KING DEFINES TORYISM AS

Pleads For United Action Against Powers of "Industrial Plutocrats."

RAPS MEIGHEN SENATORS

The North York Candidate Charges Government Throttled Board of Commerce.

STOUFFVILLE, Ont., Oct. 28.—(By South Toronto riding, was the first ville. speaker here this afternoon at Hon. Wm. L. Mackenzie King's meeting.

in the constituency of North York that Mackenzie, constitutional government was cradled balanced Liberalism is the only hope fought in North York.

came the great problem, not only of taking care of the returned soldiers, but of the common people. The Winnipeg of the day. Speaking of the common people. The Winnipes of the day."

Speaking of the National Railways, against all government, as had been said, but an expression of dissatisfaction with the existing government.

CATARRHAL DEAFNESS AND HEAD NOISES

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phiegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist to ounce of Parmint (Double Strength). Take this home and add to it ¼ pint of not water and a little granulated sugar; stir until dissolved. Take one table-spoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should besome easy, while the distressing head noises, headaches, duliness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective learing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this afficacious treatment. It is said that the early ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment—Advt.

work in the interests of the common

Silently Opposed Board. Ottawa, however, he said, seemed to have not merely a luke-warmness towards the efforts of the board, but a silent opposition. Finally there came the time when he was called before an aged and venerable gentleman who gave him an hour and a quarter of gentle scolding and made it very clear that he, Mr. Murdock, must not antagonize those interests upon which the Government had always counted for support, and so, from then on, the clamps were put on a little harder. Obstacles were quietly put in the way f the board's doing those things which

was formed to do.
Thus, there was nothing for him to do but resign the position, notwith-standing the sacrifice he must make, said Mr. Mrudock. He could have nothing to do with the "contemptible arce" which the cabinet was carrying on to fool the people of Canada. It was othing less, he said, than covertly stealing from the common people. On forthcoming occasions he would have nuch more to say about the board of

ARMS PARLEY OPENS NOV. 12

U. S. "Unknown Soldier" Ceremonies On November 11 Cause Delay.

WASHINGTON, Oct. 28.-Definite WASHINGTON, Oct. 22-Definition of decision to hold the first session of the conterence on limitations of armaments on the morning of Saturday, November 12, instead of Armistice Day, November 11, was announced today at the state department.

It was found impossible to recontinuous propriet and proposed to the state of the state o

cile even an informal gathering of the conference on Armistice Day with the program of ceremonies connected with the burial of the United Statos "unknown soldier."

The conference will be called to order by Secretary of State Hughes, and the welcoming address to the delegates by President Harding will follow. It is expected that the conference will then perfect its organization and adjourn to take up its real deliberations.

to take up its real deliberations.

The appointments of committees to consider special topics, arrangements of conferences in which those nations invited to participate only in the dis-cussion of Far Eastern and Pacific problems may be present, and similar matters will be deferred until the following Monday.

Progress is being made in the pre-

paration of the auditorium in the cept by representatives of the press and members of congress who will be given seats provided for the use of the various embassies and legations in

American Revolution, adjoining the Pan-American Building, where the open sessions of the conference will be held. The delegates will sit at a horseshoe-shaped, or rectangular table during the sessions, with the interpreters and other aides in the open space inside the tables, and the delegates themselves facing each other around the other side of the conference table.

The general public probably cannot be represented at the sessions, extended to the various embassies and legations in Washington.

The seating capacity of the hall will not admit of any wide distribution of seats, as the total number available for all purposes will be less than 1,200. So far as the sessions of the conference are concerned it was emphasized today that the state department was anxious to provide every possible means of publicity in order that the general public could know what was being done.

Kidney Disease

If you would guard against chronic diseases of the kidneys or bladder, take Gin Pills at the earliest sign of kidney trouble. Shall He Have A College Course?

THE question is often de-bated: — Is it worth while for the young man to spend four years in college? Does the expense of a university training pay?

Statistics show that while only two per cent. of the people of America are educated at college, no less than seventy per cent. of the leaders of the nation in politics, commerce and the church come from that little two per cent. of the people-"the college-trained group".

We all know that a college education is necessary for the adequate training of engineers, chemists, clergymen, actuaries and astronomers, but the evidence is also overwhelming in proving that the college-trained man wins in every other line of business endeavor.

Shall your boy become one of the leaders?

The answer depends very largely on his education.

He cannot get that vital college training without

"Are you going to send me to College?

your help and encouragement.

To make sure that the boy will obtain a college education, take out a policy of insurance on father's life that will mature at the age when the son will be ready to enter college. It is not hard to save the money for the college course in installments spread over ten to fifteen years.

There are Ten Year and Fifteen Year Mutual Life Policies that are ideal for this purpose. Ask the Mutual Life Agent about them.
