JUBILEE HOSPITAL BOARD.

A Prolonged Meeting of the Directors and Much Important Business Transacted.

The Ladies' Auxiliary Would Like to Have a Voice in the Internal Management.

The Directors of the Jubilee Hospita held their regular monthly meeting last night, sitting from 8 o'clock until 11:15, and in this time discussing and dealing with many matters of interest, some of them concerning the internal management of the institution.

President Joshua Davies was in the chair the other members present being Messrs

W. M. Chudley, J. S. Yates, Alex. Wilson G. H. Brown, A. C. Flumerfelt, H. D. Helmcken, Ben Gordon, E. Crow Baker I. Braverman, Geo. Byrnes, C. Howard, Thos. Shotbolt and J. Braden. Routine business, the reading and adoption of minutes of previous meetings, etc., were soon disposed of, and then the actual work was taken up.

nication from all the nurses in the hospital in regard to the hours of work was thoroughly discussed, and afterwards referred to the committee of the month for report. There are now in the hospital six regular nurses, three of whom, according to the by-laws, are to go on duty at 7 a.m. and continue until 7 p.m., the other three to come on at 7 p.m. and go off at 7 a.m. Every six weeks the night and day nurses change places, necessitating one long day of 24 hours for those who are changing. The nurses think that 12 hours continuous work is too much, and ask that the rule he changed so that they will have only eight

physician be built, either on the Mount Tolmie road or within the grounds, Little definite information being at hand Little definite information being at hand in regard to probable cost. etc., it was de-cided to adopt the suggestion of the com-mittee and call a special meeting at an early date to discuss the question and decide upon it. In the meantime, however, sev-eral of the directors expressed their entire disapproval of the scheme, while others were just as strongly pronounced in favor of it. The special meeting will probably be called for some day next week. Exciting Recapture of the Noted Boom in the Cannery Business Desertions at Nanaimo-Iron called for some day next week. called for some day next week.
President Davies brought up a very interesting question when he asked the board, on behalf of the King's Daughters, to state in what way some money now on hand could be expended. They wished to have some specific object to work for, and it was finally decided to gratify their praiseworthy desire by setting apart one of the rooms 125 VANCOUVER, Nov. 7.-The first selection of jurors for the new Vancouver judicial district commenced at 3:30 o'clock this after desire by setting apart one of the rooms off the female ward to be fitted up exclusively for them, and to be used noon. of County Court Registrar Beek, acting Sheriff Armstrong, Thomas Dunn and J. A. children when there were such cases in

NEW WESTMINSTER, Nov. 8. - Officer Niggins this afternoon arrested Mary, the Indian woman wanted in the Pittendrigh She was arrested at Sumas. The court of selection is composed states that Peter, her husband, shot Pittenlrigh, he being there for the canoe he lost. Her husband was drunk. She fled, as he was going to thrash her, and made her tell the first story of ths assault. At the Council meeting last night the alle-

ore from the "Black Prince" claim, made by Messrs. Ward & Dickie, assayers, of Nel-son, on the 25th ult., went 427 31 oz. per ton in silver. This was not a picked sam-ple, but was taken from the vein at hazard. Two samples from the No. 2 Glacier, a claim about eight miles south of Trout Lake, showed: No. 1, 405 oz.; and No. 2, 200 oz. silver per ton. Mr. Seroy says 200 oz. to the ton is the lowest he has had from Lardeau ores. He says there is no mining gations made against the water commission-ers to the effect that they favored Reid, Currie & Co. in the lead and brass contracts, ere investigated. There was a lively time. The commissioners' report on the irregularities proved that they did not favor any particular firm, but only got better value

for the money. <sup>4</sup> young man named H. Houlson, of this A young man named H. Houlson, of this sity, died on the Whatcom express yesteroz. to the ton is the lowest he has had from Lardeau ores. He says there is no mining district on this continent that can begin to compare with the Lardeau, both for size of vein and richness of mineral. Mr. J. R. Hull, of Kamloops, offers \$9 a head for the recovery of the 10 cattle which strayed into the mountains across the Ullednet last summer day evening before reaching the junction. At the inquest this morning a verdict of death from natural causes was returned. The Beegans, Birdie Kazar and Pearl Deming were remanded for eight days on the charge of being concerned in the May Todhunter murder the Illecillewaet last summer.

