

## LEGAL TANGLES NOW MUST STOP

Street Car Lines on Pacific and Annette Streets to Be Built.

From the somewhat heated discussion concerning the laying of new lines on Pacific and Annette streets, which passed between Corporation Counsel Geary and Allan Royce of the Toronto Suburban Railway Co., at the railway board yesterday it is evident that the tangle of authority in that connection will have to be smoothed out speedily. Each interest laid the blame for delay upon the other until the chairman declared that the order of the board for action would bring consequences if not carried out.

Chairman McIntyre stated that the city should remove existing dangers before the tracks were laid. Mr. Royce followed by demanding a sewer on Annette street before railway work began. To this, however, the city counsel objected on the ground of it being unnecessary.

The intimation of the board was that both parties reach an agreement to expedite matters. In the meantime Engineer Middlemiss will review the situation and a final hearing will be given on Monday.

### SOLD FROM A STAND.

The M. E. Brooker, whose premises are at the corner of Sunnyside and Queen streets, has a license for selling ice cream in his store. He has not a separate license for a stand which he conducts outside, and it was for selling from the stand that he was fined \$20 and costs in police court yesterday. Magistrate Cohen gave the defendant to understand that his license did not apply to the stand which is located outside the store.

## ITALIAN CLUB TO HOLD A BANQUET

On Anniversary of Declaration of Independence of Papal Power.

A banquet will be held in the Italian National Club tomorrow evening of this week to commemorate the separation of church from state in Italy, and the unification under one government of the Italian provinces. Saturday will mark the forty-third anniversary of the Italian declaration of independence of papal power, and the secession of Rome from the control of the Vatican.

C. Mel, the manager of the Italian Club, offered to throw the building open to his fellow-countrymen on the occasion of the anniversary, and it is expected that a very large gathering will assemble there. All the Italian societies will be represented in large numbers, and a delegate from the Italian consulate will attend.

### NO MORE OVERCROWDING.

The overcrowding of the schools has been a thing of the past. The congestion was confined to about half a dozen districts, and in other parts there were occasional vacant rooms. These have now been called into requisition to assist the overcrowded district, and the transference of the classes has given all the relief necessary.

### BODY THROWN INTO RIVER.

NEWARK, N.J., Sept. 18.—(Can. Press.)—The body of Alice Hopper, sixteen years old, who had been missing since Saturday night from her home in Kearney, N.J., was found in the Passaic River at Harrison last night, her skirts weighted with stones.

William Tolen, chief of police of Kearney, and the girl's relatives, declared that she had been murdered and her body thrown into the river.

## YORK COUNTY AND SUBURBS

### H. HILL ELECTED AT BRAMPTON

As School Trustee for South Ward—Alexandria Team Dares Excelsiors.

The election of a school trustee to fill the vacancy caused by the resignation of Mr. J. H. Boulter in the south ward, Brampton, was held yesterday and resulted in the election of Mr. H. Hill, builder and contractor to the public school board. A great deal of interest has centred around this election. When a new school was first talked of a firm of Toronto architects were asked to make plans. Mr. Boulter contended they should have asked for open tenders, with the result that the architects have added the board with expenses they must pay. Mr. Boulter resigned and offered himself for re-election to test the feeling of the ratepayers. He was defeated by 101 of a majority. The Excelsior Lacrosse Club have received a challenge from the Alexandria team to play for the championship of Ontario in Ottawa. The locals look upon this as a huge piece of nerve. President Maske wrote back to the effect that they could have a game in Brampton on Sept. 27 and take sixty per cent. of the gate. The rumor that the local club had challenged for the Mann Cup is without foundation. Lack of finances will not permit it, but in all probability a challenge may go to the coast next season.

### CRETIC LIMPS INTO GIBRALTAR.

GIBRALTAR, Sept. 18.—(Can. Press.)—The White Star line steamer Cretic from Boston for Naples and Genoa, has arrived here with her port engine disabled.

### PRETTY WEDDING AT MARKHAM

Miss M. S. Resor is Now Mrs. A. H. Birmingham—In New York Today.

### BRIDGE IS COMPLETED

Will Be Well Seasoned for Strain of Traffic to Markham Fair.

