## PEOPLE'S RAILWAY MEN AT WORK

A FORCE OF THEM AT NEW HAMBURG.

In last week's issue we stated that the surveyors for the People's Railway would be at work inside of one week's time, and no doubt many people in the locality are watching for their arrival. On Monday last Mr. Warfield, Construction Engineer, and party of surveyors and chainmen started to survey the route of the proposed railway, between New Hamburg and Stratford via Tavistock. Mr. H. Stuart, of Mitchell, Ont., Provincial Land Surveyor, Mr. J. H. Wood, of Havelock, England, draughtsman, and Messrs. Kerr and Kropf are among the party.

The line has been surveyed from the G. T. R. station through the main thoroughfare of New Hamburg, including Waterloo east and west, and Peel streets, to a point south of Raul's Brewery, thence through Wilmet Tp. to Perth County.

A profile of the route is being made at the Company's office, New Hamburg. The surveyors will continue until they have completed their part of the work. Particular care is being taken with the survey, in order that the lowest possible grades may be obtained, as it is the object to make it the most up-to-date and most profitable road in Canada.

Messrs. N. R. and W. A. Bugg, the President and Secretary-Treasurer of the company, are busy promoting and superintending the whole project, and judging from their acknowledged ability and energy, we predict a successful result.

The fact that the railway will act as a medium for distributing electrical energy to the rural municipalities, villages and towns, adds greatly to its possibilities, and makes it even more certain that the project will be a profitable one. These villages and towns, by reason of obtaining cheap power, and good shipping facilities, will rapidly develop into large manufacturing centres. The great growth and influx of population in Western Canada is creating a greater demand for manufactured products than the present manufacturers of Ontario can supply, and as this growth will continue for many years, it necessarily follows that the district in which Niagara Power can be used will become a hive of industries. The People's Railway is being started right in the heart of this district, and it is the object to extend the present proposed line into the surrounding districts as the population and business will warrant it.

It is the intention of the company to extend the line of Stratford to Listowel, south to St. Mary's, and west to Goderich and Exeter. Inquiries have been received from several of these outlying municipalities asking that the company extend lines into these districts.

The plan of the proposition, though a new one, is meeting with general favor and support of the municipalities and we have every reason to believe that it will be a great success. —The New Hamburg Independent.

## ELMIRA EVENTS

Elmira, July 3.—Dominion day was celebrated very quietly here. The E. M. S. band went to Elora, being engaged for the morning and afternoon. In the evening the band went from there to Alma, where they played at the Methodist camp games party. The baseball team also played at Elora and was defeated by 12-11.

The English Methodist church held their annual picnic on Thursday at Mr. Peter Miller's grove.

A large number of people went to Berlin and Waterloo for the day, and the Ratz relations held a reunion at St. Jacobs on the old homestead. This left our town very quiet owing to the Elmiraites spending the day out of town.

A number of our sports here attended the horse races at Stratford on Thursday.

Mrs. L. Kieffer and daughter Jessie of Henson visited friends here this week.

## MEIK — CRUSE.

The home of Mr. and Mrs. Carl Kruse, Albert street south, was the scene of a very pretty wedding on Thursday evening at 8.30 o'clock, when Miss Anna Kruse of town was married to Mr. Frank Meik of Hamilton. The bride was unattended and was becomingly attired in her travelling suit of navy blue with an ecru shade lace waist. Only the immediate relatives witnessed the ceremony which was conducted by Rev. F. E. Oberlander. Mr. and Mrs. Meik will reside in Hamilton after spending a few days with friends in town.

The choir of Trinity Methodist church held a thoroughly enjoyable picnic at Idylwild on Saturday.

The Sunday School picnic of Trinity church will be held on Thursday at Victoria park.

## BERLIN MEN ARE INDIAN CHIEFS

QUARTET OF CITIZENS RECEIVE HONORS FROM SIX NATION INDIANS.

AN INTERESTING CEREMONY.

The big midsummer carnival closed on Saturday evening after a four days' run that was not too successful. The rain of Friday evening and the cool weather of Saturday militated against the attendance that was expected.

During the evening the Indian colony that had been here for the week put on a unique ceremony—that of bestowing the titles of honorary chief upon a number of Berlin people. One thus honored was Eric Vanderhark, who was named Chief Sower-shawana (Large tract of land), of the Onondaga tribe of the Six Nations. The title was conferred by Chief Johnston Williams of the Fire Keepers, who, in a brief address thanked the Berlin committee and citizens for their courtesy and kind treatment extended.

Mr. F. H. Illing was given the title of Chief Bariwangomazap, (Looking after everything), of the Seneca tribe, by Warrior Bera Ground, of Akron Co., New York.

This is the Indian name of President Schmalz of the 29th Regt. Band, Chief Tjilohansere, (The dawn of the morning), named after P. J. Atkins, manager of the Indians, by Chief Split Shi.

During the evening the celebration officials and the Indians were tendered a splendid complimentary entertainment at the Star Theatre at the close of which "Pop" was honored with a citizenship. He is named Chief Grandfather, after the late chief, and the honor was conferred by his nephew, Mr. P. J. Atkins. Mr. Philip was appointed judge for the big fair at the Indian reservation, Sept. 30, Oct. 1st and 2nd.

The Committee desires to especially thank Messrs O. Ruppel, G. Englert and H. Martin for their assistance. The quartette work of Messrs. Stuebing, Knipfel, Zimmer and Kaufman made an especially big hit on Saturday.

