

HON. L. P. FARRIS DIES, AGED 82

Former Commissioner of Agriculture in Liberal New Brunswick Gov't

Is Survived by Wife and by Four Sons—Prominent in Several Lines

Succumbing to an attack of bronchial pneumonia, Hon. L. P. Farris passed away late yesterday at the residence of his son, Dr. H. A. Farris, superintendent of the Saint John County Hospital, in East Saint John.

Hon. Mr. Farris was widely known and held in very high esteem throughout the province and for 16 consecutive years he sat in the provincial legislature, serving under four different premiers and one time holding the office of Commissioner of Agriculture. He was an ardent Liberal and whether a candidate himself or no longer in the political arena he always played an active part in the realm of politics. Both by the members of his own party and by those in the opposite political camp Mr. Farris was looked up to as a man of marked ability and a man of sterling character indefatigable in what he believed to be the best interests of the province.

BORN AT WHITE'S COVE.

He was of English and Scotch descent, a son of John Farris and Sarah McLean and his father was a member of the Federal House for a great many years. Hon. L. P. Farris was born on Dec. 22, 1843, at White's Cove, Queens county, N. B., and had lived a fortnight longer would have attained the age of 82 years. He was educated at the public school and Baptist Seminary in Fredericton. He was a practical farmer and his farm in Queens county was admirably managed. He married Miss Louise Hay, of Woodstock.

ACTED IN C. P. BUILDING.

During the construction period of the C. P. R. in the Maritime Provinces Mr. Farris was commissioner of the police supervising the work in New Brunswick. He served at one time as councillor of the Queens county municipal council.

He was first elected to the Provincial House in 1892 and retained his seat in the Legislature until 1908 when the Liberals were defeated and the Hazen Government was returned to power. Mr. Farris met defeat also in his parliamentary career. He was a member of the House of Commons from 1908 to 1911. The four premiers who had led the party during the 16 years when Mr. Farris was a member were Hous. Andrew G. Blair, who was Mr. Farris' close personal friend, Henry R. Emerson, L. J. Tweedie and Clifford Robinson.

For the last few years of his life Mr. Farris was in failing health and for five years he had made his home with his son, Dr. H. A. Farris, in East Saint John. He was a Baptist in religion and a devout worshipper.

WIFE, 4 SONS SURVIVE.

He is survived by the widow and four sons. All of his sons have achieved conspicuous success in the various fields of endeavor in which they have entered. One son, J. W. Delb. Farris, K. C., was formerly Attorney General in British Columbia and is now practicing law in Vancouver. Dr. H. A. Farris, of East Saint John, is a tuberculosis expert whose reputation is widespread. Bruce M. Farris, another son, is a member of the King, Farris Lumber Company and a partner in the firm of the Great Central Saw Mills Company of Vancouver. The youngest son, Wendell B. Farris, K. C., of Vancouver, is a member of the law firm which is headed by J. W. Delb. Farris. There are nine grandchildren residing in Vancouver.

The body will be taken on the morning train on Friday to Mill Cove, where the funeral service will be held at 2 p. m. in the Baptist church. Interment will be made in the family burying ground at White's Cove.

Relation of the Liver and Kidneys

Such that each suffers when the other does—Both regulated by Dr. Chase's Kidney-Liver Pills.

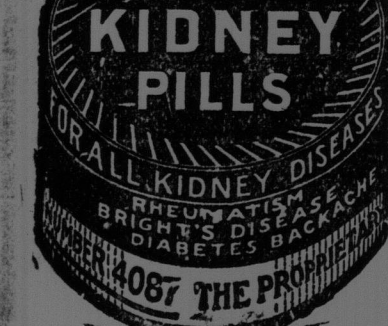

When the liver becomes sluggish or torpid in action, the kidneys have to help out with the work of filtration. When the liver fails the kidneys have all the work to do.

Hence the beginning of trouble is usually biliousness, indigestion and constipation and after a time the kidneys begin to be affected and there comes backache, urinary derangements and kidney disease.

The remarkable success of Dr. Chase's Kidney-Liver Pills is due to their unique combined action on the liver, kidneys and bowels. They get at the cause of trouble and remove it no matter how complicated it may be. Promptly and thoroughly they cleanse the bowels or intestines, arouse the liver action and thereby relieve the overworked kidneys.

