

BIG BRITISH STEAMER SUNK

Great Western Mail Liner Struck on Black Rock, Guernsey, and Went Down.

BOATS WERE QUICKLY LAUNCHED

And All the Passengers Were Saved—There Was No Panic—One Sailor Drowned.

London, Jan. 5.—The Great Western line mail steamer Ithex struck on Black Rock, off St. Sampson's, Island of Guernsey, at 6 o'clock this morning, and sank. The crash awoke the passengers, numbering 32 persons, who, rushing on deck, found the vessel slowly sinking. The boats were launched within 10 minutes after the steamer struck, and there was no panic. All the passengers were saved, and only one sailor was drowned. All on board the Ithex behaved with the greatest courage. The captain was the last to leave the ship. The Ithex is a steel vessel of 1150 tons, and was built in 1891. She left Weymouth for Guernsey last night.

WHAT DID HE DO WITH HIS ROLL?

Inquest on Suicide Finberg Reveals the Fact That He Had Money on New Year's Day.

Coroner Johnson had a hard task to keep his temper yesterday afternoon during the progress of the inquest on the body of Abraham Finberg, who was found dead in room 143 at the Rossin House on Thursday morning. The inquiry was conducted at the Morgue, and by some mismanagement there was no fire started in the little court-room until after the inquest was begun. Then, to make matters worse, the coroner threw out volumes of smoke to such an extent that some of the jurors protested to the coroner against being compelled to remain in such surroundings. Eventually the windows were raised and Coroner Johnson dispensed with the dignity of the court by allowing the jurors to sit with their hats and overcoats on.

The presiding officer, City Crown Attorney Curry, and Detective Cuddy, who sat within the railing, also protected themselves against the stifling breeze from the Bay by donning their fur caps and gauntlets. Before bringing in a verdict that Finberg came to his death by his own hand while laboring under a fit of temporary insanity, the jury listened to the evidence of John Grimes, Annie Crowley and Fred Loag of the Rossin House. Crown Attorney Curry, Detective Cuddy, Dr. A. J. Harrington, Constable Reeves and James Muller. The only facts elicited during the inquiry were brought out in the evidence of the last witness, Mallet, who kept a restaurant at 270 Yonge-street, testified that the deceased came to his place on New Year's Day and remained till the next morning. He appeared agitated and spoke of killing a woman, and also of some violence proceedings, in which he was concerned at Chicago. Mallet also testified that Finberg offered a \$50 bill in payment for his board, and from the size of the roll of bills he held in his hand Mallet thought that Finberg had plenty of money. There was only \$2.28 in cash found in the deceased's pocket, and the coroner will now endeavor to find where the remainder went to.

NO POWERS ARE SUSPENDED.

Bishops of the Catholic Church May Grant Dispensation in 1900 as Usual.

Trenton, N. J., Jan. 5.—The Right Rev. James A. McPhail has received a copy of a cablegram from Rome, which has been sent to Archbishop Corrigan, which holds that none of the faculties or powers to grant special dispensations heretofore enjoyed by bishops of the Catholic church are suspended during the present year of 1900. The Pope's encyclical with reference to the holy year was interpreted by some of the hierarchy to mean that during the year 1900 certain special dispensations could only be granted in Rome.

London Purveyors Cannot Get Supplies—Prices Are Up.

London, Jan. 5.—Owing to the withdrawal of the trans-Atlantic liners from use as transports and the consequent non-arrival of American meat, the butchers here face the utmost difficulty in procuring supplies and are advancing prices two pence to three pence per pound.

The case of John Brogan and his wife Amelia, charged with begging on Avenue Road, was adjourned till Monday. Ethel McKenna was convicted of vagrancy and fined \$20 and costs or three months in the Mercer Reformatory.

The Pioneer Society.

