOR SCHOOL SUPPLIES

Orders Given For 50,000 Work Books and Other Necessaries.

W. A. Tanner, secretary of the board of education, announced today that all orders for supplies for London's public schools to be utilized during the ensuing year have been placed. A feature of this announcement is that all orders have been placed in London, local merchants and publishers obtaining this trade.

However, some of these merchants will be compelled to purchase supplies, such as maps, which are not manufactured here, in other cities of the province but will obtain a legitimate profit on such transactions. It is pointed out that such supplies retail here just as cheaply as the manufacturer will quote to the school board.

Included in the orders are deals for 30,000 work books of various sizes and 20,000 ruled exercise books, which are being bound by local publishers, who manufacture them. While the lower end of the list is complete, there is a factor in awarding the contracts, as did also payment of freight from outside points, which increased the cost, assisting local merchants to obtain the orders.

Preliminary figures compiled by the local branch of the Soldiers' Aid Commission, showing what use has been made, by the returned men, of the organization, were obtained in view of a report published in a local paper recently that orders had been received to cut the staff of the local branch there by reducing the work correspondingly and probably close the branch within one year. One of the local officials denied to-day that there was any intention to close the work of the commission entirely.

He said, "While it is true that we have orders to curtail our work to some extent and to reduce our staff, the local executive consider the work has developed to such a great extent and has assumed so much importance among the returned men of London and district that it cannot be rendered inefficient at this time."

Over 38,000 Veterans.—According to the figures obtained over thirty-eight thousand returned soldiers have made up the office of other calling in person or writing in for the assistance required. Since the local branch was constituted, in August 1, 1916, this number does not include the large number of veterans who have joined the Soldiers' Aid real "AID" when they found themselves in need of assistance or advice.

To give some concrete idea of the growth and continuing use of the commission by the returned men, the past four years' figures are given as follows: For the year ending July, 1918, 4,246 men used the office; 1919, 7,722; 1920, 12,420; 1921, 18,613. Thus it will be seen that although there was a slight reduction for the past year as compared to 1920, the number recorded proves beyond question that the service rendered by the local commission is readily seen that the work has been gradually changing during the past year from work for the returned man to work for their dependents. The welfare of the soldier's family is greatly troubled during the past year, and in doing so has earned the respect and cooperation of all organizations doing social service work in the city. This includes the local branch of the United Cross Society, who have on several occasions appropriated large sums of money to be spent under the direction of the commission's welfare workers among the needy families of veterans in the city.

WORK IS NOT YET FINISHED

Given Assistance or Advice.

VETERANS' DEPENDENTS

Boys and Girls of Heroic Dead Are Cared For.

Arthur Mould, chairman of a committee of the trades and labor council, recently selected to discuss unemployment issues, intimated to The Advertiser yesterday that as far as he was aware that the local committee would not be represented at the general meeting of the Unemployed Association of Canada, called for Monday next in Toronto. The chairman advises that his committee had not met for three weeks or more, and unless the members decide to participate he will take no steps in the matter. Although he says he may be in Toronto on that date it will be purely in an unofficial capacity.

The headquarters of the unemployed organization in Toronto announces that an appeal will be made to have the various trades unions of the province and the different returned soldiers' bodies send their delegates. "Work or Unemployment Insurance" has been adopted as the slogan to impress the Dominion government with the general situation as regarded as serious.

"Have heard nothing of it," commented a member of the local G. W. V. A. executive. "Although the majority of us are not in favor of unemployment insurance, I am sure that we will not be represented at this gathering."

Maxwell Armstrong, whom it is stated is very active in Toronto in the furthering of this movement, is said to be well known by a certain branch of labor workers.

Some time ago, Hon. Mr. Robertson, Dominion minister of labor, gave as his opinion that a considerable length of time would be required, possibly two years, to introduce unemployment insurance like that of the United Kingdom, with any degree of success, some of the local labor men insist that such could practically be accomplished overnight.

WILL REMODEL AND ENLARGE RONALD-ROY GRAY MEMORIAL HOME

Salvation Army Plans Erection of Cottage Homes On Estate.

Col. A. Miller, architect and property secretary for the Salvation Army in Eastern Canada, is expected to arrive in the city shortly in connection with the renovation of the new Ronald Roy Gray Memorial Home on Windsor road. The present structure will be practically remodeled from garret to basement, and the bricks will be covered with stucco.

