## ASK ARREST OF BROKER AT SEA

Indictment Charges Isador  
Nathan With Theft of \$60,-  
000 in Cash.

New York, July 5.—The police of this city have sent broadcast a general alarm to captains of every European-bound vessel which sailed from this port within nine days to arrest Isador Nathan on a charge of grand larceny. The grand jury indicted the fugitive earlier in the day on charge of defrauding a dozen men and women stock investors and half a dozen jewelers on the lower east side out of about \$60,000 within the last two months.

Nathan, who is sixty-eight years old, lived with his wife in a \$15 a month apartment, according to District Attorney Banton, but at the beginning of the summer took a luxuriously furnished house at Far Rockaway, in which he and his wife were living when he fled.

District Attorney Banton said that, in addition to sending a complete description of the man to the commanders of all eastbound vessels, the police department had sent wireless instructions to Detective Sergeant Bernard Flood on the White Star liner Olympic, to question two men, one of whom might prove to the fugitive, and the other a former employee of the brokerage house in the financial district with whom, it was thought possible, Nathan was traveling to Germany.

Mr. Banton said that two weeks ago complaint was made to him by five women that they had entrusted money to Nathan for investment in certain stocks. They said that Nathan told them that

## GIRLS! LEMONS BLEACH FRECKLES AND WHITEN SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of the best freckle and tan bleach, and complexion whitener.

Massage this sweetly fragrant lemon lotion into the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy-white the skin becomes.

he had the "inside" of a forthcoming rise in the particular stocks. A few days later several employees of the Long Island Railroad called on Assistant District Attorney William Ryan and told him that they and other employees of the railroad had been victimized by Nathan.

The district attorney's investigators discovered that Nathan had invested more than \$50,000 in stock transactions through the firm of Hirsch, Lillenthal & Co., Broadway, but that about fifteen days ago he closed his account with the firm. It developed further that five days before he closed his account at the brokerage firm, he made a tour of wholesale jewelry establishments on the lower East Side and obtained \$7,500 worth of goods on memorandum. Assistant District Attorney Weller said that Detective Sergeant Cuniff learned that Nathan was known to some of the wholesale jewellers in the district as "Rudy the Watchmaker," and that he once was employed as a chronometer repairer in the Brooklyn Navy Yard.

## SENTENCED TO EIGHTEEN MONTHS

"King of Bootleggers" Also  
is Fined \$5,000 in Brook-  
lyn Court.

New York, July 5.—John T. Vannatta, regarded in Brooklyn as the "king of bootleggers," was convicted in the Federal Court in Brooklyn on an indictment charging conspiracy to violate the Volstead act. Judge Chatfield sentenced the defendant to eighteen months in the Federal Prison in Atlanta and to pay a fine of \$5,000. This is one of the heaviest penalties imposed in this section for a violation of the prohibition law. Vannatta's counsel gave notice of an appeal. The jury was out about four hours before arriving at a verdict.

Vannatta is alleged to have made large sums of money in bootleg operations. At the trial a sister of the defendant testified that she had deposited large sums of money in a bank and at one time had \$140,000 to her credit, given to her by her brother. Vannatta was formerly in the drug business at Bath Beach. The indictment alleged that he sold 200 cases of liquor to Alfred E. Farrell, a former bank paying teller, now serving a sentence to nine years and six months in Atlanta Prison for embezzling funds of the bank. Farrell was brought to Brooklyn and was one of the principal witnesses against the defendant.

## "Saved My Little Girl!"

Mother tells how her little Ethel's  
life was saved.

That is what one woman wrote us recently, and then she goes on to say:—"Ethel, who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. We tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing I did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely tired out. I believe that in a short time the child would have reached the child's lungs. After trying everything I could think of, I saw an advertisement for Carnol, saying that this preparation would build one up. I got a bottle from the druggist and before it was half finished my little girl had almost completely shaken off her cough. Her cheeks began to get back their old colour. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Carnol, she is looking and feeling better than she has ever felt in her life."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done any good, return the empty bottle and we will refund your money. 4-128

## CHINESE IN QUARREL; ONE SHOT, BOTH HELD

Police Make Arrest After Chase Into  
Bowery Cellar—Bullet Hits Homeless  
Man.

New York, July 5.—Visitors to Chinatown one night this week thought they were witnesses to a renewal of the old feud between rival gangs when the reports of half a dozen pistol shots rang out from the pool playing establishment on the ground floor of 17 Doyer street. Before detectives and policemen in the vicinity reached the place, a Chinese, who later said he was Bow Sing, 22 years old, of 2 Orchard street, ran into the street with a smoking pistol in his hand, and

darted into the cellar of 9 Bowery, around the corner.

Policemen Fitzpatrick and Detective Sergeants Kemp and Storchman of the Oak street station, pursued him, while other policemen entered the pool room and found Tom Lee, a Chinese, 23 years old, of 535 Oxford street, Brooklyn, on the floor with a bullet in his abdomen. They summoned an ambulance, and before its arrival Elmer Hamilton, 22 years old and homeless, reported that he had been shot in the ankle while passing the place.

Bow Sing was caught as he was trying to crawl through a coal chute to the sidewalk, and when he was brought back to Tom Lee, the latter identified him as the man who did the shooting.

## PAYS HIGH TRIBUTE TO MISS CARMICHAEL

(Halifax Echo.)

The election of Miss Caroline Carmichael of New Glasgow to the presidency of the National Council of Women is not only a well-earned personal tribute to a talented woman, it is a distinct compliment to Nova Scotia. For the first time, we believe, in the history of this organization, covering the whole dominion and embracing practically all the women's organizations in the several provinces, the honor of election to the chief executive office in the council has fallen to this province. The tribute to Miss Carmichael is all the more notable in that she was not present at the convention which elected her, as she was in Europe attending a meeting of the executive of the International Council of Women.

Miss Carmichael has long been one of the ablest leaders and most active workers in behalf of the causes for which the Council of Women stands. She has not been content with being a mere advocate; she has given to the work of the Women's Council much of her time and her personal effort. For more than twenty years she has been president of the Local Council of Women of East Pictou, and her work in that organization alone entitles her to a large measure of public commendation. In the National Council she has been for many years an outstanding figure. Her knowledge of public affairs, her administrative ability and capacity for business have marked her out for preferment. The fact that she had been chosen on two occasions to represent the women of Canada at the meetings of the International Council shows how high a position she holds in the confidence of her associates in the National organization, and her election to the presidency in an appropriate recognition of her ability and a worthy tribute to her valuable service.

Nova Scotians will join in congratulating Miss Carmichael upon the winning of this well-deserved honor and will share in the confident hope that under

her competent direction the influence of the National Council of Women will be enlarged and its usefulness greatly extended.

Governor-General at Calgary.

Calgary, July 5.—Governor General Byng attended the fair here yesterday. During the evening he was the guest of the Military Institute at dinner.
