J. S. Fulton, A. Savage.

Sir Arthur Currie,
Principal, McGill University,
Montreal, P. Q.

My dear Sir Arthur,

The Annual Convention of this Society is being held at Macdonald College during the last week of June. These meetings will bring together between two and three hundred men who are engaged in agricultural research, extension, administration and teaching in all parts of the Dominion. The retiring President is L.S.Klinck, President of the University of British Columbia, and the President-elect, who will preside at the coming Convention, is J.B.Reynolds. President of the Ontario Agricultural College, Guelph.

As Principal of McGill University, of which Macdonald College is an important part, we would greatly appreciate it if you could attend the Convention on the evening of Wednesday, June 28th, and say a few words to the members at a banquet which is being held at that time. The banquet will be quite informal.

A complete programme of the Convention will be mailed to you early in June, and it will be a great pleasure to us if you can accept the above invitation.

Yours faithfully,

Fred H. Grindley
