FIGHTING FOR MELBA

Metropolitan Opera House Fred Sherman, Incessario

Fred Sherman, the eminent concert agent who has conducted for Madame Melba's entire concert season, which was to have extended to Saturday 15, in the city Saturday. Mr. Sherman expressed himself as being astounded some three weeks ago when he was asked to arrange the Melba tour, and leave Madame Melba to accept an engagement with the Metropolitan Opera House, New York, rather than to perform as previously arranged for. Mr. Sherman states that he immediately accepted the offer, and that he has by no means a contract signed with the prima donna nearly twelve months ago.

As a result of the war, the corporation which backs the Metropolitan, bought Mr. Sherman's shares in the company, and in consequence only those cities which can be reached in September and October will hear Melba in concert this season. Fortunately for St. John the date here is September 3, the second in the itinerary, and the music-lovers of New Brunswick will have the first and only opportunity of hearing the illustrious Melba, also known as the peer of living harpists; Queen of the popular Metropolitan Opera House; Lemmon, Faustini; and La Foggia, pianist. All Dominion Fair excursion rates will apply to the Melba concert.

IT MEANS GET OUT

No Disgraceful Conduct on E. D. C. Grounds Will be Allowed—An Occurrence of Last Saturday

The Every Day Club does not permit liquor drinking on its grounds, but at last Saturday's ball game several men who sat on the bleachers' produced bottles and drank openly before the crowd, including many children, when one member of the club was at hand. One was a well known I. C. R. man, and another an equally well known employe of the street railway, and when one of them was reminded that they were violating the rules of the club he consigned its president and officers to a hot place and announced his ability to "knock their block off." His remarks were not made, however, in their hearing. By agreement between the club and the base ball managers the little boys and girls are admitted free to the grounds at all times, and persons who are guilty of disgraceful conduct in presence of the children will be promptly ejected by the police.

QUINLAN CLEAR OF SUSPICION OF STEALING FARE BOX

It was thought by a street car conductor a few days ago that Patrick L. Quinlan, the sixteen year old boy arrested on a charge of stealing, might have been implicated in the theft of a fare box from the conductor, but this supposition has been proved incorrect, as Quinlan was not at home at the time of the robbery, July 12.

B. & P. BASEBALL TEAM SHUT OUT MACAULAYS

Brock & Paterson, Ltd., shut out the Macaulay Bros. & Co.'s team in an exciting game last night on the Victoria grounds. B. & P. the magic leaders, gave Macaulay Bros. & Co. a whitewash and took one more stride to the championship and cup. The winners gave their star pitcher excellent support, and played a very snappy game. Gaskin in right field, showed up particularly well, cutting off two men on first base, from what looked like sure hits, Kaye's batting was also a feature.

Mahoney as usual, pitched a star game, especially so with men on base. Lathan pitched a good game for the losers, but was poorly supported. The batteries were Mahoney and McGowan, Lathan & McCann. The score by innings:
Brock & Paterson... 1 0 0 0 4-5
Macaulay Bros. & Co.... 0 0 0 0-0

RIVER GIVES UP BODY OF J. SHERWOOD

Found by Letter Carrier on His Way From Milford

DROWNED ON JULY 31

Fell From Motor Boat at Swift Point and Probably Held Down by Logs at Bottom of River

The body of John A. Sherwood, much disfigured by days in the water of the river, but identified by the clothing, was found off Indiantown early this morning by Charles Rodgers of Milford, a letter carrier. Coroner Roberts has taken charge of the case.

While Mr. Rogers was coming in his boat to the city from his home in Milford, he noticed a black object floating in the water, and on closer inspection discovered it to be a human body floating face downward. He secured the body to his boat by means of a rope, and quickly rowed to Indiantown where he communicated with Coroner Roberts.

Meanwhile the news of the finding had spread, and by the time the coroner arrived the news of the finding also reached the home of Mr. Sherwood's father, John H. Sherwood, of Spar Cove Road, who, with another son, hurried to where the body had been brought. When they arrived the coroner was already there, and together they made a hurried inspection of the clothing, which the father recognized as belonging to his son.

Coroner Roberts ordered removal of the body to Chamberlain's undertaking rooms where it now lies. The coroner said to a Times reporter that an inquest would likely be held.

Sherwood said that it would not be advisable to have the body brought home, as it was when found, for the attention of Mrs. Sherwood's health was such that viewing the body might have serious effects.

It is seventeen days since the young man was drowned. On Sunday, July 31, he fell from a motor boat at Swift Point on the St. John river and was drowned before anything could be done to save him. It is thought that the body had been caught among logs at the bottom of the river.

START WORK FOR THE SPECIAL LIGHTING FOR EXHIBITION WEEK

Work was commenced yesterday morning upon the lighting of the streets of the city for the period of the exhibition. The start was made in Mill street not far from the depot, and the work will be proceeded with at once until the principal streets are ready for the grand illumination. In all about 1,200 incandescent globes will be in use, the majority of them in the following streets—Mill, Dock, King, Prince Wm., Charlotte, and about the exhibition location. The walks in King Square and Queen Square, also, will probably be strung with lines of electric globes and when the whole is lighted, it will present a brilliant spectacle.
