

Florence Webber Starring Again

Actress Who Scored in "The Climax" in St. John Back in New York; Variety of Other Stage News; Percy Haswell in South; St. John Girl in Stock; Grace George in New Play; The Local Set; Amateurs Next Month

Florence Webber, who starred for two years in "Naughty Marietta," and who was the only woman in the cast of "The Climax" when it played in St. John, has placed in the city in the role of Lady Luxur, Miss Claire is filling a vaudeville engagement. Other engagements for "Lady Luxur" are Joseph Terbert and Donald MacDonell.

Cecil Raleigh, an English playwright, author of "The Sons of Society," "The Whip," and other melodramas, left an estate valued at \$41,730 according to his will which was recently offered for probate in the London courts. Miss Ada Shaw, his secretary, receives the entire estate. Mr. Raleigh's widow is at present playing in the United States.

Blossom Baird, a local girl who is doing well in stock in Florida, Ill.

At the Toy Theatre, Boston, Gertrude Kingston, a highly reputed comedienne of the London stage, who has been captively and entertaining manager as well in "Great Catherine" will produce Mr. Shaw's robust and racy farce that sets the ebullient, stonewalled, and fantastically capricious empress over a highly respectable and conventional English officer. The piece will be acted for the first time in the American stage with its other unusual play, "Tessie," and "Keep Off!" will be seen. Miss Kingston is assembling and preparing her own company.

Miss Phyllis Nielson-Terry is going into the variety theatre in the third act of "La Tosca" at the Candler Theatre, which is being produced by Melrose MacDowell, once an eminent stock actor.

George Grossmith and Edward Laurillard, who produced "Tonight's the Night" at the Shubert Theatre, New York and who are presenting "Potash and Perlmutter" and "Peg O' My Heart" in London this season, have decided to establish a New York office, the policy of which will be to produce American plays in London and English plays in New York.

Frank Mills has been engaged by Charles Frohman to play the leading character part in Porter Emerson Browne's new Ann Murdock comedy.

Jane Wheatley is now playing the widow in "On Death" at the Candler Theatre. Helen Lackaye having joined the Chicago company for her original part.

Florence Roberts, known in St. John through her able support given her husband, the late Lewis Morrison in "Faust" is playing in Portland, Ore. Last week she used a vehicle popular here, "The Rejuvenation of Aunt Mary."

MY TIRED FEET

ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "TIZ"

"Just couldn't wait to take my hat off!"

Just take your shoes off and then put those weary, sore, swollen, aching, burnt, corn-pestered, lunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look like you and almost talk. Then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out and aching. It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot tortures.

Get a 25-cent bottle of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get how comfortable your shoes feel when you wear them a size smaller if you desire.

To Put on Flesh and Increase Weight

A Physician's Advice.

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time.

It's all about to say that this is the nature of the individual. It isn't Nature's way at all. This folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't make them gain a single "stay" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless yet wonderfully effective and a single tablet eaten with each meal offers has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His leading woman, Elsie Herndon Kearns, will battle with the role of Hamlet.

Five thousand men and one hundred women applied at the stage door of a Philadelphia theatre which advertised for suppers for "Ben Hur."

Emma Dewey, who played here frequently with Kirk Brown, is in a stock company in Bridgeport, Conn., this season.

Charles Phillips, author and dramatist, of San Francisco, was recently the recipient of a commission of dictograph records sent by Margaret Anglin. The records contain directions given by Miss Anglin for the staging of Phillips' play, "The Divine Comedy" which Miss Anglin will soon produce.

Percy Haswell, a local favorite, has opened an engagement in New Orleans and is playing in big business.

The Local Players.

The Young-Adams Company at the Opera House continues to attract large audiences. The presentation of "Butterfly on the Wheel" this week gave pleasure to packed houses each night, and made a splendid impression, while the presentation of "The Cowboy's Revenge" should be equally interesting. The change in the vaudeville features at each change of play adds to the interest.

Why is it that when a man writes a play he at once seems to lose all sense of personal values, asks Walter in "The Only Girl," by Joe Weber, announced that he will present Guy Bolson's play, "The Only Girl," in New York within the next two weeks.

Col. George Cornwallis West, who has spent a long time in Belgium with the British naval forces which operated in that country, has arrived in Chicago with his wife, Mrs. Patrick Campbell at the Blackstone.

James K. Hackett, whose income is now \$10,000 a week, has decided to produce "Macbeth" to make the production elaborate in every detail, the actor will draw upon his "vision" refrain. Mr. Hackett has always been ambitious to play "Macbeth."

After an absence of four years, Bertha Gulland is to return to the stage in a new romantic play.

Specialist Explains Cause of Stomach Trouble

VALUABLE ADVICE TO SUFFERERS

"There are many different forms of stomach trouble," said a well-known specialist recently, "but practically all are caused by excessive acidity of the food fermentation. That is why the results obtained from the use of drugs are usually so disappointing. Admittedly, fermentation, from their digestive and the food contents to be the underlying cause of most forms of indigestion, it naturally follows that the use of a reliable antacid, such as a four-cent bottle of antacid, which is so frequently prescribed by physicians, will produce better results than any known drug or combination of drugs. Accordingly, I almost invariably advise 'those who complain of indigestion or stomach trouble to get some bi-urated magnesia (note the name carefully, as other forms are unsuitable for use) and to take one or two teaspoonfuls of the powder, or two 5-grain compressed tablets, after each meal, and to continue this, by immediately neutralizing the acid and stopping the fermentation, removes the cause of all the trouble and restores normal and healthy digestion."

STOP CATARRH OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and refreshing the inflamed, swollen mucous membrane and get instant relief.

