SPECIMEN TESTIMONIALS

MR. FRANK WHEELER: KING-ST. WEST, TORONTO, April 9th, 1887.
DEAR SIR:—After a winter's trial I have much pleasure in bearing testimony to the very efficient manner in which the Steam Heating Apparatus, erected by you, has done its work. It has more than fulfilled all you represented it would do, and I never had any complaint about my premises while the weather was so cold. In the very coldest weather one pound pressure of steam warmed the house to perfection. The boiler requires no more attention than one self-feeder stove, and any lady or girl can attend to it.
Yours truly,
JOSEPH POWER.

MR. FRANK WHEELER: DEER PARK, April 13th, 1887.
DEAR SIR:—I am pleased to say that the Gurney Hot Water Apparatus placed in my house by you, has given entire satisfaction. I consider it superior to any heating apparatus I have ever seen. It keeps the house thoroughly warmed. It is very economical with coal and is exceedingly easy both to light, clean and manage. I was also much pleased with the thorough manner in which all your work was done. Your fitters were exceedingly courteous, diligent and neat, their work was done promptly and with no damage to the house. Altogether I am well pleased that I entrusted the work to you.
Signed,
EDWARD WHEELER.

CARBOLIC SMOKE BALL.

The remarkable remedy—CARBOLIC SMOKE—has been used in the Eastern and Western States with the most gratifying results. It acts as a disinfectant upon all mucous membranes where the air circulates, breathing them up in a short time. By experimenting in a thorough manner the cure is nearly every case the most severe forms of Croup, Asthma, Bronchitis, Neuritis, Hoarseness, Croup, Sore Throat, Erythema, etc. This Carbolic Smoke disinfects the poison in the mucous membrane of the throat, bronchial tubes and lungs, upon the same principle as the Carbolic Acid would act upon the poison that causes the disease. It is put up in "Little Balls," that can be used at home or in the office or counting room, with perfect ease.

I have been using the Smoke Ball for about three weeks, and am happy to say I am about cured, CARBOLIC SMOKE BALL CO., Toronto, Ont., May 28th, 1887.

The symptoms of CARBOLIC SMOKE BALL CO. were all relieved, and I feel like a new man. ALEX. W. WYLLIE, St. Andrew's Church, Toronto, Ont., June 8th, 1887.

CARBOLIC SMOKE BALL CO. We cheerfully recommend it to others. G. COLEMAN, Advertising Agent Toronto News, Toronto, Ont., May 19th, 1887.
Gentlemen:—The Smoke Ball I procured from you has done me a world of good. It has removed those most excruciating pains that appeared to be located between the eyebrows, and the burning and stinging discharges of my eyes have almost entirely ceased. Very truly, TORONTO, M.P.P. CARBOLIC SMOKE BALL CO. I procured one of your Carbolic Smoke Balls ten days ago, for my son and daughter, who are afflicted with asthma, the other with croup. It is just what it is recommended to be. The almost effected a cure in both cases. We recommend it to others. HAMILTON, Ont., June 8th, 1887.
Since using your Carbolic Smoke Ball I have had the greatest relief. I have had in three years. I have tried many remedies for croup and asthma, but yours has done me more good than all the others. I cannot speak too highly of it. JAS. YULE, King's House, Hamilton, Ont. TORONTO, Ont., June 10th, 1887.

A MIRACULOUS CURE

OF MRS. J. MURPHY, HAMILTON, ONT.

Who was suffering from a Cancerous Tumor in the last stage of the disease. The foul, fetid ulceration and sloughing was so offensive that none could endure the stench of the disease, when she was exposed. Her case was pronounced hopeless by the leading surgeons of the city, who said she could not live a month, her pulse ranging from 120 to 130 per minute, and her countenance curdled, and for the last seven years she had enjoyed the best of health, and today bears testimony to the fact.

Specimens of Cancerous Tumors, Ulcers, etc., cured without the knife, can be seen at the Toronto Medical Dispensary and Pharmacy, 232 Yonge-street. No charge for advice.