Hon. Justice Walkem is expected to preside at the assizes, which open to-morrow. There are seven cases.

NANAIMO.

hotel, Golden, appeared before Magistrate NANAIMO, Nov. 7.- A man at Northfield A. P. Cummins, at Donald, on the 31st was, yesterday, slightly burned by an exult., on the charge of inducing Geo. H. blow out a stump. Six of the crew of the bark Melrose de-

Haines, of Chicago, "to play a fraudulently conducted game of dice called 'craps,'" thereby obtaining from him \$497. The evidence showed that Haines suggested the game to the bartender, and when luck commenced to go against him put up his meney in so large amounts that in 15 or 20 serted last night. Capt. Kalb heard some unusual noise while in the cabin, and went on deck just in time to see a boat alongside which his crew were embarking. He He money in so large amounts that in 15 or 20 minutes he had disposed of the above amount. He was travelling with a circus ried to stop them, but it was too late. secured a revolver, but it not having been in use for some time, he could not fire it to advantage. The men have not been seen or heard from since. It is generally supposed the union men are at work again, as the decompany. He admitted that there was company. He admitted that there was nothing crooked about the throwing. The magistrate dismissed the charge, advising the hotel-keeper, however, not to endourage such games in his house.

Canadian Pacific Railway Company have promised to have their land south of the railway track cleared and laid out in lots, so that it may be offered for settlement next spring. Mr. H. Seroy, one of the most active prospectors in the Lardeau, was in town last week. He is prospecting on behalf of the Spokane & Great Northern Mining Com-pany, of Spokane Falls, Wash., who will invest a large amount of money in the Lar-

nvest a large amount of money in the Larf a mine. The valleys are open and afford some good deau mines next summer. An assay of the ore from the "Black Prince" claim, made alluvial bottoms capable of cultivation, and there are large areas of thousands of acres

of open grass Alps which would support any number of cattle in the summer months just as they now are given up to bands of elk and cariboo.

#### KAMLOOPS. (From the Inland Sentinel.)

The compliment of a supper was exended to Mr. J. W. Haskins, at the Victoria hotel, Revelstoke, a few days ago, at which Mr. F. G. Christie presided. The chairman proposed the toast "Our Guest,"

which called up Mr. Haskins, who thus spoke of the Lardeau : "I have never seen anything to equal it, and I have worked in some of the greatest and most prosperous mines on this continent, including the Comstock. We have enough silver single mine to pay off the national debt. We have there the greatest bodies of mineral the world ever saw. I bar nothing, not even the Australian Broken Hill or the American Comstock, where so many millions have been taken out. many millions have been taken out. We have a Comstock right here. It only wants development. The Silver King, on Toad mountain, is a great mine, but neither Toad Mountain nor the Slocan can begin to compare with the Lardeau, where the ores carry a large percentage of

gold. With the prospects in view, it is not a wild flight of fancy when I say there is every possibility of Revelstoke becoming a second San Francisco or Chicago. With a little help from the C.P.R. in the way of making a road through the Lardeau, we shall soon see a difference in the aspect of the town. We must have our smelter at work, and I hope it will soon make a start. We must also have refining works, so as to treat our ores here at home.

The Kamloops Coal Co., Ltd., make ap-lication for 1,000 inches of water to be taken from Newhykwalston creek, with ditch and flume privileges, for irrigation, domestic, mining, mechanical, manufacturing and hydraulic purposes for 99 years on their 1,800 acres of coal lands on the North Thompson; and Mr. J. S. Lawrence makes similar application for his 560 acres in the same locality.