Ah! how good it feels. Your nostrils open, your head is clear, no more snoring, sneezing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

well explains Miss Walker's popularity in the picture theatre.

He is supposed to be one of the screen stars of the future. She will be the heroine of "The Unfaithful," when Jesse Lasky makes the novel of Eleanor Ingham into a picture play.

Holbrook Blinn is to be the star of "The Boss," when William A. Brady makes a film play out of that drama.

A WAR PICTURE

"The British hospital at Furness," says Sir Frederick Treves, "has passed through many vicissitudes but it is now well established and in excellent order. It deals solely with Belgian wounded in the main ward, a fine hall, is a little larger in bed very much too big for him. He is a refuge from Ypres. In one of the many attic rooms that unfortunately his foot was smashed by a shell and as a result the limb has had to be amputated. He is doing well. What has happened to his partner is not known. He is probably alone in the world. In a basket on the floor by the child's bed is another refugee from Ypres, a puppy of very indelible breed. He was probably thrown by some compassionate soul into a cart which was flying in haste from the burning town. "It is a curious picture," concluded Sir Frederick, "the white-washed refectory full of gravely wounded men, some still groaning with pain, some hearing death, with, high upon a wall, a kindly statue of the Virgin looking down upon the scene, and, in the centre of the room the stove, the ridiculous puppy and the one-legged boy."

Such a description will clearly show to some, who little know what kind of work is now being carried on by the Red Cross Society behind the battle line and how necessary it is for the society to have all the available material necessary for carrying on the work.

Germany's action toward Belgium was and always must be held to be, the greatest crime in history.—Lord Curzon.

Sweetheart." This play has made quite a hit with local theatre patrons and has drawn crowded houses the last part of the present week.

The company will start the third week of their stay here on Monday evening with a presentation of "A Wife's Sacrifice." This is a splendidly written drama by one of the foremost dramatic authors and under another title had a long run in New York and other cities.

The manager of the company states that its one of the best plays the company will present during the present engagement.

An entire change of vaudeville features will be made with the presentation of Monday, Tuesday and Wednesday nights and Wednesday matinee. The usual vaudeville matinee. The usual vaudeville matinee. The usual vaudeville matinee.

For the last half of the coming week, "The Cowboy's Revenge" will be offered. The title might suggest to some that the play was the usual "blood and thunder," but it is not. It is a dramatization of a very popular story that ran serially in one of the prominent magazines of the last year and, while it has a few thrills, the situations are not overdrawn. Pistols are used, but there is no shooting. The scenes are intensely dramatic, but never inconsistent, and in other cities this play has been well received and considered one of their best offerings.

Friday evening of next week there will be a big amateur contest open to all local applicants for stage honors. Three valuable prizes will be given to those who do the best "stunts," the grand prize being the judges. Already the management has received a number of entries, and there is no doubt that the audience on Friday night will see two big shows for the price of one.

TROUBLE POSSIBLE IF THE UNITED STATES BUY THE DUTCH GERMAN SHIPS

Washington, Jan. 29.—It may be stated with positiveness that if the United States purchases intended German and Austrian ships under the provisions of the pending ship purchase bill it will become involved with the Governments of Great Britain, France and Russia in a controversy vastly more serious than that which has confronted this nation in many years.

Although the administration is refusing to disclose just what it intends to do if it succeeds in having the ship purchase bill passed, there is no mystery at all about what the allied governments in the European war will do in case the proposed government-owned corporation buys and puts into trade with Germany and Austria vessels now owned by their enemies. Positive and authoritative statements that these vessels under such circumstances will be treated as enemy vessels are now obtainable in Washington and leave not the slightest doubt as to where the allied governments stand on the issue.

A NEGLECTED COLD WILL VERY OFTEN TURN TO CONSUMPTION.

Never neglect what at first seems to be only a slight cold. Perhaps you start to cough, a little irritation in the throat, then it gets lower down, settles on the lungs and bronchitis sets in, and you start to raise phlegm of a greenish, yellowish color, and you cough persistently.

If you let the simple cold run it will surely develop into something very serious, and perhaps consumption.

On the first sign of a cold or cough go to your dealer and procure a bottle of

DR. WOOD'S NORWAY PINE SYRUP.

A few doses will convince you that it is just the remedy you require.

Mrs. J. W. Pearson, Amherst, N.S., writes: "Some time ago my daughter had a very bad cough which settled on her chest. She had no rest day or night. I gave her everything I could think of, but without doing her the least bit of good. At last I thought of Dr. Wood's Norway Pine Syrup, so I got a bottle for her. She had not taken half of it before she got relief, and with the remainder she was completely cured. Now she is as healthy as ever, and I know we always know what to get for her."

Dr. Wood's is 25c and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

SCALY, ITCHING BURNING RASH

On Wrists. Soon On Shoulders. Stinging Pain. Could Not Sleep. Used Cuticura Soap and Ointment. Rash Disappeared.

So, Boston, Que.—"I first had a fine scaly rash appear on my wrists which soon became very inflamed and caused me great suffering by the burning, stinging pain. These soon broke out on my shoulders and I could not sleep nights for the itching and burning. It was like this for two months or more."

"I had medicine and had tried several remedies but nothing did me any good. I had read of the Cuticura Soap and Ointment so I decided to try it. I first bathed in warm water using the Cuticura Soap freely then applied Cuticura Ointment and was soon cured and free from all this trouble. The rash disappeared and I have not been troubled since." COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief in Novel Way.

Adrian, Mich.—"I suffered terribly with femial weakness and backache and so poorly that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing under the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.