U. S. ADOPTS GRAVES' LEGEND.

WASHINGTON, Dec. 9.—Upon each of the 1,082 stone crosses that mark the resting places of unknown United States soldiers in France the government will chisel this legend: "Here rests in honored glory an American soldier, known but to God."

GARDEN IS SOLD OUT FOR HOCKEY NEXT TUESDAY

Largest Crowd in History of Hockey Is Expected

Canadian Press Despatch.
NEW YORK, Dec. 10.—The fears that professional hockey might not "catch on" in New York, first expressed when Tex Rickard and his interests were allotted a franchise to operate a metropolitan team in the National Hockey League, are fast being undermined. Reports from officials of the new Madison Square Garden that a sell-out is more than probable for the first home game of the New York Americans here on Dec. 15 is taken as a certain indication that hockey is to become a popular winter sport.

GAME "GOING OVER."

Then the fact that a large delegation of local newspaper men were sufficiently interested to journey to Montreal recently to witness their team in action is another sign that Canada's national game is "going over" in the United States. The New York sport scribbles in their accounts of the Americans' 6 to 2 victory over the Canadians seemed well satisfied with the showing of their team and also with the game in general.

MATCH THRILLING.

In the words of Frank Wallace, of the Sun, the game developed "sixty minutes of football on skates to basketball tempo and tactics." Wallace says the match was fast, daring and thrilling, and continues: "Men charged through broken icefields like Red Grange, took flying leaps like greyhounds over a series of barrels, spilled without regard for any portion of themselves, including the curs, and then got up to try it all over again."

Demon Runyon, the sport expert of the New York American, thought things were serious for a time during the match.

"The political, social and spiritual relations between the Canadians and the United States," he said, "were slightly strained when our Mr. Billy Burch and the Canadians, Mr. Billy Boucher, dropped their curved clubs and took to smacking at one another with old-fashioned right-handers."

Mr. Runyon thought the game furnished plenty of excitement and remarked on the way Referee Laffamee kept chasing the players on both sides into what they call the penalty pen for elbowing and tripping. He also remarked on the fact that there was no snow when the demonstration when the former Hamilton, Ont., team stepped on the ice in their new star-spangled uniforms.

The American correspondent labelled Vernon Forbes, New York's goalie, as the star of the evening "all leathery up in a sort of ramorlike suit."

BRADFORD STIRRED BY CIVIC SCANDAL

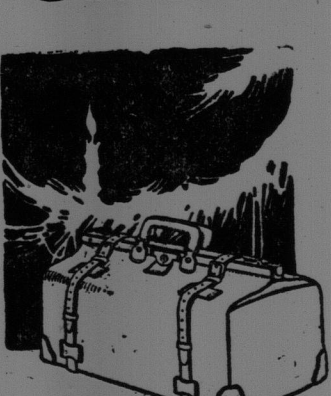

Former Lord Mayor and 25-Year Alderman Involved; Dealings Irregular

BRADFORD, England, Dec. 9.—A painful municipal scandal has arisen in Bradford in connection with H. M. Trotter, formerly Lord Mayor of Bradford and for 25 years an alderman and chairman of the Baths committee, who, it is said, admits irregularities in his civic dealings. Trotter, it is stated, has signed a statement admitting that there have been irregularities in his administration of the Baths department of the city corporation. He has resigned his aldermanship.

The Bradford Council discussed the affair at a meeting last night amidst a strong sense of restraint. The fact that Trotter had occupied a prominent position in the city for so many years and was respected generally, caused the members of the council to deal with the matter quietly, without heat and it was decided that there should be an enquiry into the whole affair.

The Bradford Council Chamber has become a whispering gallery for the

Gifts For The Whole Family

What To Give--
Here's The Answer

Here in our store right now you will find a wonderful collection of TRUNKS—CLUB BAGS—SUIT CASES—LADIES' HANDBAGS and LEATHER NOVELTIES that will give years of service and satisfaction, and always be a pleasant reminder of your love and thoughtfulness. You will find our prices so low that every member of the family can be remembered well within the amount you desire to spend. Early selection means the best choice.

W. W. Hubbard Is Re-Elected Head of N.B. Apple Growers

FREDERICTON, Dec. 9.—The New Brunswick Fruit Growers' Association held its twenty-first annual meeting this afternoon in the Normal School Annex. The president, W. W. Hubbard, of Burton, was in the chair. There was a large and representative attendance. The presence of the association at Amherst, N. S., in 1904, had been marked, he said.