As the present building will only accommodate 40 children, so soon the renovation is completed several cottages will be erected on the grounds which the Salvation Army own in the same block. It is understood that six local trades unions of the province will be invited to advise receiving cottages will be erected on the grounds which the Salvation Army own in the same block. NEW YORK, Aug. 9.

Detectives are searching for Robert Potter, a chauffeur whose address they do not know, in the hope of clearing doubt as to the exact cause of the death of a woman whom they believe to have been a former Baltimore society girl, and whose life came to a sudden end recently.

The woman, on whose body an autopsy will be performed to determine whether the medical examiner's office is right in its belief that the doctor who killed her was, in the opinion of the police, Sarah Cambellina Coven, 32 years old, daughter of the late John K. Coven, one time president of the Baltimore and Ohio Railroad. In 1909 she contracted a romantic runaway marriage with Charles Monson, junior, son of a retired New Haven capitalist, whom she divorced in Washington State two years later on the ground of desertion.

Potter and the woman went together to the Hotel Maryland in West Forty-third street last Saturday night, and were registered as man and wife. In the morning Potter left suddenly after telling the clerk that the woman was not his wife, and that she was very ill. The local physician found her in a coma and summoned an ambulance from Flower Hospital. Dr. Miller said the woman was dead when he got there. A package believed to have contained morphine was found in her room, together with two empty glasses near the bed.

Rose Whitney, "of 123 West Fifty-fifth street," which proved to be a car barn, and Frances Tapp, whose mother-in-law she was, returned to 123 Manhattan avenue, identified the body. Examination of police records then showed that the woman, having been discharged because of insanity in 1914 from West-Central Hospital, where she was a probationary nurse, had been arrested as a drug addict and sent to Blackwell's Island to take the cure.

Since she left the island, though it was said she was known in the neighborhood of the hotel where she died as a drug user and heavy drinker.

Known as the most beautiful debutante of her season in Baltimore, Mrs. Coven, after her marriage and divorce, passed out of the ken of her former associates, and word from her for a few years. Reports that she had inherited a fortune from her father and spent it in dissipation were denied.

Miss Coven met Monson when her car smashed into a building, and she towed his car to a garage. They were fast friends by the time they reached the garage, and ran away to the Little Church Around the Corner hotel, where they were joined by her mother.

Her mother died many years ago, but society folk in Baltimore still remember her, and were shocked to learn the manner of her death.

FINISH TWO WEEKS TOUR

Colonel McMillan, second in command of the Salvation Army in Eastern Canada and Adjutant Martin, of the London District, have just completed a two weeks' tour of inspection of the social institutions and several of the corps of the Dominion.

BROKE GARAGE.—J. N. Strathairn reported to the police today that last night someone broke into his garage at 57 Elizabeth street and stole a pair of shoes and a pair of socks, and left the door open, leaving the latter wide open. The last time that Mr. Strathairn saw his car intact was at 9:30 o'clock.

NO QUORUM.—Because Dr. O. I. Cunningham, chairman of the board of health, and other members of that body are absent from the city on vacation, the regular meeting, scheduled for Tuesday afternoon was called off. J. H. Saunders was the only member to put in an appearance, and he pronounced the verdict "No quorum, no meeting."

GO TO LAKE COUCHICHING.—Secretary E. J. Jenkins of the Y. M. C. A. left this city yesterday for the lake resort of Couchiching, Ontario, where he will attend a conference on "Membership." Following the lectures, which will probably take one week, Mr. Jenkins will spend the remainder of the month on his vacation at the lake resort.

CONDUCT SERVICES AT CITADEL.—Brigadier Muirhead, of the International Headquarters of the Salvation Army, London, England, is at present in Canada in connection with the Salvation Army trade department and will arrive in London the latter part of this week. He will conduct the service at the Citadel on Saturday night and also on Sunday.

BUILDING PERMITS.—Mrs. C. Wilson has taken out a building permit to erect a 1 1/2-story dwelling of brick construction on Carleton street at an estimated cost of \$4,000, and E. Bouchard will erect a similar residence on Dufferin avenue at the same cost.

H. T. Thornton has been issued a permit to build a 1 1/2-story stucco dwelling on Emery street, costing \$2,000.

BIBLE WAGON IN DISTRICT.—A gospel wagon is the latest extension of the City Mission on Dundas street. The large motor truck, with organ and a platform for speakers, has been fitted up. In charge of Albert Lewis, the wagon last night visited the village of Arva, where a number of interested persons were secured. The organ is played by Mrs. Lewis, and other members of the City Mission take part in the program.

