BIBLE STUDY SUPREME

President Falconer Addresses Disciples of Christ Convention.

President Falconer, Toronto University, addressed the convention of Disciples of Christ at Cecil-street church yesterday. He said that theological students should receive as a preparation for their work a very thorough grounding in secular education, which could be obtained in the most profitable manner in the educational institutions supported by the state, and in particular, in the provincial university. As a complement to this preliminary training there would be necessary theological work, and in this the theological education he would always place the textual study of the Word of God.

Encouraging reports on mission work were given by President McLean, Cincinnati; Dr. Butcher, China; and others.

The delegates raised \$100 at the close of the evening meeting for Dr. Butcher's hospital.

OVERTAXED NERVES

A DISTRESS SIGNAL

The Trouble Can Only Be Cured by Enriching the Blood Supply.

When your nervous system is exhausted the trouble comes. You feel always fatigued and unfit for work. Severe headaches distract you; your back is sore; you sleep badly; your nerves are in a state of tension; you are nervous and irritable and after any exercise you tremble and perspire excessively. If the trouble is not checked your case goes from bad to worse until you feel that your condition is hopeless and that insanity is threatened.

Your nerves are calling for help. They are starved because they demand from the blood more nourishment than it can supply. New rich blood is the secret of nerve strength and Dr. Williams' Pink Pills for Pale People cure nervous disorders because they feed the weak, exhausted nerves with rich, red blood.

The case of Mrs. Emma Hall of Hamilton, Ont., furnishes proof that Dr. Williams' Pink Pills will cure even the most stubborn cases of nerve exhaustion.

Mrs. Hall was left a widow and was forced to work in a mill to maintain herself and her two little children. She bravely faced the battle of life, though she had never had to conform to such conditions.

Understanding the splendid spirit she displayed the work played havoc with a delicate constitution, and some years ago Mrs. Hall noticed signs of a nervous collapse. She consulted a doctor who gave her some medicine and told her she "would be all right in a few days." But relief did not come, and it was finally a daily occurrence for her to faint at her work.

These fainting spells quickly developed into pronounced hysteria and chronic irritability, and Mrs. Hall says that death would have been her lot but for the intervention of Dr. Williams' Pink Pills.

Grasping at even the possibility of help she decided to do so. She bought three boxes of the pills and found some improvement, and from that time on this improvement was steady and increasing daily until after a few months she felt the cure was complete. She says: "Dr. Williams' Pink Pills have done what doctors failed to do and what I myself thought was impossible. They have freed me from the terrible trouble I suffered and my old joy in life has been renewed." When Mrs. Hall began taking Dr. Williams' Pink Pills she weighed only one hundred pounds, while under her renewed health her weight had increased to one hundred and thirty.

Dr. Williams' Pink Pills can be had by mail at 50 cents a box, or by mail at \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

COMMITTEE TO DECIDE

THE FATE OF QUEEN'S

Further Discussion in the Assembly

—A Million Dollars For Missions.

HAMILTON, June 4.—(Special).—By a unanimous vote Principal Gordon's motion to refer the Queen's University situation to a commission to report on the whole question to next year's assembly, was adopted at the morning sederunt to-day. The amendment introduced by G. M. Macdonnell, K.C., modified by a clause suggested by Prof. Dyde reaffirming the action of the church in 1908 and 1909, was voted down by 148 to 85, and there was no opposition to the motion when put. It was agreed that the members of the commission be nominated by the moderator, Principal Gordon and Mr. Macdonnell.

A pleasing incident of the morning session was the introduction of Rev. Dr. Wardrop, Guelph, an ex-moderator, to the assembly. Dr. Wardrop is over 90 years of age and still preaches.

The afternoon session was occupied with the report on Campbell and Rev. Dr. Sedgwick, their terms of service reaching nearly 50 years each.

The evening sederunt was devoted to the foreign mission reports, and the speeches represented the work done all over the foreign field. T. C. James, Charlottetown; Rev. Dr. John B. Macdonnell, Guelph; Rev. S. A. Fraser, Trinidad; Rev. S. B. Rohold, Jonathan Goforth, Honan; A. E. Armstrong, Dr. Waters, Central India; and Mrs. Goforth made the addresses, and the meeting was crowded and attentive.

The receipts for the foreign mission fund during the past year from all sources have been \$52,070.20, an increase of \$435.20 over the preceding year. The total stands at \$19,251,000, by far the largest debt that the foreign mission has ever carried.

NO HIGHER CRITIC

So Says Rev. Dr. Manning of Windsor in Addressing London Conference.

LONDON, June 4.—(Special).—In his address to eleven budding ministers at to-night's session of the London Conference, Rev. Dr. Manning of Windsor declared that the Bible was to-day what it always had been and always would be. He further declared that there were no higher critics in the Methodist ministry. He said: "I haven't much to say about the Old Testament, but I have much to say about the New. Some people profess to know the origin of the books of Moses, but no man that reads and thinks can have lived as many years as I have without knowing that he is not a higher critic. I am prepared to say that there is not a man in the practical ministry of our church who is a higher critic. The Bible is what it always has been and always will be."

