PAIN'S CELERY COMPOUND THE WIFE
AND MOTHER'S SALVATION.

It Gives Health and Strength and a
New Lease of Life.

The home slaves of our country—the thousands of wives and mothers who toil from early morn till late at night—deserve comfort, cheering and encouragement.

The daily toil, worry and bustle in the management of home and children is so severe on the vast majority of mothers, that they become prematurely aged and broken down in body. Thousands are nervous, sleepless, dyspeptic, despondent and melancholic.

Unless some effort, some means of rescue, be devised for saving these devoted and slaves of home life, the dark gray will greedily engulf many wearied and worn-out mothers, leaving mourning husbands and helpless little ones behind. 'Tis a fearful picture, but nevertheless true as heaven's sun shines on earth. It is well to know the truth. It is our duty to utter warnings in tones that cannot be misunderstood.

Our weary, nervous, faint, weak and broken-down wives and mothers must follow the example of a multitude of their sisters who have renewed and changed their lives, by the use of Paine's Celery Compound, nature's true and infallible invigorator and strengthener.

Oh! ye overworked, burdened mothers, your duty is clear. Your husband and dear ones need your presence in the home for years to come. Lay hold of that great health builder, Paine's Celery Compound, at once; it will give you new life, vigor, strength and lengthened years. Husbands, you have a duty to perform; a true devotion to wife and children will compel its performance. See that your devoted wives are supplied with the medicine that is so well adapted for their condition. Nothing but Paine's Celery Compound can bring back the glow of health to the fading and pallid cheeks; nothing else can make your weak and despondent wives bright, vigorous and happy.

Saved and cured women in all parts of Canada have sent in telling testimony regarding the life-giving effects of Paine's Celery Compound; the following from Mrs. Joseph Lloyd, Gananoque, Ont., will be interesting to all women:—

"I feel it my duty to tell you what Paine's Celery Compound has done for me. I was always a sufferer from nervous debility and very bad headache, and found it impossible to obtain regular sleep and rest.

Two years ago I read of your Paine's Celery Compound, and bought a bottle of it. After I had used it I found I could get rest and quiet. I have used altogether seven bottles and find myself completely cured.

Your medicine purifies the blood and

regulates the system; and I would not be without it in my house if it took my last dollar.

Before using Paine's Celery Compound my weight was only 100 pounds; now I weigh 141 pounds. Is this not sufficient reason for me to praise the Compound highly?

Before I knew of your wonderful medicine I was treated by the doctors, but never received any good. Five of my friends are now using your valuable medicine since they have seen what it has done for me.

I wish you to use my statements as they may be of encouragement to others."

GIRLS AS HELPS TO MEN.

Almost every man has his private accounts, which require constant recording, and which in many cases are transferred to a clerk in his office to attend to, writes Edward W. Bok in an article showing "How a Girl May Help Her Father Financially," in the Ladies' Home Journal. Here a daughter could be of invaluable assistance. A man's household bills are often to him a matter of annoyance in their necessary auditing, and it would be a relief to the mother, as well as to the father, to know that the accounting was in the hands of a daughter who would bring a personal interest in the work. The lawyer, also, has at times certain briefs and affidavits which cannot always be written at the office, and he, too, would be glad to have his daughter's assistance. In fact, every man has certain things in his life which he would gladly turn into the hands of a daughter if he felt that it would please her to be able to relieve him. Few daughters either realize this or even imagine it. I have often felt that if girls could enter more into the lives of their fathers, and take from them some of the burdens, they would be the better for it. Not only would such help be a relief to the father, but it would be an educative training for the girl which would stand her in good stead in her later years. Helping her father to remember his daily engagements, seeing that his accounts are properly balanced, following his personal matters—all these things enter into the life of a girl when she becomes a wife. And, if she begins with her father's interests she will have a better idea of the things which constitute a man's life when she becomes a wife. Daughters should come much closer to their fathers than they do. And it must be remembered that they are not aloof because of any unwillingness on the part of the father.

ORIGIN OF "WE WON'T GO HOME."

An interesting history of an old and well-known comic tune was given by Prof. Ensel, a music teacher, in a speech in the Music Teachers' Association recently. He said that when the army of the first Napoleon was in Egypt in 1799 the camp for a while was near the pyramids. One afternoon about sunset the band was playing. The inhabitants of the desert had collected near and were listening to the music. Nothing unusual happened until the band struck up a tune which we now hear under the name of "We Won't Go Home Till Morning." Instantly there were the wildest demonstrations of joy among the Bedouins. They embraced each other and shouted and danced in the delirium of their pleasure. The reason was that they were listening to the favorite and oldest tune of their people. Prof. Ensel then stated that the tune had been taken to Europe from Africa in the eleventh century by the Crusaders, and had lived separately in both countries over seven hundred years. This is certainly enough to make "We Won't Go Home Till Morning" a classic. Its origin is more of a mystery than the source of the Nile.

THE ORIGIN OF GERMAN.

The Rev. Mr. Spurgeon said to a friend one day: "Do you know how the German language originated?" "No," was the reply. "Well," said the preacher, "I do. There were two workmen at the Tower of Babel, one standing above the other. The uppermost one accidentally threw some mortar from his trowel into the mouth of the lower one, and he began to sputter with the mortar in his mouth. The sound is now known as German."
