

6. Nothing in this Convention shall be construed as preventing a Contracting State from imposing on the earnings of a company attributable to a permanent establishment in that State, a tax in addition to the tax which would be chargeable on the earnings of a company which is a national of that State, provided that any additional tax so imposed shall not exceed 5 per cent of the amount of such earnings which have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term "earnings" means the profits, including any gains, attributable to a permanent establishment in a Contracting State in a year and previous years after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits by that State.
7. The provisions of paragraph 6 shall also apply with respect to earnings derived from the alienation of immovable property in one of the States by a company carrying on a trade in immovable property, whether or not it has a permanent establishment in that State, but only insofar as these earnings may be taxed in that State under the provisions of Article 6 or paragraph 1 of Article 13.

ARTICLE 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if a resident of the other Contracting State is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2:
 - (a) interest arising in a Contracting State and paid in respect of indebtedness of the government of that State or of a local authority thereof shall, provided that the interest is beneficially owned by a resident of the other Contracting State, be taxable only in that other State;
 - (b) interest arising in Canada and paid to a resident of Uzbekistan shall be taxable only in Uzbekistan if it is paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by the Central Bank of the Republic of Uzbekistan; and
 - (c) interest arising in Uzbekistan and paid to a resident of Canada shall be taxable only in Canada if it is paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by the Export Development Corporation of Canada.
4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income which is subjected to the same taxation treatment as income from money lent by the laws of the State in which the income arises. However, the term "interest" does not include income dealt with in Article 10. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
