Those who have suffered long and hope-lessly from torturing skin eruptions will read with interest this letter from Mr. T. Williams, 115 Pacific Ave., Winnipeg (dated Jan. 14, 1911): "The Cuticura Remedies certainly did work finely, and I am thankful that there is such a remedy, and that I tried it. About three months ago a terrible itching com-menced on my body. I could not understand it. It gradually grew worse and covered a large portion of my body. There was also a slight eruption of the skin, sort of a rash. I suffered greatly with the itching and at night time I had little sleep. I tried one or two remedies which did no good, and then I tried Cuticura Soap, Ointment and Re-solvent. In about tendays I was completely cured."

Can you find more treacherous roads to motor over than those miles and miles of slippery, greasy pavements after a rain?

The Nobby Tread was designed especially to put a stop to that one greatest danger of motoring-skidding on wet pavements.

The rows of big, tough, rubber knobs grip the slipperiest road or pavement and hold the car secure against every possible side slip or drive slip.

You certainly ought to have your car Nobbyequipped before the fall rains start.
