BUILDING A LEARNING ORGANIZATION

The Canadian Foreign Service Institute (CFSI) and other bureaux of the Department of Foreign Affairs and International Trade Canada offer a wide variety of courses and learning opportunities to meet your job and career-related needs. This Training Calendar describes over 200 courses available to Departmental employees via classroom instruction or through distance learning.

Although the course descriptions included in this calendar were accurate at the time of printing, they may be modified for operational or other reasons. We ask that you consult the course schedules on CFSI, SXAT, SXKL, SXMT, CNPT, ISCT, SRSI and HES Intranet sites to view the latest changes.

The Canadian Foreign Service Institute continues to look for innovative ways to deliver high quality and cost efficient training. In this period of change and renewal, we look forward to working together with the Canada School of Public Service and other partners to complement and reinforce our suite of learning products.

For more information, including a schedule of courses, we invite you to visit our website at: <http://intranetapps/cfsi/virtual/menu-e.asp>