BROKE INTO GARAGE.—Some thieves used to be described as being so mean that they would rob a cradle or a baby buggy, but one went one better last night and stole a baby buggy, the property of Mrs. Malouin, 232 Central avenue. However, a shabby old buggy was left in its place. Mrs. Malouin's buggy was a cream-colored one with long handles and nickel-plated fittings. Some blankets and a quantity of baby clothing was in the stolen buggy.

AWARDED \$375 DAMAGES

In the action of Robert vs. Wilkinson, which was tried before Judge Tabach, in the county court several weeks ago, the judge has awarded the plaintiff \$375 damages. On July 11 the judge found that there was no evidence upon which it was possible to assess the damages for the defendant's breach of that contract, and he dismissed the action.

The plaintiff to give evidence of such damages before me instead of (1) entering a verdict for nominal damages, (2) refusing the assessment for damages. Accordingly on July 30 the judge made the award. The plaintiff was suing for damages for breach of contract.

WILL NOT INTERFERE WITH SHEEP PEN SITE

Board of Health Does Not Consider Short Period a Nuisance.

Despite the fact that property owners of East London, residing adjacent to Queen's Park, have registered objections to sheep pens being maintained near the southwest angle of the park during the summer months, the Board of Health, who are making a site for sheep pens, will not be interfered with in their operation of these pens.

The reason for such action in regard to what the complainants designate as a public nuisance is the fact that the site is being used for a short period of one week, and that the occupants will be of interest to thousands of visitors to the fair, while only a few if any citizens will be inconvenienced.

"It would be a shame to deprive visitors from the country an opportunity to view prize sheep," said A. G. B. Drake, who is also a member of the Board of Health. "The sheep will only be in for a few weeks, and I do not think they will constitute a nuisance. The smell of sheep pens is healthy."

ABANDONED CAR AND TEN EMPTY WHISKEY BOTTLES FOUND HERE

Auto With License Number 101-218 Discovered On Hamilton Road.

Police are seeking the owner of an auto bearing Ontario license No. 101-218, which was abandoned by two men on a bridge on the Hamilton road just east of the city last night. A tourist going to Toronto informed Police Constable Louis McCaughey early this morning that the car had been left there.

In company with Sergeant Elmer Walsh and Constable Percy Last, the officer went to the scene and found the car, but three tires and a battery had been stolen. It is a large car, and ten empty whiskey bottles were strewn around. One bottle filled with port wine was also found on the ground.

"It car is thought by the police to be owned in St. Thomas.

NEW YORK STOCKS

New York, Aug. 10.—Wall Street, 10:30 a.m.—The stock market started in the same spiritless fashion that has distinguished it of late with the trading lower. Oils were affected by the cut in prices of the product, Atlantic-Gulf in its largest annual shipment, and the roads on the large industrial slirraige in crop yields. Studebaker, Chandler, Packard, International Harvester, Ford, General Motors, and American Car and Trailer Co. were among the stocks that were in the lead.

Two Ribs Broken When Rider Was Knocked Off Bike

Ernest Rider Struck by Auto Driven by Gordon Calhoun.

Knocked off his bicycle when he was struck by an automobile about 10 a.m. today, Ernest Rider, 835 Lorne avenue, suffered the fracture of two ribs as well as some minor injuries.

The accident occurred at the corner of Queen's avenue and Wellington street. The machine, driven by Gordon Calhoun, was making the turn on to Wellington street when the collision took place with Mr. Rider, who was approaching from the south. A physician was called, and following a hasty examination, the stricken man was hurried home in the police ambulance.

The driver of the car explains that he was making a wide turn and traveling at a very moderate rate of speed. Both men, incidentally, are employed in the local postoffice.

GOSPEL TRUCK MEETING.—Under the auspices of the City Mission a gospel truck meeting was held at St. Johns last night. There was a large attendance and the service was interesting. Another meeting will be held at St. Johns on Tuesday next and one will be held at Lambeth on Friday.

TASCHEREAU RESENTS GREAT OIL DISTRICT CRITICISM OF "DRY" IN ASIATIC RUSSIA

LAWYER OF PROVINCE REPORTED IN FLAMES

Declares Secretary of Anti-Liquor League Is Not Sufficiently Informed.

Fires Are Raging in Many of the Wells in Suburbs of Batum.

