Dr. Norman Kerr,

Chicago, Ill.

Dear Dr. Kerr:-

I have your letter of the 20th of November outlining part of the programme for the evening of December 1st.

At one time I did think of writing to you and asking you if the functions on Friday night, the first proximo, could be begun early enough to permit my catching the train that night, but with such a programme as you have outlined here, that will be out of the question. Therefore, I must make up my mind to spend about three days in Chicago.

You must be a very hardened lot in Chicago if you can put up with six addresses on such a dry subject as Education in the course of a single evening.

It will be very interesting to meet the distinguished men who will be present.

Yours faithfully,

Principal.