The Canadian Order of Foresters was the first fraternal society in Canada to collect a fixed premium from its members per month, whether there were death claims to pay or not. A special assessment has never been collected from its members, and it has a surplus in the insurance fund of over \$25,000. This surplus has been accumulated since the 1st of November, 1885, and is increasing at the rate of \$11,000 to \$12,000 per month. It is invested only in Canada, in the best securities procurable, not a dollar of it being in unproductive real estate, or unproductive buildings. A complete list of the investments of the society is given each month in The Canadian Forester, the organ of the society. The society collects its operations to Canada, and all practically and morally qualified males between 25 and 45 years of age, who are not disqualified on account of their occupation, are accepted for membership. The society has a membership of upwards of 35,000, which is being rapidly increased. The society issues insurance policies for \$500, \$1000, \$1500 and \$2000, a latter being the limit allowed on any life. The insurance premiums payable monthly in advance, are from 60 cents to \$1 per month per \$1000, according to the age of the applicant. The death rate per 1000 of the membership in 1898 was 4.56, and the average since the formation of the order in 1870, is only 4.04. Members of the society participate in the sick benefits provided by the society, which are \$3 per week for the first two weeks and \$5 per week for the succeeding ten weeks in any one year, and the fees for same are from 25 cents to 45 cents per month, according to the age of the member when joining the fund. During 1898 \$143,037 were paid out in death claims. The inception of the society over one million and a half dollars have been paid out of the insurance fund, and over half a million in sick and funeral benefits. The head office of the society is in Brampton, Ontario, where full particulars as to rates, etc., can be secured. All parties wishing safe society insurance should join this signally successful Canadian society.

CONSUMPTION

One-Seventh of the World's Death Rate is Caused by a Disease that Can be Cured

THE SLOCOM CURE
CONSUMPTION
THESE THREE BOTTLES FREE
TO EVERY SUFFERER
MODERN ANTISEPTIC METHODS

An Eminent Physician Tells How Consumption, the Curse of the World, Can Now Positively Be Cured, and Offers His Treatment Free to All.

We have a Message For All Sufferers.

One that is true—as true as that the sun shines—as that the rain falls to water the earth. All his life Dr. Slocum has given to scientific pursuits; and this discovery which he has made comes as the result of years of incessant work and toil. Thus it is we are now able to say to you that consumption can be cured. The cure of the afflicted has not been known before.

There is hope for the hollow-chested, pale, weary consumptive. This hope we hold up to you. Dr. Slocum's researches have brought him face to face with the scientific fact of incalculable value to future generations—a fact that will properly understood and acted upon, render consumption, before long, as rare amongst the civilized countries as the Black Plague.

Dr. Slocum's discovery embraces a complete system for the treatment of this dreadful disease, at present so little understood as to be called "incurable." The system consists of three remedies which act simultaneously and complementarily.

Each other's curative action. The system, we call upon all to make a test of. We will send you on request a free, full course treatment, consisting of three preparations (all different) which will enable you to see for yourself that consumption is curable.

It will prove that mankind can now grapple with the demon which has dragged so many millions to their graves. The hand-maidens of consumption—weak lungs, pneumonia, bronchitis and similar diseases of the throat and lungs and also diseases of weakness, loss of flesh and so forth, which so often degenerate into consumption.

Simply write to THE T. A. SLOCOM CHEMICAL CO., Limited, 179 King St. West, Toronto, giving post office and express office address, and the free medicine (The Slocum Cure) will be promptly sent.

Sufferers should take instant advantage of this generous proposition, and when writing for them always mention this paper.

Persons in Canada, seeing Slocum's free offer in American papers, will please send for samples to the Toronto laboratory.

Industrious morning the Industrial Room Society began the winter's work among the city deserving poor. As early as 8 o'clock throngs of women and girls were waiting admittance to the cheer and warmth of Forum Hall, where, after a short devotional exercise, the ladies provide their dependents with a cup of delicious tea and with the materials from which willing hands fashion many useful and beautiful garments. Visitors to the city and friends of the society are daily attracted to the saleroom on Yonge-street near Gerrard, where many improvements in the dress of the poor are being made at reasonable rates, and this new feature of the work is appreciated by shoppers or casual callers, who may desire the light refreshment.

Courts Seneffler, Lebnan, Spadina and Jones of the Independent Order of Foresters of Toronto are making arrangements for a joint installation of their officers on Monday evening, the 25th inst., in Wardell's Hall, Spadina-avenue, and it is expected that Temple Encampment, Royal Foresters, in uniform, with their trumpet band, will parade and be in attendance. During the month of December 853 applications were received at the head office, Temple Building, of which 7390 were accepted. This brings up the total number of acceptances for the last quarter of the year to 17,708, and the Supreme Court officers are congratulating themselves upon this magnificent record.
