HOLY MARRIAGE IS BEING EMPTIED OF ITS VITAL MEANING

Leads to National Extinction.

Hamilton, May 29.—Scoring "peace propaganda" as the most dangerous weapon in the hands of Germany, Bishop Clark at the opening session of the 44th annual meeting of the Niagara Diocesan Synod this morning, delivered an inspiring message of which the dominant note was "carry on" as was being done in the United States. Increased food production was urged to keep up the vitality of the people and lessen the danger of tuberculosis. More airy and commodious dwellings and improved hygenic conditions were advocated from the industrial and poorer classes.
