

During the early part of the year, the Society sent a contribution to the Bishop of Saskatchewan for the mission at the Cypress Hills.

As will be seen by the subscription list, donations have been given to Algoma, China, and other places as well as to Home Mission work.

Every giver is left free to send his money for whatever special mission he pleases ; but if he names no other, Beaconsfield and Cypress Hills, are the missions the Society is now pledged to assist as far as possible. It is earnestly desired to increase this mission work. A few more ladies have kindly undertaken to assist in collecting.

It has been proposed that we should aid the great work going on in India. The Society hopes to be able to do something for it, in the near future, though at present it had to decline. Even so small a sum as \$50 per annum would pay for a native teacher. Surely this much might be done.

Secretary.
