### TINNED WIRE.

We have just bought a large lot of Tinned Wire, No. 30 which seems to be the number best suited for wiring frames and we are able to sell it very low:

Spools holding one pound.....	30c
" " one-half pound, each.....	18c
" " one ounce, each.....	07c
Reels, of from three to five pounds, per lb.	25c

The spooled wire is much more convenient than that in cans as there is no danger of tangling. These prices will supersede those in our price list.