Those who were received to-night are: Charles W. Coulter, Old Springs; Archibald R. Kellam, Harmony; Frank H. Langford, Granton; Chas. W. McKenzie, Mitchell's Bay; L. Chester Roberts, Devils; W. Ray Osborne, Leamington; James A. Spenceley, Toronto; Harold Willis, Forest. The resolution for the admission of the candidates into the ministry was moved by Rev. Thos. Manning of Windsor and seconded by Rev. G. F. Salton of Stafford.

The examining board for the present year is as follows: Rev. G. N. Hazen, London; Rev. W. J. Ford, Watford; Rev. B. D. Hamilton, Listowel; Rev. Joseph Philip, Aylmer; Rev. C. P. Wells, Granton; Rev. W. G. McAllister, Guelph; Rev. J. R. Gundy, St. Thomas.

This morning Rev. Richard Hobbs stirred up a new theology discussion with the foreign reports, and the "higher critics" tell us we must be liberal in our interpretation of the Old Testament, and conservative in our interpretation of the New, but these are two horses no one can ride at the same time. When they discredit my Lord, and my Lord's testimony as a teacher, and tell us that He knew no more about the Old Testament than any teacher of His day, so that all He said about Moses was wrong, I take issue during the past year from all sources have been \$52,070.20, an increase of \$435.20 over the preceding year. The total stands at \$19,251,000, by far the largest debt that the foreign mission has ever carried.

If my Lord is not allowed to be the supreme authority in all scriptural interpretation, I'm going to start sawing wood for a living," declared Mr. Hobbs.

"Mr. Hobbs can take to the tall timber as soon as he wishes," said Rev. J. H. Oliver of Sarnia. "I prefer going forward to preach the gospel on the plains. I think much of this discussion has been an effort on the part of the preachers to supply copy for the newspapers."

The Winning Temperament. Keeping one's poise is a requisite in all games of skill. The flustered one is left at the post. For the last day of the races one can buy tickets at the up-town depot of the O.C.—"at Muller's course." Incidentally a cigar case filled with rare Havanas will help one enjoy the day, for a good cigar helps maintain that peace and good-will which marks the winning temperament.

First Saturday Excursion. The Hamilton Steamboat Co. have put the steamer Modjeska in commission and will run her out with the first Saturday excursion, leaving Yonge-st. wharf at 5 o'clock to-day, returning to the city again at 8.15 p.m. The 50c excursion ticket will be issued for this trip.

Dr. McLaughlin Claims Success is Due to Electric Energy

What happiness is there in this life without HEALTH? Who achieves success in any walk of life without ENERGY? "To the swift the race, the battle to the strong." In this twentieth century of progress the man who reaches the front rank is the PUSHER—the man with VIM and VIGOR! When this fellow shakes your hand he looks you in the eye and gives you a grip that makes you notice him. This man has friends, and lots of them. He believes that when you laugh—"the world laughs with you." Such a man will get to the front even if his education is limited to the "Rule of Three." When opportunity knocks at his door he is on the spot ready always to make the most of life's possibilities. What is the keynote of his success? MAGNETISM—ELECTRICITY. They are one and the same thing. His body is full of it, for he has lived right; he has not abused Nature's laws, but has guarded his HEALTH—truly man's greatest capital. If ever he has fallen into dissipation and excesses, he has not polluted his system with drugs, but has used Electricity—the DR. McLAUGHLIN ELECTRIC BELT—the natural remedy for restoring vitality—and thus again has quickly taken his place as "a man among men," and has profited by his experience.

Monkton, Ont., Nov. 19, 1908. Dear Sir—I am glad to say that I feel in good health, and am stronger than I ever was before. I have gained over fourteen pounds since I started to use your Belt, and believe it has done great things for me. I can say to anyone else needing the use of your Belt that it will bring them to their natural health and strength again. I remain, Yours for health, A. S. PARTRIDGE.

Contrast this man with the other, who walks as though he had lead on his shoes, whose looks, whose talk, whose sallow skin and shifting eye, all tell the dark story of his misfortune: a body racked with pains and aches, shattered nerves, and a mind unable to think for himself; getting the crumbs of life's opportunities while his successful rivals walk away with all the prizes. You had just as good a start, but you untuned while his successful rivals walk away with all the prizes. You had just as good a start, but you untuned while his successful rivals walk away with all the prizes. You had just as good a start, but you untuned while his successful rivals walk away with all the prizes.

Yes, but you are taking some medicine now, and want to see what that will do for you. You can save your stomach that expense if you will come to me and tell me all about your case now. I want to show you what my DR. McLAUGHLIN'S ELECTRIC BELT has done in the way of curing Loss of Vitality, show you what my DR. McLAUGHLIN'S ELECTRIC BELT has done in the way of curing Loss of Vitality, show you what my DR. McLAUGHLIN'S ELECTRIC BELT has done in the way of curing Loss of Vitality.

I HAVE AN ELECTRIC BELT THAT DOES CURE, and I am offering it to you in such a way that you take no chances whatever. Give me your name and address, with a statement of your case, and I will at once arrange a Belt suitable for your case, and

WHEN YOU ARE CURED PAY ME

All I ask is reasonable security for my Belt while you are wearing it.
