It Mak is 24/52 You Hungry

"I have used Paine's Celery Compound and it has had a salutary effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. CORLEND, PRIMUS, N.C.

Spring medicine means more now-a-days than it did ten years ago. The winter of 1888-89 has left the nerves all fagged out. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—the Spring medicine of to-day—does all this, as nothing else can. Prescribed by Physicians. Recommended by Druggists. Endorsed by Ministers. Guaranteed by the Manufacturers to be

THE BEST

Spring Medicine.

"In the spring of 1887 I was all run down. I would get up in the morning with so tired a feeling, and was so weak that I could hardly get around. I bought a bottle of Paine's Celery Compound, and before I had taken it a week I felt very much better. I can cheerfully recommend it to all who need a building up and strengthening medicine." Mrs. B. A. Dow, Burlington, Vt.

Paine's

Celery Compound

is a unique tonic and appetizer. Pleasant to the taste, quick in its action, and without any injurious effect, it gives that rugged health which makes everything taste good. It cures dyspepsia and kindred disorders. Physicians prescribe it. \$1.00 Six for \$5.00. Druggists. WELLS, RICHARDSON & CO. - MONTREAL.

29/52 CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrh of the Bladder, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and on the tracheal tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrh of the bladder, Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 41 King Street West, Toronto, Canada. Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

Household Hints.

TO THE DEAF.—A person cured of deafness and noises in the head of twenty-three years standing by a simple remedy, will send a description of it free to any person who applies to NICHOLSON, 177 McDougall Street, New York.

"Best cure for colds, cough, consumption, etc." See advertisement. Pulmonary Balm. Cuts off Cough & Croup. For \$1 a large bottle sent prepaid.

SUFFERING HUMANITY read Carbolic Smoke Ball advertisement. Cures diseases of the Nose, Throat and Lungs. See page 290.

PATTING AND SMOOTHING.—Patting and smoothing down a dish of mashed potatoes damages their flavour and texture.

THERE ARE MANY Cough Mixtures, but only one Allen's Lung Balm; try it.

A TRUSTED FRIEND—Perry Davis' Pain Killer, safe and sure, and to use in every household.

CUSTARD PIE.—Make a sponge cake, bake in jelly tins. When done, split open and spread with custard made of one pint milk, two eggs, and one cup of sugar. Flavour to taste.

MACAROONS.—Blanch a pound of sweet almonds, and pound fine, whip the whites of seven eggs, add one pound of sugar, mix well, drop on buttered paper, sift sugar over and bake quickly.

THE PERFUME we consider to be at once the most delicate and most enduring—"Lotus of the Nile."

IN HABITUALLY CONSUMPTION, Campbell's Cathartic Compound is used with great success.

PARSNIP CAKES—Two cupfuls grated parsnip (raw), same quantity of breadcrumbs, one cup milk, two eggs, three tablespoonsful flour, salt and pepper to taste. Fry in butter or lard.

WHITE WASH.—After lime has been slacked in hot water, sift into it through a corn-meal sieve, to half a pail of whitewash a quart, or even more, of wood ashes. The finished work will be much whiter for this addition, and every way better.

"HEALING ON THE WINGS," say all who have made use of Dr. Wistar's Balsam of Wild Cherry, and by such use been cured of coughs, colds, bronchitis, sore throat, influenza or consumption. The prudent will always keep this standard remedy by them.

MANY PEOPLE LIE

awake at night suffering from acute dyspepsia, caused by eating food in which alum and other cheap baking powders are used. The most reliable is Imperial Cream Tartar Baking Powder.

VINEGAR.—To one gallon of water add one-and-one-quarter pounds of brown sugar and a gill of yeast. Keep it at a temperature of eighty degrees for three or four days, then draw it off and add an ounce each of cut raisins and cream of tartar. In a few weeks it will be ready for use.

The Difficulty Experienced

in taking Cod Liver Oil is entirely overcome in Scott's Emulsion of Cod Liver Oil and Hypophosphites. It is as palatable as Milk, and the most valuable remedy that has ever been produced for the cure of Consumption, Scrofula and Wasting Diseases. Do not fail to try it. Put up in 50c. and \$1 size.

COOKED apple pomace has been fed to wine with excellent results. The bucolic paper which makes this announcement very innocently asks: "Have any of our readers tested it in this direction?" The editor of that paper will get himself disliked if he asks many more such questions as this.

THIN CORN CAKE.—One cupful of Indian meal, one-fourth of a teaspoonful of salt, butter the size of an egg, one cup and a half of boiling water, one teaspoonful of sugar. Pour the boiling water on the meal, sugar and salt. Beat thoroughly, add the butter, and when well mixed spread very thin on buttered tin sheets. Bake slowly about twenty minutes.

COMBINATION PIE.—Take a ham bone from which all the nice slices have been cut, and chip off the meat in small, thin pieces, which are to be spread thickly on the bottom of a deep bake-pan. Peel some potatoes, slice them very thin and spread a layer of them over the meat, then add more meat and more potatoes until the pan is full. Put in salt and pepper to taste, then fill the pan nearly full of water, and let it heat on the stove while you prepare the rich biscuit crust. Roll it rather thick, and cut a hole in the middle, then cover the pie. Allow about an hour for baking, and add one or two tablespoons of sweet cream when it is done.