The association became of age this year, as the president remarked in his address. The advances made in fruit growing since the establishment of the association at Amherst, N. S., in 1904, had been marked, he said.

Association Donates \$50 to Empty Stocking Fund—Sergeant Scott President

The Saint John Police Protective Association has joined the ranks of those imbued with the true Christmas spirit of "goodwill to all" and has stepped forward with a hearty and generous gift of \$50 to The Times-Star Empty Stocking Fund in the hope of bringing a little real holiday joy to some of the unfortunate whom it was feared Santa Claus might have had to pass by. The decision to make this welcome gift was reached at a meeting of the association yesterday afternoon and evening in the central station.

Sergeant Joseph Scott was elected president with the following officers: Vice-president, Herbert Kilpatrick; treasurer, Sergeant Stephen Spinnery; recording secretary, Frank Killen; past president, Edwin Thomas.

Committees were appointed to look after winter ice sports. The reports of the officers showed the association to be in good financial condition.

CHESS TOURNEY ENDS.

MOSCOW, Dec. 9.—The international chess tournament ended today with E. Bogoljubov, of Russia, in first place, Dr. Emanuel Lasker, Germany, took second, J. R. Capablanca, Cuba, third, and F. J. Marshall, United States, fourth.

whole country," declared an alderman during the discussion of Trotter's position.

A motion by one of the members that the council should sit in camera to discuss the Trotter case, was not welcomed by the majority of the members and it was withdrawn.

While the members of the council condoned nothing in connection with the irregularities in question, they expressed a sincere relief that probably no city in the United Kingdom has been more soundly or efficiently conducted than Bradford.

Violin Strings As Cure For Lumbago

LONDON, Dec. 10.—Sufferers from lumbago have made a run on D. A. and E. violin strings in London shops of late, because the old notion that a pure Italian gut string tied loosely around the body cures the complaint has been revived.

A new catch-phrase may soon grow up among lumbago sufferers: "Have you bought your E-string?"

WORK ON SUB CHASERS.

Work started on two of the three sub chasers purchased at New York by Captain Benjamin Pine of Gloucester, and it will not be long before the craft are ready for fishing.

CHICAGO, Dec. 9.—A world's fair spread along the new 10-mile parkway waterfront here has been planned for Chicago. It will likely be held in 1937, the anniversary of the incorporation of the city.

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Drugists.

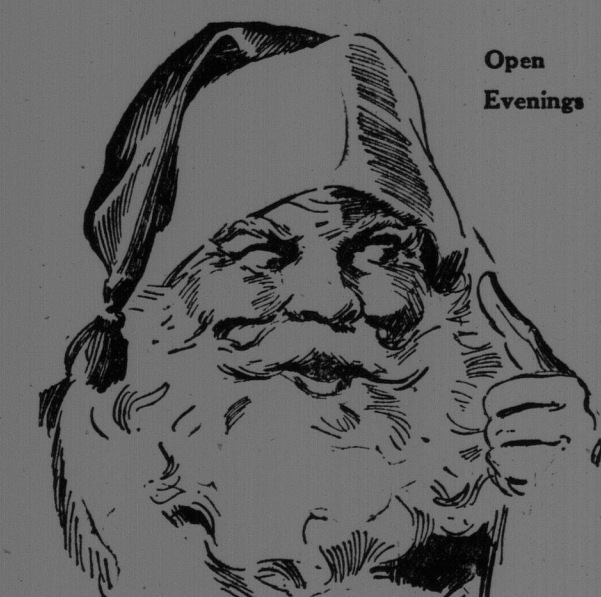

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitation, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FORTIFY YOURSELF AGAINST PNEUMONIA

The one thing to keep always in mind during the winter months is that pneumonia attacks only those who cannot fight back—those whose systems lack the power to drive off the insidious disease germs.

Many people who apparently are in good health, lack this fighting strength to resist disease. Pneumonia is really a cold that has attacked the delicate lining of the lungs.

Are you fortified, with strength, vitality and pure, rich blood, to resist pneumonia. If, at the first sign of a cold, you take Father John's Medicine, you not only get rid of the cold itself but also gain the vitality and fighting power to ward off further colds. The worst part of our winter is still to come. Build up your health and strength by taking Father John's Medicine.

CHRISTMAS SALE

Never before have such wonderful values been offered to the women of Saint John. Our entire stock is being sold at below cost price.

WINTER COATS, SUITS, DRESSES

and many other interesting articles included in this Mark Down Sale.