## ARRESTED ON FRAUD CHARGE

PLEADED GUILTY AND NOW IS TO FACE ANOTHER ONE.

WAS OUT ONLY SHORT TIME.

Acting on the advice of High Constable Huber the town authorities arrested Conrad Sutter on a charge of securing 75c on false pretences. He pleaded guilty and was remanded until Friday for sentence. Another charge—one of forgery, is now to be laid. Sutter was discharged from jail in February after doing 30 days for fraud.

## A SPLENDID OUTING.

The St. Peter's Young People's Society excursion to Niagara Falls on Saturday was a great success. The train of ten coaches reached the Falls about noon, and on their return arrived at Berlin at 4.30 Sunday morning.

## DECLARATION OF INDEPENDENCE.

This year thirty-two excellent greens will be available for the increasing number of bowlers who come to the Twin City for one of the most pleasant outings of the bowling season.

There will be three competitions, the first being for the magnificent Seagram trophy, followed by the consolation and consolation contests. There will be no singles or doubles. ### DITCHBOARDS AROUND GREEN.

At the last annual general meeting of the Scottish Bowling Association a report was made to the committee to consider the question of whether ditchboards around bowling greens should be retained, or whether gravel or sand, or such like substance should be substituted. The matter being of much importance, the committee caused a circular to be issued to all constituent clubs, and invited them to say whether they favored ditchboards or ditches with gravel or sand. One hundred and fifty clubs—less than one-half of the association's membership—responded. Of these clubs 74 possess ditchboards, 43 gravel, and 23 sand, and ten have other substances in their ditches. The committee, in consequence of the diversity of practice, existing in clubs, did not feel justified in recommending any change.

Laundrymen appreciate the bowling season. They don't bow! but they are great in removing green knees from white trousers.

IN THEIR GAME WITH PRESTON.

The Cubs added another to their list of wins on Saturday, when they went to Preston, and before an audience of about 15 boys, 3 men, a broken down race horse, 2 dogs and several tons of long grass along the diamond, trimmed the Springs men to a frazzle. The score was 11 to 4, and the Cubs were never in danger. Turner pitched a good game, striking out twelve batters. He allowed six runs, but plugged three batters and issued two deadballs. The Berliners went at Evans right off the reel and landed five runs in the first. Eleven men faced him. Four got safe hits and with three juicy line errors they netted five runs. Three more errors and two hits added two more to the Cubs' tally. The Berlin men gave Turner well support.

### NEW CHURCH AT HAMBURG

CORNER STONE LAID ON SUNDAY.

The corner stone of the new German Baptist church in New Hamburg was laid yesterday afternoon. In the presence of a large gathering of people. The weather was ideal for the occasion. The new building has been completed to the satisfaction of the church, and the corner stone was laid on Sunday.

These were overlaid with boards and the united choirs of the Baptist and Evangelical churches were seated on this platform, as well as the various speakers. Seats were erected on the adjoining lawn for the women and children. Rev. Wm. Pfeiffer, the pastor of the church, had charge of the exercises. After singing the hymn, "All Hail the Power of Jesus Name," the scriptures were read by the Rev. Mr. Vincent of the Baptist church at Plattville, and prayer was offered by Rev. A. P. Minor, of Berlin. After a well rendered anthem by the united choirs, "Pray for the Peace of Jerusalem," the Rev. Mr. Pfeiffer gave a short history of the church, its founding and life for the past fifty years.

The first house of worship was at Wilmet Centre. Later a new church was erected in Hamburg. This has recently been torn down to make way for the new structure, which it is expected will be completed in October. It will seat about 300 people, and is to cost about \$5,000. It will be of light yellow brick, and the main entrance will be through a graceful tower.

Mr. Pfeiffer then spoke of Christ the chief corner stone of Christianity and dwelt on the thought, "He that believeth on Him shall not be put to shame."

Following this address in German, the Rev. A. P. Minor, of the Berlin street Baptist church, Berlin, spoke on the subject, "The Value of a Church to a Community," in English. He elaborated the thought that the church stands for the pre-eminence of spiritual things, for righteousness and purity of life, for a healing and comforting ministry, and therefore stands for all that gives a true uplift and permanent basis to the welfare of the community. Your factories and stores help you to make a living, the church helps you to make a life.

Rev. Mr. Vincent, Rev. J. Jaeger, of the Evangelical church, and Rev. Katzenmeier, of New Hamburg, followed in short congratulatory addresses. The corner stone, a beautiful block of granite, suitably inscribed, was then laid. It contains a copper box with the records of the church. A liberal offering was raised at the close.

Attend the best of the season—St. Peter's Strawberry Social, on July 7th, in the new market building.

### AT ALMA ST. U. B.

On Sunday morning the annual Children's Day was observed at Alma St. U. B. church, and the front pews of the church were reserved for the members of the Sunday school. Mr. N. B. Detweiler, Superintendent of the Sunday School, had charge of the exercises and the opening exercises gave a brief address to the school. An unusually bright and interesting program was rendered, consisting of songs by the school and by individual classes. Also solos, readings and recitations. A feature of the program was an address by Mr. Joseph B. Snyder on his recent trip to the Holy Land. He was listened to with close attention as he again related scenes and occurrences that took place while out there.

This evening Mr. (Rev.) T. F. Barker will speak in the Alma St. U. B. Church on the work in Armenia. The meeting commences at eight o'clock sharp, and everybody is cordially invited to hear this noted missionary.
