

SAYS ROMANIA WILL TAKE UP CAUSE OF ENEMY

Bucharest, Nov. 12.—(Delayed in transmission)—Former Premier Cury is credited by the newspaper "Adevartul" with the statement that Rumania will take up arms on the side of Germany in December.

Vienna, Nov. 16.—The full report of the commander of the submarine which recently sank the Italian liner Ancona in the Mediterranean has not been received, but the report, on which the statement sent out Sunday by the Austro-Hungarian admiralty, was based, showed, according to Austrian officials, that the loss of a single life was unnecessary.

It is alleged that the crew of the Ancona were panic-stricken from the beginning and actually lowered lifeboats while the ship was moving fourteen miles an hour. These boats naturally were swamped, but it is asserted that there were still enough lifeboats to save everybody. Furthermore the charge is made that the members of the crew preempted the boats and rowed far from the steamer, the captain of which had been allowed almost ninety minutes for the safe removal of those aboard.

An Austrian official remarked, incidentally, that the same panic-stricken conduct was reported in the case of the Italian crew of the liner Firenze, which was sunk after the Ancona.

It is pointed out in official quarters here that the commander of the submarine which sank the Ancona and no means of knowing whether that steamer was a peaceful outboard passenger ship or a transport, and it is deduced that he was even justified in suspecting her to be a warship, as she is listed in the international naval register, as an auxiliary cruiser, with a provisional armament of 12-centimetre guns.

"In any event," said the informant of the Associated Press, "the submarine commander did his duty in challenging, and when the ship started in flight he had no alternative but to open fire. Whether the submarine would have halted the Ancona, if it were known that she was a passenger ship, bound for America, is an academic question.

Government circles here are of the opinion that will be taken by the United States.

Private Wireless Near Deering, Me. British Embassy Draws Americans' Attention to It. Washington, Nov. 17.—The British Embassy today directed attention of the state department to a private wireless station at Deering, near Portland, which is said to have been communicating with vessels at sea.

Fairville Baptist Working-Boys Class Welcomed at Y.M.C.A. Last night the Fairville Baptist church Y.M.A. working boys' class, under the supervision of Rev. P. R. Hayward, visited the local Y.M.C.A. and were given the privilege of using the tank for one hour to practice for their Canadian standard efficiency tests program of seventy-five yards, Harry Kein, senior leader of the local Y.M.C.A., conducted the boys in the tank. Many of the boys were able to swim the required distance, while three others who could not swim at all were given their first lesson. This class will meet again at the local Y.M.C.A. and use the tank to take their records of the swim for this efficiency test. This group will also meet on other occasions to run off other events. The boys were shown around the building and in general had a very pleasant visit.

In this way the local Y.M.C.A. is co-operating with all Sunday schools and churches who have organized under the Canadian standard efficiency tests program, giving them the privilege of the tank for their swimming events and also to take those athletic events which it is impossible to hold in their own Sunday school, on appointment with the physical director, to be run on at the local Y.M.C.A. gymnasium. This is solving many of the difficulties which some of the boys have been having in running of athletic programmes. If any more of the Sunday schools organize such classes the Y.M.C.A. is willing to co-operate.

THIRTY ONE KILLED IN MINE EXPLOSION

Seattle, Wn., Nov. 17.—Rescue parties which labored all night, are still at work today endeavoring to rescue the bodies of twenty-five men buried under tons of debris in the Northwestern Import Company's coal mine at Ravensdale, thirty-five miles southeast of here. An explosion yesterday killed thirty-one men and injured three others.

GRAFT IN THE 33RD

London, Ont., Nov. 17.—A bold story of graft was told by witness after witness, at an inquiry into the affairs of the 33rd battalion on Tuesday. One after another admitted trafficking in the stores of the battalion, and on top of these confessions came revelations of what one of the court characterized as a "liquor supply depot," right in the quartermaster's store, where, it was alleged, several officers were accustomed to drink, in violation of the regulations.
