

*Towers, beacons, buoys, spindles, and all other aids to navigation, arranged in regular order as they are passed by vessels entering from Tampa Bay, to mark the Entrance to and up Manatee River, Florida.*

*Towers, beacons,  
by vessels  
Continued*

Name of station or locality of aid.	Color of aid.	Number of buoy.	Description of mark or aid.	Bearings of prominent objects from buoy, spindle, or beacon, by compass.	Length at low water of spring tides, in feet, of buoy.	General remarks, sailing directions, and other information necessary or useful to mariners.
Bar Buoy, (Entrance.)	Perpendicular stripes.	2d class num.	Egmont Key light-house, NW. 1 N. North point of Palm Key, W. 1 N.	9	After passing inside of Egmont Key light-house, steer SE. by E. until you make the buoy, which pass close-to on either hand, and steer E. 1 S. for Buoy No. 3, (black,) having stake with triangle on it and numbered "1" (black) on the port hand.	
Stake and Triangle...	Black ....	1	Stake, with triangle on it painted black, and unnumbered.	Egmont light house, NW.... North end of Palm Key, W. by N.	6	This stake is put in 6 feet of water, on the point of a bank making out from Manatee Point, and must be left on the port hand.
Sand Bar Buoy.....	Black.....	3	3d class can.....	Sneed's house, E. 1 S..... Sprague's Point, W. by S.	7½	Leave this buoy on the port hand, distant about 50 yards, and steer for Sneed's Point, and you will make Buoy No. 2, (red,) which pass close-to on the starboard hand.
Shaw's Point Buoy....	Red .....	2	3d class num.....	Sneed's Point, E. 1 S..... Shaw's Point, S. by E. 1 E.	8	From this buoy steer SE. by E. for Buoy No. 3, (black,) which pass close-to on the port hand.
Sneed's Point Buoy...	Black.....	5	3d class can.....	Sneed's house, NW. by W. 1 W. Bull Pen Point, E. by S. 1 S. Shaw's Point, W. by N.	9	Steer from this buoy E. 1 E. for Buoy No. 4, (red,) leaving it on the starboard hand.
Sword-fish Point Buoy	Red .....	4	3d class num.....	Sword-fish Point, S. by W. .... Bull Pen Point, E. Sneed's house, NW. 1 N.	8	After passing this buoy, a good anchorage can be found, in 10 feet of water, off Bull Pen Point.

NOTE.—The odd numbered buoys, with odd numbers, may be passed either side of the channel.

By

KEY WEST, I.

Split Buoy.....	Red .....	2	1st class num .....	Sea-horse Key Light-house, NE. by N.	27	This buoy is placed about one-half of a mile to the southward and westward of the 11-foot line of soundings off Sea-horse reef, which extends out from Sea-horse Key in a southwesterly direction 10 miles, with from 10 to 14 feet of water at its outer end. Being in not less than four fathoms water, bring the light-house to bear N. by E. 1 E. and run for it until with Buoy buoy, No. 1, (passing the four midchannel buoys in either side close-to,) which leave on the port hand, and steer N. 1 N. until up with Stake No. 2, (red,) with eros. on it, which leave on the starboard hand, and steer N. 1 W. for Stake No. 3, (red,) with triangle on it. Between these two good anchorage can be found, from 10 to 14 feet of water. Above this the channel is very narrow and crooked, and strangers should not attempt to run it without a pilot.
Outer Buoy, (Entrance.)	Perpendicular stripes.	2d class can.....	Sea-horse Reef beacon, N. 4 E. Sea-horse Key light-house, N. by E. 1 E.	30	Pass this buoy on either side.	
Inner Buoy, (Entrance.)	Perpendicular stripes.	2d class num.....	Sea-horse Reef beacon, NW. by N. 1 N. Sea-horse Key light-house, N. by E. 1 E.	22	In midchannel, to be passed close to; but the best water is to starboard of it.	
Seahorse Reef Beacon.	Black.....	An iron screw-pile beacon, three piles, from which rises an open framework extending 20 feet above the water, on the top of which is a tripod surmounted by a ball 8 feet in diameter; the entire height being 40 feet, and painted black.	Sea-horse Key light-house, NE. by N. 1 N.	11	This beacon is near the centre of Sea-horse reef, 1½ nautical miles from Sea-horse Key light-house, which extends out in a southwesterly direction 10 miles, with from 10 to 14 feet of water on its outer end.	
Midchannel Buoy....	Perpendicular stripes.	2d class can .....	Sea-horse Reef beacon, SW. by W. 1 W. Sea-horse Key light-house, N. by E. 1 E.	20	Placed in midchannel, and may be passed close-to on either side.	
Midchannel Buoy....	Perpendicular stripes.	2d class num.....	Sea-horse Key light-house, N. by E. 1 E. Sea-horse Reef beacon, SW. 4 W.	19	Placed in midchannel, and may be passed on either hand close-to.	
Black Buoy No. 1....	Black.....	1	2d class can .....	Sea-horse Key light-house, N. by E. 1 E. East end of Snake Key, NE. by E. 1 E.	9	This buoy marks the bar and change of course from N. by E. 1 E. to NE. 1 N. It must be left on the port hand.
Stake and Cross....	Black.....	3	Stake, with cross on it, painted black, and unnumbered.	East end of Snake Key, E. by N. 1 N. Sea-horse Key light-house, N. by E. 1 E.	4	Placed on the edge of the west bank making out from Sea-horse Key.
