

# The New York Medical Journal.

JAMES B. HUNTER, M.D., EDITOR.

*Published Monthly. Volumes begin in January and July.*

"Among the numerous records of medicine and the collateral sciences published in America, the above Journal occupies a high position, and deservedly so."—*The Lancet (London)*.

"One of the best journals, by-the-by, published on the American continent."—*London Medical Times and Gazette*.

"A very high-class journal."—*London Medical Mirror*.

"The editor and the contributors rank among our most distinguished medical men, and each number contains matter that does honour to American medical literature."—*Boston Journal of Chemistry*.

"Full of valuable original papers abounding in scientific ability."—*Chicago Medical Times*.

"Taking it all through, its beauty of paper and print, its large-sized type, the high character of its contributors, its general usefulness, we know no other periodical that we would rather present as a specimen of American skill and intelligence than the New York Medical Journal."—*Franklin Repository*.

"The New York Medical Journal, edited by Dr. James B. Hunter, is one of the sterling periodicals of this country. The present editor has greatly improved the work, and evinces a marked aptitude for the responsible duties so well discharged. The contents of this journal are always interesting and instructive; its original matter is often classic in value, and the selected articles are excellent exponents of the progress and truth of medical science."—*Richmond and Louisville Medical Journal*.
