NEW BUILDING BY-LAW DRAFT IS SUBMITTED

Commissioner Harding Asks for Adoption at June 15 Meeting

ARBITRATION IN CASE OF DISPUTES

Permits for Signs—Toronto Code is Adopted as Guide

A draft of the proposed new building by-law and fire department by-law for Saint John is now in the hands of the members of the Common Council for study by them, and the Commissioner of Safety intends to move for its adoption at the council meeting on June 15. Under date of May 13 the copy of the draft, accompanied by the following letter, was sent to each of the commissioners and to the Mayor: To the Mayor and Members of the Common Council:

Herewith I beg to hand to you proof read copy of the new by-law regulating building construction, which I would like to have passed as soon as possible. Could I hope to have it passed at the council meeting of June 15 next?

May I remind you that the order-in-council was passed November, 1924, and that the committee who acted were as follows:

C. F. Sanford, C. C. Kirby, G. G. Hare, E. Bates, F. Nell Brodie, Jas. Carleton. Arthur Anglin acted as secretary, and proved his capability to compile the work.

After the most careful investigation the Toronto code was adopted as the best guide in the work.

This should prove to be such as will cover all possible conditions for the next 50 years.

The enabling act was passed a year ago. A copy of both the enabling act and by-law is in the hands of the city solicitor, who will attend to legally drawing away with the old code as soon as the by-law is passed by council.

Yours truly,
W. L. HARDING,
Commissioner of Public Safety.

SOME PROVISIONS

The new by-law provides for a scale of fees for permits and gives the building inspector power to vary the requirements of the law, under special conditions. It also makes provision for an appeal from the decision of the building inspector if he refuses to grant any permit, such appeal to be to an arbitration board of five members, two to be appointed by the city, two by the interested parties, and the fifth by these four; all to be architects, engineers or master builders, and a finding of a majority to be binding on both parties.

SETS TIME LIMIT

Permits expire if active work is not commenced in six months from the date of granting, but may be renewed at the discretion of the building inspector. Permits are subject to revocation by the building inspector if he finds the work is not being carried on in accordance with the requirements of the by-law.

Very minute directions as to heights of buildings and class of construction are contained, the by-law practically being a specification for builders to follow.

At the discretion of the building inspector he may require that fire escapes be placed on any building three stories or over in height, and these are to be of fireproof material.

DEALS WITH SIGNS

The new by-law makes it obligatory for owners of property to secure a permit before they can place any sign, board or advertising device, and they must file with the application a plan of the sign. It also deals with the erection of signs on buildings and the provisions under which they can be erected. All applications have to be made to the building inspector.

FIRE DISTRICTS

Under the fire department by-law the districts remain as they are at present, but provision is made for certain concessions in each of the districts. All business premises over three stories in height are required to have a sprinkler system installed.

Makers of the by-laws are liable to a fine of \$50 and a further fine of \$10 for each day such infringement of the by-law continues. The scale of fees is as follows:

When the total estimated cost of the excavation, for, or erection, alteration, reconstruction, removal or wrecking of any (or part of any) building is—
Up to the value of \$500 the fee shall be \$0.40
From \$500 to \$2,000, fee shall be 1.00
From \$2,000 to \$3,000, fee shall be 2.00
And for each additional \$5,000 or fraction thereof an extra fee of 1.00
For permits not covered by this scale the fee shall be 0.50

Copies of the proposed by-law are in the hands of the secretary of the committee, W. Arthur I. Anglin, Barnhill, Sanford and Harrison, and builders and architects have them.

Ludlow Street Has Young People's Choir

A young people's choir of 20 members has been inaugurated in the Ludlow street Baptist church to lead the singing during the summer months. The new organization gave an excellent account of itself on its first appearance yesterday.

R. H. Parsons is director with Miss M. E. Mullin, the organist, assisting. Yesterday Miss Mac Robbins, who is home for the vacation from Acadia, and Miss Sadie Burke assisted the choir.

The evening a quartette by the Misses Edna Robbins, Elsie Willis, Laura Rupert and Beatrice Ramsay, and a duet by Charles Campbell and Arthur Parks were special numbers. Rev. W. A. Robbins, pastor of the church preached.

WM. C. CLARKE IS NEW HEAD OF RENFORTH CLUB

Outing Association Prepares For Activities of 1926 Season.

At a well attended meeting of the Renforth Outing Association on Saturday evening in the club house at Renforth reports were received and officers for the coming year were elected. J. H. Pritchard, retiring president, was in the chair. The election of officers resulted as follows: William C. Clarke, president; Wilson Dalton, first vice-president; Richard Ingleton, second vice-president; Guy S. Smith, third vice-president; R. H. Bennett, treasurer; Paul B. Cross, secretary. Members of the executive were named as follows: A. P. Paterson, Mrs. P. B. Cross, Mrs. W. C. Clarke, F. J. Nichol, James McInerney, S. E. Clarke, J. H. Pritchard, F. W. Coombes, H. S. Morton, L. V. Price and John Sutherland. Chairmen of the various committees will be named at a meeting of the executive tomorrow night.

The treasurer's report, presented by R. H. Bennett, showed the club to be in the most satisfactory financial condition it has yet enjoyed. The report of the entertainment committee, read by Stanley Rankine, stated that the dances held last year had been very successful, socially and financially. G. S. Smith presented the report of the house committee, which showed that minor repairs had been made to the building last year.

Words of thanks. An offer from the New Brunswick Telephone Company of the use of its building for the holding of the annual meetings of the association was received and an unanimous vote of thanks to the company was passed. It was decided to write to the management of the C. N. R., thinking it for excellent train service conducted throughout last winter.

The attendance at the meeting on Saturday was the best in many years and indications were that this season should be active one. The Astoria-Betty orchestra has been engaged to furnish music for the dances this year. It is expected that the first dance of the season will be held on next Saturday evening.
