JIMMY COON STORIES

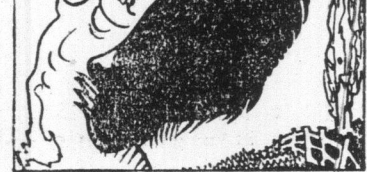

By Dr. Warren C. Partridge.

JIMMY COON UP A TREE.
When Cousin Bruin, the big Black Bear, was up in that Bee-Tree, with that huge piece of honeycomb in his right hand, and his own right arm dripping with lovely honey, he never offered anyone a single little bite. This was awfully selfish and greedy. But Cousin Bruin has very bad table manners when he finds honey, and he just makes a big pig of himself.

And the crowd below yelled out: "Say, there, you big Cousin Bruin, don't be a pig! Throw down some honeycomb for us fellows!"

But Cousin Bruin didn't seem to hear a word they said. And he kept stuffing himself with that delicious honey. And the crowd below got awfully angry, and all began to climb that tree. It was very funny to see Jimmy Coon and his

His head looked like a huge Bee-Hive.

Then the handsome sons of Cousin Bruin jumped up on their father's broad back, and they got their black fingers into that honey-pie. But Cousin Bruin suddenly turned his head around to see how many others were going to get up on his back. And all were astonished to see Cousin Bruin's face and head. Why, he didn't look like Cousin Bruin at all. He seemed to be little black warts all over his head and face. Why, he had the funniest-looking head ever seen on a Black Bear. His head looked like a huge Bee-Hive. The angry Bees had covered Cousin Bruin's head and face, and hundreds of wild Honey Bees were jabbing Cousin Bruin with their terrible stingers.

But Cousin Bruin was such a terrible pig about that honey that he was willing to suffer that awful pain from the burning stings of the Honey-Bees. And Cousin Bruin's head was swelling. Yes, Cousin Bruin had the Big-Head. And the Big-Head was caused by eating too much honey!

Tomorrow, Jimmy Coon Gets a Taste of Honey.

CYNTHIA GREY'S MAIL BOX

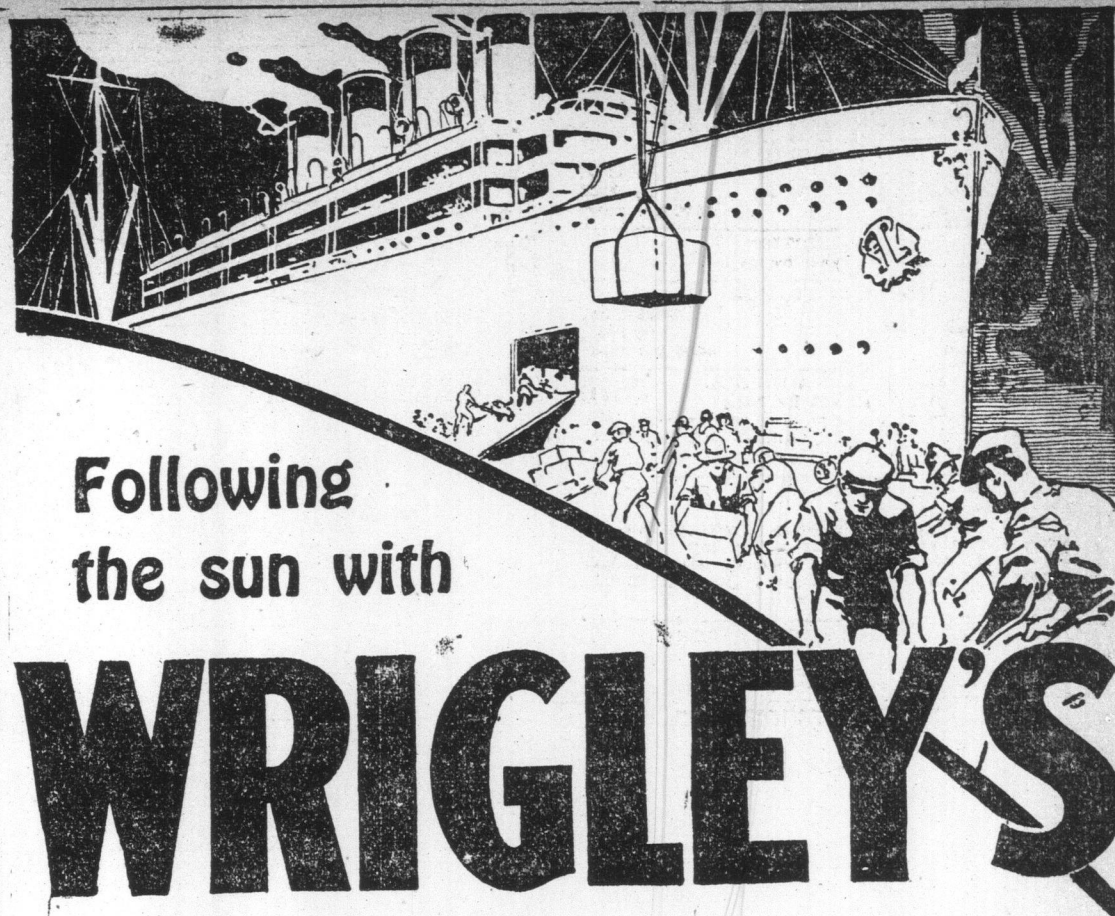

Who Has Clothes to Spare?
Dear Miss Grey,—Do you think some of the mothers who write you would have some old clothes that their children have grown out of? I know a family of 7 years, the next about 5 or 6, a boy 15 months old, and I regret to say, a baby 2 months old. The mother is in the hospital seriously ill, and her father had to stay from work to care for his wife until she was taken to the hospital. He has to pay \$1 per day for her being there, and is paying some one to keep two of the children, while the poor man is in a bad shape. I would like to give you some of my old clothes, if you can help me. I will pay expenses of parcels if I do not have time to send them. I am, yours truly, MRS. W. C. GREY.

Those Satisfying Hams.
Dear Miss Grey,—Have been an interested reader of the Mail-Box Department for some time, and have used some of the recipes and found them very good. Would like to say to "New Subscriber" that she is fortunate to have home salted hams these times when meat is so very high. I think she would find by soaking in cold water to extract the salt and fry a golden brown the ham would be healthful, as one would scarcely say both the ham, as it would not go so far. Besides, we must all practice economy these times when meat is so much needed to feed our soldier boys. I will sign myself, "A VERY ANXIOUS COUNTRY WOMAN."

Crochet Pattern Wanted.
Dear Miss Grey,—I would be very much obliged if some of the readers who have a pattern for a crocheted collar for a waist would send it to me. I prefer a round one, but a square one would do. I will send the pattern back if the sender wishes it returned. Please keep my envelope for a few days, in case several patterns come in. With thanks, I am, VERY ANXIOUS.

Ans.—This appeal is referred to our readers. Somebody please look up your crochet patterns and be good enough to loan one to "Very Anxious."
