WEEKLY MONITOR.
The electric light is proving most valuable in the city of Annapolis. The streets are now brightly lit, and the public buildings are illuminated. The health of the city is also improved, and the business is thriving. The people are well satisfied with the new system, and it is expected that it will be extended to other parts of the city in the near future.

WEDNESDAY, FEBRUARY 11, 1891.
The winter of the year is Dr. Norton's. The people are well satisfied with the new system, and it is expected that it will be extended to other parts of the city in the near future.