Montreal, Aug. 10.—Hon. L. A. Taschereau, prime minister of the province of Quebec, when interviewed regarding the criticism of the liquor law made by R. L. Werry, secretary of the Anti-Liquor League, in Sherbrooke Street Methodist Church last Sunday night, said that Mr. Werry had the right to his personal opinion, but he preferred the opinion of the highest Protestant clergy in the province. These authorities, the premier said, had declared themselves satisfied with the present liquor law.

Mr. Taschereau added that if Mr. Werry were so anxious to reform morals in the province the best thing would be for him to present himself as a candidate, enter the Legislature, and make his opinion known to the House.

"I note also that Mr. Werry speaks in the name of the Catholic Church," said the premier. "Has he the authority to do so? In any case, if he saw the testimony which we have received from the authorities of the Catholic Church in connection with our liquor law he would be forced to admit that he is no better informed in the affairs of our church than on political matters."

LIQUOR CONFISCATED BY INSPECTOR GOES TO AYLMER CITIZEN

Disposition of Other Whiskey Cases Seized Will Be Decided At Later Date.

[Special To The Advertiser.]—The disposition of two hundred and twenty-three cases of whiskey, valued at \$9,000, that had been consigned to residents of Aylmer and Yarmouth Township and which were seized by Inspector Ross before the St. Thomas April 30 last, was settled in part last evening. The sixty-three cases of whiskey addressed to George Laur, Aylmer, were directed to be returned to Mr. Laur; sixty cases addressed to William Orris, Aylmer, and forty cases to George C. Stover, Aylmer, were confiscated. The question of sixty cases purporting to be owned by M. Wilson, Aylmer, was left undecided on account of the inability of the officers to locate Wilson. This end of the case will be disposed of September 8. In the meanwhile, the Grand Trunk depot at Haverhill will be summoned and if Wilson cannot be found the liquor will be confiscated. Orris and Stover swore at the hearing that they had nothing to do with the ordering of the case of liquor. Mr. Orris admitted he was very much surprised when he had learned that whiskey had been purchased on his name. Mr. Laur acknowledged he was innocent of the fact that the liquor in the big consignment had been ordered under assumed names.

Knocked off his bicycle when he was struck by an automobile about 10 a.m. today, Ernest Rider, 835 Lorne avenue, suffered the fracture of two ribs as well as some minor injuries.

The accident occurred at the corner of Queen's avenue and Wellington street. The machine, driven by Gordon Calhoun, was making the turn on to Wellington street when the collision took place with Mr. Rider, who was approaching from the south. A physician was called, and following a hasty examination, the stricken man was hurried home in the police ambulance.

The driver of the car explains that he was making a wide turn and traveling at a very moderate rate of speed. Both men, incidentally, are employed in the local postoffice.

GOSPEL TRUCK MEETING.—Under the auspices of the City Mission a gospel truck meeting was held at St. Johns last night. There was a large attendance and the service was interesting. Another meeting will be held at St. Johns on Tuesday next and one will be held at Lambeth on Friday.

RUSSIAN FAMINE QUESTION TO COME BEFORE COUNCIL

Paris, Aug. 10.—Tension over the Upper Silesian question, which was ranked when the supreme allied council began its sessions here on Monday, appeared to be materially decreased when the council met today. Yesterday's frank exchange of ideas, and the agreement of France, Great Britain and Italy, in principle, to the frontier to be drawn between Poland and Germany through the Upper Silesian subsidence area, appeared to have cleared the situation.

Russian matters are still to be discussed by the council, and it is probable that the letter written by Pope Benedict, invoking aid for the famine-stricken districts of Russia, may be laid before the council during the present meeting.

Members of the inter-allied financial commission met yesterday and decided to form a committee to determine the total cost of maintaining the armies of occupation in Germany up to May 1, 1921. Another committee will examine the cost of maintaining these troops since that time.

WINNIPEG MAYOR FAVORS PROVINCIAL CONFERENCES ON UNEMPLOYMENT ISSUE

Yanovitch, Aug. 10.—Mayor Edward Parnell of Winnipeg, arrived here last night to investigate proposed methods of unemployment relief, preparatory to attacking the problem in Winnipeg. He stated emphatically that Winnipeg would not revert to the last winter's method of relief. "What we want is work, not doles," he said.

Mayor Parnell favored Senator Robertson's idea of provincial conferences on unemployment, leading up to a Dominion conference to deal with the question on a national basis.

Mayor Parnell probably will attend British Columbia's conference on unemployment, to be held here today.
