PAPERS FROM THE PHYSICAL LABORATORIES

The "Papers from the Physical Laboratories", issued as a special series of University of Toronto Studies, date from the year 1900. Nos. 1-17 were published by the Physical Department in a very limited edition and are no longer in print. For the sake of a complete record the numbering of the Papers, as forming a series of University of Toronto Studies, is made continuous with the earlier series and commences with No. 18. The earlier numbers are not now available either for sale or gift.
