Case About Horse Defended in Court

E. Grasso was reported on a charge of driving a horse in an unit state and pleaded not guilty in court this morning. D. C. Clinch of the S. P. C. said that he had complaints about the horse and had cautioned Grasso not to use the animal.

The defendant asked Mr. Clinch if he had a veterinarian's opinion as to the horse's unfitness before he made the complaint. Mr. Clinch said he had a letter from Mr. Donovan in which the veterinarian had stated that the horse was not suffering much but that a bony substance just above the hoof on the fetlock caused a contraction of the cords so that the horse could not rest his foot flat, and had been that way for the last ten years. The case was postponed until 10:30 a. m. Wednesday.
