Demand for Mining Stocks Cobalt -- Changes Tone of Markets

Mining Stocks Are Scarce When Real Buying Appears

Timiskaming Wanted at Quotations, But Sellers Run Away-Cobalt Market Shows Much Better Substance.

Monday Evening, Aug. 8. With the exception of Kerr Lake a much better undertone was in evidence for the Cobalt securities to-day. In fact, at the close of the market several thousand shares of Timiskaming were wanted, but the stock was not availage, except at a considerable advance. The dealings in to-day's market represented very few changes, but such movements as were made were altogether in an upward direction.

London Bullion Brokers Say Buyers Show No Return of Confidence.

Pixley and Abell, in their weekly circular; say: Silver has been a weak market; there is no change to report in the general situation, the ordinary buyers showing no return of confi-dence and keeping as far as possible out of the market. Owing, however, to a change in the tactics of the Indian speculators in Bombay, where it is reported that they have been willing to lend silver for the July sattlement urtil August at a difference of 4 annas, the yalue of spot has declined below forward, and in London, for similar reasons, the premium on spot has declined from Julia to a low as last for clined from 7-16d to as low as 1-8d for two months. This has caused considerable selling on the part of other indian dealers, who perhaps have all the price has declined from 25 1-4d 24 5-3d for spot and from 24 13-16.1 24 1-24 for forward, the weakness spot being accentuated by liberal ferings f om America.

For the first time the Rochester appears on the list of shipments from the Coualt camp this week. A car of 60,750 pounds left the sampling plant of Campball and Dayeft at Cobalt for the smelter at Carnegle, filled with low grade, running about 536 ounces to the ton, which came from the up-
