Literary Notes.

We notice that Sherbrooke, Que., has a new weekly, the Sherbrooke News-Letter, published every Saturday. Subscription seventy-five cents a year.

Mr. Archibald Lampman has just published another volume of poems entitled "Lyrics of the Earth." It is published by Messrs. Copeland & Day, of Boston.

The Youth's Companion, which, by the way, has published sixteen of Miss Ethelwyn Wetherald's poems during the last two years, prints an exceptionally fine sonnet, "The Silent Snow," in its issue of December 12th. We print it in another column.

TO BEAUTIFY THE COMPLEXION

—do not take the cosmetics, paints and powders which injure the skin, but take the easiest way to gain a beautiful colour and a wholesome skin. Health is the greatest beautifier. The means to beauty, comfort and health for women is Dr. Pierce's Favourite Prescription. Dull eyes, sallow or wrinkled face, and those "feeling of weakness," have their rise in the derangements peculiar to women.

"Favourite Prescription" will build up, strengthen, and invigorate, "run-down" or delicate women by regulating and assisting all the natural functions.

To cure constipation, biliousness, indigestion, sick headache, take Dr. Pierce's Pellets. One a dose.

DEMONSTRATED.

During the past few weeks the spacious rooms of Oak Hall have been filled by hundreds every day. The class visiting this establishment was representative of that part of the community who ordinarily do not buy "Prepared Clothing." The majority of purchasers chose the higher grades, a fact which goes to show that Oak Hall has reached the genteel classes. As has been repeatedly stated Senator Sandford, of Hamilton, set out with high aims. He employed the most skilful "cutters" and experienced tailors to be secured. The years which followed the founding of the now famous manufactory were employed in perfecting design and workmanship. The results achieved were but natural to a man who, from childhood, has shown unusual ability in an undertaking. When the name "Oak Hall" was adopted to indicate the source of the manufactured goods, the public accepted it at once as a guarantee of the unquestionable character of the "Prepared Clothing." Branches were established in all the centres of population and a thriving business was done from the start. In Toronto "Oak Hall" has always been a household word. Mr. Pirie, the present manager, has gradually increased the local trade and to-day the house stands without a rival. "Prepared Clothing" has found its way among the "F. F. Vs.," and that means the output must rapidly increase in dimensions.