A very pretty wedding took place at Grace Church, Markham, yesterday afternoon at 2 o'clock when Miss Mary Gladys Resor, eldest daughter of Captain and Mrs. Robert Resor, was married to Arthur Hillard Birmingham, Conservative organizer for Ontario. Rev. G. L. B. Johnson, the pastor, conducted the service and during the signing of the register Miss Gladys Corson sang "Because." The church was beautifully decorated with purple and white flowers, and the bride, who was given away by her father, looked charming in a traveling suit of burgundy broadcloth with hat to match, and wore the groom's gift, a pearl ring, and shower bouquet of orchids and lily of the valley.

After the ceremony the bride party motored to the home of the bride's father, which was decorated with purple and white flowers. Mrs. Resor received the guests, wearing a handsome gown of Persian trimmings and a lovely coat of Spanish lace with black hat to match. Mrs. Birmingham was attired in green chamoisee with touches of shadow lace, and a tulle satin hat with feathers. Later in the afternoon Mr. and Mrs. Birmingham left for New York. The concrete bridge between Unionville and Markham was completed yesterday, so that those who did not expect the work to be completed in time for the Markham Fair on Oct. 1 will have no further cause for worry.

### ALL READY FOR THE WESTON FAIR

President G. W. Verral a Busy Man—Long List of Prizes

The need for building restrictions in Weston has become very marked of late, so much so that petitions are now in circulation to have restrictions imposed on that section bounded by Church and Beach streets on the north, Fifth avenue on the east, McDonald avenue on the south, and North Station street on the west. The petitions also specify that a bylaw be passed prohibiting the erection of any building in this section costing less than \$2,500.

President G. W. Verral and other officials of the Weston fair had a busy time last night completing all the arrangements for the show today. The prize list alone for the various classes of exhibits and sporting events comprises twelve closely printed pages in the catalog, so that considerable organization has been required to ensure everything being done in proper order.

### DANFORTH BUSINESS MEN ARE ORGANIZED

Will Celebrate Inauguration of Civic Cars—Mass Meeting Next Wednesday.

At the meeting called at Mr. Smyth's, 137 Danforth avenue, on Wednesday night to consider the formation of an association to boom the North Riverdale district, several prominent people in the neighborhood were present, including Messrs. J. L. Playter, C. J. Wren, E. Stone, C. W. Bruce, O. B. McMaster, D. T. Booth, J. C. Scott, F. E. Beard, P. J. Smyth and P. H. Ellis.

A committee was formed of Messrs. P. J. Smyth, D. T. Booth and C. J. Wren, who will arrange a program of organization of all people interested in North Riverdale, at a meeting to be held at Playter's hall on Wednesday evening, Sept. 24, at 8 o'clock. Building is going on at a good rate on the Hellwell estate, and the roads now want paving badly. Browning and Fulton avenues have both got the Hydro poles and wires erected, but as yet the lamps have not been installed and the darkness is an aid to thieves getting away with all kinds of building material.

The residents of Hammon, Franklin and Wylie avenues feel very keenly the disappointment caused by the Toronto Hydro-Electric Co. backing out of their agreement to light the above streets. The petition for the lights was sent in last February.

The advent of the opening of the civic car line on Danforth avenue is awaited with interest by the residents of that locality. The line is now practically finished except for about forty yards which is left unblocked at the north of Coxwell avenue to allow for the "down" that avenue.

Building is going on at a good rate, and there is no doubt that the little white Danforth avenue will rank among the first streets of this city.

TODMORDEN.

Miss Lillian Price was a charming hostess at her home on Gowan avenue, where she entertained a number of lady friends on Wednesday evening at a "kitchen shower" given in

## The PRATT ESTATE

MARKET GARDENS

10867  
FOR \$225.00

\$10.00 DOWN \$5.00 MONTHLY

NO INTEREST, NO TAXES UNTIL APRIL 1st 1914

Wouldn't you like to own a quarter or half acre, where in time you could build your little home, raising vegetables, chickens, or what not, and feel that you and your family were breathing the "free air of heaven," uncontaminated by the dirt and smoke of city life?

### NOW is Your Chance!

Q We'll motor you out to Pratt, and show you the 1-2 and 1-4 acres.

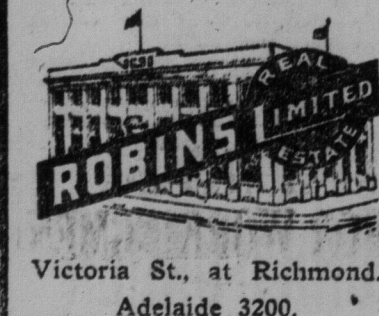

Q Tomorrow you can buy a 1-4 acre market garden for \$225—\$10 down, and \$5 a month, and not a dollar of interest to pay until after April 1st, 1914.