R. S. Sherman, who has returned from surveying timber limits near Harrison Lake, reports that Mr. Tallyard, the minsurvey ing engineer of the Anglo-American Co., has discovered some wonderfully fine gold bearing quartz veins at the head of Harrison Lake, and is confident that that part of the province will turn out a valuable min-ing region, as platinum and magnetic iron ore have also been found there. The com

ore nave also been found there. The com-pany is preparing to begin development work at once. Joseph Cannell returned Wednesday, having seen completed for the Western Canada Ranching Co. the dam across Paul creek, at the outlet of Prospect Lake. Prospect Lake is now four miles long, and The first of a series of winter dances takes place in St. Paul's Institute on Tues-day night. There is another break in the water main between this city and Protection island. Diver Llewellyn and party arrived from Vancouver last night to effect repairs. Mrs. W. Keith was the winner of the ticket presented by Sloam & Soott for a free trip to the World's Fair. A young man named George Nord was locked up in jail this morning, being of unsond mind. He is an engineer by profes. An inspection of the map of the eastern

CASE OF A MAN WHO HAS BECOME "ALI RUN DOWN," AND HAS BEGUN TO TAK: THAT REMARKABLE FLESH PRODUCER,

Cr.

The concensus of opinion at the directors meeting seemed to be that it would be bet-ter to change the hours, but no new arrange ment will be made until the new mate Miss McMillan, arrives from Toronto. In order to reduce the hours of nursing from S to 12 it would be necessary to employ three more nurses, but an alternative plan was suggested. The further discussion of the matter was, however, postponed as stated, and it will come up at a subsequent

meeting. Dr. Richardson's report for the month drew attention to the bad condition of the drain to the Cadboro Bay road. The cause of the difficulty is that when the Cadboro

Bay road drain was put in, it was placed about a foot higher than the drain from the hospital, and water, especially *thick* water, does not generally run up hill. The com-mittee for the month will wait upon His Worship Mayor Beaven and endeavor to have him go out and get a whiff of the Bay road drain was put in, it was placed mittee for out and get a whiff of the umbia, that is to say, they are both about to have him go out and get a whiff of the odiferous atmosphere. They think if Mayor Beaven will go with them the drain will be climate and topography, and it is extremely interesting to note the points of similarity interesting to note the points of similarity and dissimilarity between the two. New

to was that of a steam disinfector. This very necessary article can be purchased in Germany for about \$150 to \$200, and, it is claimed, would save its cost in a very short time in linen, blankets, mattresses, etc time in linen, blankets, mattres etc., The which now have to be destroyed. The not only upon machinery and plants which matter will be looked into and an effort are imported for industrial or agricultural made to secure some appliance for the pur-

purposes, but in all endeavors to introduce or establish new industries makes every effort possible to aid their establishment. In the attempt to establish the growing of pose. One of the directors brought up, in con-nection with a second report from Dr. Richardson, the matter of the way cases of tobacco and the white mulberry worms, the Government very materially aided the enterprising individuals who started these industries. It is, therefore, a infectious diseases within the city are being looked after by the local authorities. Several instances were given of gross careless-ness, negligence, or lack of knowledge on the part of local nedical men, and the opinion was freely expressed that an ex-ample should be made of some of them. The secretary was instructed to forward a conv of the renort to the Give Conval with little surprising to find that farmers here have to pay a duty on hop plants, for should hop-growing ever become firmly established, it will give employment to numbers of hands, increase the value of colonial lands copy of the report to the City Council, with and aid in the growth of that era of prosest that the Board of Directors be perity which must be the aim of every true

nformed as to the action taken thereon. There were a couple of matters referred to in the report of the visiting committee of the month that called for special notice. One of these was the addition to the morgue, plans for which have been pre-pared by Mr. John Teague. The estimated cost of this building is between \$350 and \$400, and within the next few days tenders will be advertised for. The other ques-tion was also in connection with new build-ing said to be required. The workstition is to in the report of the visiting mitte

and 6 maps. To be perfectly sure of get ting it we believe it will be best to give ings said to be required. The proposition i that if in the near future it becomes neces sary to increase the staff of nurses, greate

accommodation will be required, and in order to get this it will be necessary to re-move the doctor's quarters. The suggestion has been made that a residence for the The Zambesi will arrive at Victoria on her way out to the Orient Friday morning, and will here swell her return cargo with lumber.
