would like to put our side of the ques-

would like to put our side of the question before the people through your valuable paper so they will understand what it means to the motormen and conductors who work for the street railway. You know, Mr. Editor, that the cost of living has run wild during the war. Everything we have to have to live has doubled and worse than that in price, and we have got to have more money—if we are going to be able to make ends meet. It is a different thing with a good many people that are writing letters to the newspaper. Take some of them that work few days, the guest of his cousin, Mrs. as an even greater meaning to city to its running in the city, too, and many people and the city too. Its running in the city, too, and many trees in all sections of London are aiready "tapped." Sight of sap pails and spiles on city streets are uncommon. Possibly they have never been seen in many paris of London before, but today there are hundreds of many to the city of the control of the con

are not going to fight the company's battles. Let them take care of themselves, but if something is not done to let the company catch up to the high war costs then the men are going to suffer and the city council will just work against the workingman. We think there should be a way of getting down to some kind of agreement to live and let live. Yours A CONDUCTOR.

London, March 12, 1918. himself and Mrs. Knox surprise and pleasure and touched them deeply. Through the letter slot had been dropped a purse containing a check for \$500 made out to Mr. Knox from the First Presbyterian congregation, and a letter explaining that it was a tangible token of appreciation of his preaching and services to the congregation, with spe-cial reference to his work among the To the Editor of The Advertiser:

Businessmen throughout Ontario are being treated with the reports of meetings held by the Hon. Adam Beck, et al., urging the electrifying of the railways, and at the same time sending oung people.
This tactful method of presentation

was chosen in order to save embarrassment of a public presentation and was deeply appreciated as a further evidence of thoughtfulness and understanding. The letter, signed on behalf of the congregation by F. M. Phelps, W. M. Bruce and G. H. Heighway, stated that, in connection with expressions of appreciation of Mr. Knox at the annual meeting of the congregation, the finances of the church, as a result of war conditions, did not permit of recording appreciation in a material way. However, was chosen in order to save embarrass circulars to businessmen to conserve in every way the use of electricity—for nstance, the compelling of them to discontinue the lighting of shop winpreciation in a material way. However, the idea came to several of the members simultaneously of expressing feelings towards Mr. Knox by a gift, the response of the congregation being hearty and sympathetic.

Mr. Knox had the difficult, if gratifying task of telling his congregation at the morning service on Sunday how much he had been touched and encouraged to the contraction of the

dreds would be used to supplant the untidy coal range. If the Hon. Adam Beck would get busy on this, he would be doing something practical, and a 1-cent current would be a great boon to the housekeeper. Yours truly,