Q Think of such terms!

You will have the pleasure of seeing it grow in value while you are paying for it in instalments that won't be missed.

## The Pratt Estate

is on Bathurst Street, and extends to Dufferin Street. You can buy a quarter-acre, half-acre, or, if you want a little farm, we'll sell you one or more acres on relatively the same easy terms—ROBINS terms, as the people of Toronto often say. Determine to-day that you'll see Pratt, and make your engagement for the motor ride by filling in your name on the coupon and mailing RIGHT NOW to us. DON'T put it off!

### Robins Limited

Kindly send me full particulars of the Saturday sale of the Pratt Estate, and plan of property.

PROF. DAVIS. MISS DAVIS.

## THEY WOULD LIKE TO LEARN FACTS

Ward Seven Residents Want Information on New Car Lines.

Controller Church will be waited upon between the hours of ten and eleven this morning by a deputation from Ward Seven. The residents in the extreme western portion of the city are becoming anxious with respect to the delay which has followed the order of the Ontario Railway Board by which the Toronto Suburban Railway Company were instructed to loop their cars by way of Annette and Jane streets.

No move has as yet been made by the Toronto Suburban Company, and an attempt is to be made to hasten proceedings to the end that Annette street and the neighborhood may soon be supplied with a tralley service. A meeting will be called tonight or Saturday night at which the answer of the city officials to the deputation will be considered.

when the permanent road, which is now in course of construction across this dangerous crossing, is finished. Only one-half the road is being laid at a time and the heavy traffic at all times passing upon this entrance to the northern town is drawn out to an almost continuous stream during the working hours of the day.

The Englehardt hospital on St. John's road, which was recently purchased by Mrs. Walker, has again opened and is now named the Walker hospital. Miss Mabel Hunter of Toronto has been appointed the new superintendent, and a staff of four nurses are in attendance.

## Take This Trip ALMOST FREE

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair; and read

## PANAMA AND THE CANAL IN PICTURE and PROSE

This book first takes you in through the front door of Panama—through the islands along the way, describing the natives in picture and prose; thence you are taken to the isthmus and are shown the wonders of that unknown country—the people, their strange customs and more strange costumes, their religions and politics, their peculiar characteristics; how they live—how certain natives eat lizards and hugly enjoy them—how they fish and hunt; their sports and pastimes; marketing bananas, shooting alligators, burning charcoal. ALL there is to know about these queer people, and MORE than has ever been told of the great waterway—from the whys and wherefores of its inception to the ins and outs of its construction—and on through to its completion—in all a beautiful human interest story that will charm the reader to the very last page.

An illustration cannot portray the beauties of this big \$4 book bound in tropical red vellum cloth. It measures 9x12 inches in size.

The Picture of the Hand Shows the Comparative Size of the Book.

IT IS A RARE TREAT FOR EVERYBODY

## The Toronto World

presents this book to its readers on the popular plan explained in the Panama Certificate printed daily in these columns

### Cut Out the PANAMA CERTIFICATE

and present at this office with the expense amount of \$1.15 for the \$4 volume, or 48 cents for the \$2 volume (which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE items), and receive your choice of these books:

### THE Large Volume

is printed from new type, large and clear, splendidly bound, with in-laid panel showing the famous Culabra Cut in natural colors, and filled with magnificent illustrations many of which are from water color studies in artistic colorings.

### THE Small Volume

contains practically the same reading matter; is bound in blue vellum cloth, but contains only 100 photographic reproductions, and the color plates are omitted. Willis J. Abbot, America's most versatile writer, is the author of both books.

Mail Orders Filled as Explained in the Certificate Printed on Page 3 This Issue. Distributed From The World Office, 40 Richmond St. West, Toronto, and 15 Main St. East, Hamilton.

## COMMITTEE

C. M. A. Rea Effort W Sense of

HALIFAX, Se The first business morning's meeting of the Manufacturers' Association of the city was held at the city hall yesterday. The question of the proposed new building for the association was explained to the business men present.

A motion picture of the proposed building was shown, and the committee reported on the progress of the work.

In view of the committee's report, the motion picture was shown, and the committee reported on the progress of the work.

It was suggested that the association should encourage the business men to visit the proposed building.

The association's committee was asked to encourage the business men to visit the proposed building.
