Bathing Suits and Accessories That are Favored by Women, Misses and Children

With the present demand for practical and good looking bathing togethery, it would be very wise for those needing such things this summer to make their selections now.
The Manchester, Robertson, Allison, Limited, stores are showing a nice variety of the popular jersey bathing suits in both cotton and worsted. These are made in plain color, prettily bordered. The necks are in becoming v shape, and the suits are in one piece style with skirt effect. You can find all sizes for women and children and they are very moderately priced. Bathing caps and garters are in structural attractive styles and practical laced bathing shoes for children are also showing.

THE WORK IN CITY ROAD.

To the Editor of The Times-Star:
Sir,—I wish to call your attention to the way the contractors are back-dilling the service pipes on City road, having heard complaints about the work in walking along City road today at 11:45. I found two contractors and two other men shoveling and scraping in the back-dill and not one tamper on the work. I asked them if they had an inspector, and Mr. Ferris, one of the contractors, told me he was the inspector and asked if I job did not suit me.
Last year when the large main was laid there was no tampering done, the earth, snow and even ice were scraped in the trench with horses, and in consequence some of them have split already. I refer to Brussels street.
Commissioner Bullock has informed me that Commissioner Jones assured him that he would have the service pipes properly tampered and an inspector on the work.
As any experienced person knows, if a back-dill is not properly tampered there will be a sediment in the cut, and it will be useless to lay permanent pavements over them, and furthermore, when construction work is so expensive as it

is now, I would say that all work should be properly done, and if it is not worth doing right do not undertake it.

I may say, being a taxpayer, that I have asked Mr. Barry to put an injunction on this work in order to have it properly done.

I would also ask the citizens on the other streets to take the same interest in the different public works that are being done throughout the city in order to have it done right, as they are the taxpayers and the people who pay the bills, and should take an interest in such matters.

Thanking you, I am,

Sincerely yours,

EDWARD A. FARREN.

Commissioner Jones said this morning that the work is being done under the direction of C. G. Hare, the city engineer, following the plan approved for all streets that will be paved this year.

Qualified inspectors have been put in charge of all the work and their duty is to see that the back-dilling of the trenches is done properly and that this has been done, he says, notwithstanding whatever Mr. Farren has to say on the matter.

Yesterday afternoon, in company with Commissioner Pink of the public works department and A. S. Sewell, superintendent of the water and sewerage department, Commissioner Jones visited City road and inspected the work being done there. He said they found two trenches being filled and two workers in each trench tamping down the earth as it was filled back. Afterwards they went to Douglas avenue and found the inspectors and workmen strictly "on the job" there, as they were in City road.

"So far as I am concerned," said the commissioner, "the work is being carried on entirely satisfactorily and according to the plans and specifications laid down by the city."

The Supreme Court of the State of Maine has decided that a man who engaged room and board for two weeks at a York County hotel was justified in cancelling his contract and leaving the hotel at the end of five days because proper care was not taken to keep fire out of the dining room.

TENDER GUMS

— A WARNING

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—inflicting the joints or tonsils—causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum-dribbling has already set in, start using Forhan's and consult a dentist immediately for special treatment.

RECENT DEATHS

Abraham Hatfield.

At Hatfield Point, on June 15, very suddenly, Abraham Hatfield passed away, aged eighty-two years. He leaves his daughter, Mrs. William Findley, of Fredericton, and a daughter-in-law, Mrs. D. A. Hatfield, Hatfield Point, who cared for him in his old age. Mrs. Daggett, widow of Mark Daggett of Grand Harbor, Grand Manan, is a niece. Mr. Hatfield was a man of quiet disposition, and was esteemed and loved by all who knew him. In his early years he united with the Free Baptist church at Henderson Settlement, where his membership remained till only little more than a year since, when he transferred his membership to the First Springfield church. The burial services were conducted by his pastor, Rev. J. E. Gosline, assisted by Rev. E. J. Barras, on June 16.

Mrs. Margaret McDermott.

Mrs. Margaret J. McDermott, Calais, died on Monday, leaving three daughters and one son. Henry Regan, 182 Sydney street, a son-in-law, left for Calais to attend the funeral.

The death of Mrs. George H. Parlee took place at her home on the Mill road on Sunday morning after a short illness. Besides her husband she leaves one son, her mother, four brothers and one sister.

LIVE STOCK DECREASING.

(Bangor Commercial.)

A falling off in the numbers of cattle and hogs in the United States occurred during the first four months of this year,

as compared with the like period last year, according to reports of special livestock reporters of the bureau of crop estimates, United States department of agriculture.

In the case of hogs, the births during January, February, March and April were about 10 per cent fewer than in the same months last year. The marketings have fallen off about 15 per cent; the farm slaughter was about the same in both seasons; but the deaths on farms this year are over 40 per cent heavier than last year to May 1. Taking into consideration both the births and deaths (from all causes), it appears that there has been a relative reduction of about five per cent during the first four months of this year as compared with the trend during the first four months of last year.

The births of calves from January 1 to May 1 were about 22 per cent fewer than last year. The net disposition of cattle by marketings, farm slaughter and deaths was about nine per cent greater than last year; it appears that there has been a relative reduction of about six per cent in total number of cattle as compared with last year during the four months January 1 to May 1.

ERASMUS TO LUTHER

Old institutions cannot be rooted up in an instant. Quiet argument may do more than wholesale condemnation. Avoid all appearance of sedition. Keep cool. Do not get angry. Do not hate anybody. Do not get excited over the noise which you have made. May Christ give you the spirit, for his own glory and the world's good.—Letter to Luther, circa 1519.

LOCAL NEWS

William Taylor and George Wilkins, charged with stealing a quantity of goods from the Davis confectionery store, were sentenced yesterday afternoon to two years and four months and three years respectively in the penitentiary.

During a recent visit to Chipman Inspector Saunders reported a grocer for selling lemon extract and seized a lot of the extract. One man was arrested on charge of being drunk and having forty bottles of lemon extract in his possession, was fined \$88. Another man was fined \$8 for being drunk and \$20 for resisting arrest, but took three months in Gagetown Jail.

Before Magistrate Wilton Dalton at Renforth last night, Donaldson Hunt was fined \$5 and costs for speeding on the Rothesay road and William Titus was fined \$2 and costs for obstructing the road with his car. On Monday Thomas Hope and Hermann Hoyt were each fined \$8 and costs for speeding on the same road, all the charges being made by Constable Robert Crawford. Several more cases are pending.

In Chambers before Mr. Justice Barry yesterday afternoon, argument was finished in connection with the matter of the release from custody of William H. Sharpe and the order for his three children to be given to his care. The defendant was ordered released and was given charge of his little ones, who had been brought back from New York at

JUVENILE CRIME REMEDIES.

Some remedies for juvenile crime are suggested by M. A. Spielman, an inspector of reformatory and industrial schools in England. Among them are the following:

More thorough instruction in home management and domestic science in elementary girls' schools.

Temperance instruction in schools.

More stringent regulation of street trading.

A list towards skilled manual work for children whose capacities lie more in the direction of manipulative work. Enforced attendance of children at continuation classes.

Regulation of children at picture theatres.

More moral training in schools.

Juvenile welfare organizations to be established in all large centres.

"Some of these recommendations," says Mr. Spielman, "are, indeed, being taken seriously in hand. When they are all carried out in full measure a race of more self-reliant self-respecting and intelligent citizens would inevitably result."
